Subject: Meeting request for GE Vice Chairman John Rice
James – I hope all is well. I’m writing to see if it might be possible to arrange a meeting between the Secretary and GE’s Vice Chairman John Rice, when John is in DC on April 20 and 21. John oversees all our global operations – in short, he’s in charge of $20B+ of US exports/year. John’s been quite a leader in the international business community scene (chairs various WEF groups, US-Mexico CEO dialogue, US-UAE Business Council, etc.), and has worked closely with previous Commerce Secretaries. I believe Secretary Ross would enjoy meeting him – John is very thoughtful about trends in the global economy we’re seeing and international economic policy, and has some specific thoughts that he’d like to share about what a strong set of pro-export policies would look like.

I’m not sure what protocol the Secretary follows with respect to meetings – I’m happy to send a letter or speak with his scheduler – but was hoping you could steer me.

Many thanks.

Thanks Sally. Coordinate with Brooke. I think the Secretary will do the call at his office, so if two of you could staff the call at his office that would be best from my point of view. I will have to call in. Earl

Dear Tina-Maria:

I would be delighted to meet with Secretary Ross at 11:30 next Friday in his office. The main subject that I would like to discuss with him is
Middle East Power Infrastructure and Security Infrastructure and Security Initiative developed by the IP3 group (I am an informal advisor to IP3 because of my belief in the merits of the Initiative and have no economic interest in it). This Initiative has the potential to help the Trump Administration achieve a number of its objectives, including solving the Westinghouse problem, reviving the U.S. nuclear industry, stabilizing the Middle East, reducing proliferation risk, reestablishing the U.S. as the go-to provider of nuclear technology and expertise in the region as opposed to Russia and China, and creating high-quality jobs in the U.S.

In that connection, I would like to bring with me two key IP3 principals, Rear Admiral (ret.) Mike Hewitt and General (ret.) Jack Keane, to lead the briefing on the Initiative.

Time permitting, I would also like to share a few thoughts with Secretary Ross on how to enlist the tech industry in helping the folks in rural America who voted President Trump into office find good jobs in the 21st century economy and to drop off a resume of a friend who I think could help the Department in assisting small and medium-size U.S. firms to develop markets in Latin America.

We will provide your office with background materials on all three items by COB Tuesday.

With warm regards, Bill Nitze

Understood and thanks. It appears there’s going to be a shuffle due to participation issues, but it’s not yet confirmed.

Thank you.

Hi Dina,

The response from the team is as follows:

The proposed agenda and list of participants looks good to the Office of Europe.

From the ITA/GM side, we’d like to ask that participants include Dale Tasharski and David De Falco. We also think it’s important for Ron Lorentzen from E&C to participate.

What do you all think about the talking points and the list of attendees. Please advise.

Thanks, Dina

through. I have conveyed the details of the room set-up to the movers. Dave said that Monday morning would be the best time to do another walk through to make sure that all the pieces are in place. Ideally, I would do the walk through with the advance team to help make any last minute corrections. Please advise what time would work best for you.

Also, Marisel has made significant progress in securing a photographer. We should have someone confirmed tomorrow, and we will make sure that the photographer will have a system for distributing the pictures to the appropriate interns.

Lastly, we wonder if Secretary Ross would consider answering a few questions from the interns?

One possible version of the run of show could be:

1:10pm Secretary Ross enters the reading room from the side door. He is greeted by ITA intern network organizer Justin Lang and/or Lauren Barney. (1 min)

1:11-1:16 Justin/Lauren escorts Secretary Ross near the front of the stage where he greets some interns personally. (5 min)

1:16-1:19pm Justin introduces Secretary Ross. (3 min)

1:19pm-1:25pm Secretary Ross delivers brief remarks regarding his experience and offers career advice to the interns. (6 min)

1:25-1:30pm Secretary Ross answers intern questions or continues remarks. (5 min)

1:30-1:45pm Secretary Ross takes photos with interns on stage. (15 min)

1:45pm Secretary Ross departs.
We welcome any feedback you may have and we will keep you posted regarding the photographer and other important updates.

Thanks again for all your help with this event!

I apologize for not seeing your message until now. We do not have full reporting yet from all bureaus but are following up. We currently have 57 interns planning to attend, so the DOC Library would be the best choice for venue.
If it is possible to keep and confirm April 24 (and give up April 26/27), that would be great. (DOC Library is not available April 26-27.) If it is not possible to keep April 24, we will work with the DOC Library to find alternative dates and will get back to you asap. Thank you very much for all of your help.

Good afternoon, Dina! How are you? Again, thank you so much for arranging the meeting between Secretary Wilbur Ross and Ambassador Sasae earlier this month!!!

Today, Ambassador of Japan & Mrs. Kenichiro Sasae would very much like to extend a very special Cherry Blossom dinner invitation to Secretary & Mrs. Wilbur Ross. It will be a seated dinner with cocktails reception and musical performance from 6:30pm on Monday, April 24th at Japanese Ambassador’s Residence (4000 Nebraska Avenue, NW, Washington, DC 20016). Please see the attached invitation and details, and let me know if you have any questions or concerns. As you may know, we are so honored and pleased that The First Lady Mrs. Melania Trump has kindly agreed to serve as Honorary Chair for the 2017 National Cherry Blossom Festivals, and the cherry blossom organizations and communities are so very grateful for the support and kindness!!!

I would very much appreciate if you or your office could kindly get back to me on their availability. I look forward to hearing from you. Thank you so much!!!

Very best, Kiyomi

Material for the briefing book for a meeting with Jack Gerard on Tuesday, April 25th.

Thanks, Dina

Jack N. Gerard is president and CEO of the American Petroleum Institute, the national trade association that represents all aspects of America’s oil and natural gas industry.

Mr. Gerard has led API since November 2008, expanding its membership and influence in all 50 states and globally, with offices in Dubai, Singapore, Beijing, and Rio de Janeiro. API’s Washington presence is the foundation for the oil and natural gas industry’s advocacy and outreach at state, federal and global levels on public policy, standards and certification programs, and as the source for information on industry best practices. Currently, API’s mobilization program is a 35 million strong advocacy nationwide network that can mobilize supporters in all 50 states and in 435 congressional districts.

As the industry’s national trade association, API has more than 625 members. They range from the largest major oil company to the smallest of independents and represent all segments of the industry.

Mr. Gerard is recognized by numerous publications and his peers as one of Washington’s most influential advocates, including Washington Life magazine, which named him one of the city's "Power 100."

Prior to joining API, Mr. Gerard served as president and CEO of the American Chemistry Council, and earlier held the same position at the
National Mining Association. Mr. Gerard also spent close to a decade working in the U.S. Senate and House. He came to Washington in 1981, and worked for Rep. George Hansen. He also worked for Sen. James A. McClure, who chaired the U.S. Senate Energy and Natural Resources Committee.

Sen. McClure retired in 1990, and Mr. Gerard joined him in founding McClure, Gerard & Neuenschwander, Inc., a Washington, D.C.-based government relations consulting firm. Mr. Gerard served as chairman and chief executive officer and focused on issues such as international sports, telecommunications, energy and mining.

He serves on the Advisory Board and is a past chairman of the National Capital Area Council - Boy Scouts of America, is a board member and former co-chair of The George Washington University’s Graduate School of Political Management, and is chairman of the board of directors for the Congressional Coalition on Adoption Institute.

Mr. Gerard was born and grew up in Idaho. He holds a bachelor’s degree in political science and a juris doctor from George Washington University. Mr. Gerard lives in Virginia with his wife, Claudette. They have eight children, including twin boys the family adopted from Guatemala.

Hi Apollo,

I wanted to check in and see if you had been able to line up a couple of days in the upcoming weeks that would work for Secretary Ross to meet with Chairman Chaffetz. I know when we last spoke on March 23, you had been looking into getting some potential dates and times together.
Thanks,

Dear Don,
let me briefly introduce myself. I am fairly new in Berend Diekmann's team and work with Clarissa on US-related topics.
Minister Zypries received Secretary Ross' letter in which is proposes a short introductory phone call. We suggest April 26th, 10:30am EDT for a 30-minute call. Could you please check whether this works out and confirm date and time?
Best regards, Katrin van Dyken

Hi Tina,

Even though they didn’t send it to us maybe we should make a note of it on May 24th?

Dina,

Minister Zypries also requested a meeting when she’s in town on May 24th. We haven’t followed-up on that one with you all since it’s a bit far out still. (B)(5) - DPP

Hi Valerie,

Yes, we can do the call on April 26th at 10:30 AM. Let me and Tina know when it’s confirmed and the details.

I see a May 12th meeting with Chief Economic Advisor to the Chancellor, Lars-Hendrik Roller but not with Minister Zipries. Did I miss that?

Subject: 4/26? call between Secretary Ross and Minister Zypries?

Tina and Dina,

Our team received a request, below from German Ministry of Economy, requesting an introductory call to take place next week, 4/26, ideally 1030am, between Germany Minis(Sec’s German counterpart) and Sec Ross. There is also an outstanding request for a meeting with the same Minister when she’s in DC at the end of May.
Would be ideal to know ahead of time if the Secretary be able to meet in May. Please advise. Thanks.

Valerie

Given that Secretary Ross recently sent a letter to the Minister in which he indicated that he would be open to such a phone call, if the timing suggested by the Ministry doesn’t work for the Secretary, we could certainly go back and explore other times. This phone call would be a good follow-up to the Secretary’s recent meeting with BDI (Federation of German Industry) and a nice introduction ahead of a possible face to face meeting with the Minister in May (that meeting request is already with the 5th floor).

Secretary Ross is scheduled to be at the WH Wednesday for economic principals lunch from 12-1. I've copied Tina (scheduler) so we can clear 11:30 to 12. Does that work for General McMaster? They could either meet at the WH or drive back from Commerce together. Is that enough time?

Good afternoon Ms. Alexander,

I would like to request a meeting between Secretary of Commerce, Wilbur Ross, and Governor Paul LePage as soon as possible. Governor LePage would like to meet with Secretary Ross to discuss NAFTA trade agreements affecting the forest products industry and seafood industries in Maine. The Governor would like to specifically talk about his concerns with CETA and T-TIP and the negative effects it will have on Maine fisherman and dealers. I would be able to move or clear almost anything off the Governor’s schedule to arrange this meeting for any date after April 10th.

Thank you for your consideration with this meeting request.

Best Wishes and I look forward to hearing from you,

What does SWR’s schedule look like tomorrow night? Lou Dobbs would like to either pretape at 6:15PM or go live at the top of the 7:00PM hour. We could do from Commerce studio.

CNBC also wants him in studio Thursday morning in the 7:00AM or 8:00AM hour for Squawk (they will be broadcasting from DC).

Then Fox wants him on Happening Now on Thursday morning in the 11:00AM hour.

How does the schedule look for these?

All – please note change of venue for the ASEAN Ambassadors meeting scheduled for tomorrow at 10:00 a.m.

As suggested by Mr. Ross, in order to optimize the Secretary’s time, the meeting location has been moved to room #230A (the Secretary of War Suite Conference Room). This will enable him to remain on the WH grounds both pre and post and afford more time to interact with the Ambassadors.

Hi James,

I’ve just messaged the Argentine’s letting them know that the signing will take place at the end of this afternoons meeting. I’ve asked for their press POC and will connect you both once I hear back. We’re also coordinating with SBA staff, so let me know if you need to be connected to their press folks as well. We’re drafting a press statement now and will forward that ASAP.

Brooke – For the signing itself, is there a preferred run of show? I’ve taken the liberty of drafting something brief below but I defer to you on what would be best.

4:00pm SWR – Minister Cabrera meeting start Location: Secretary Office

4:20pm SBA Administrator McMahon enters room Location: Secretary Office

4:25pm SWR / Minister / Administrator sign MOU at table (photos of signing) Location: Secretary Office

4:28pm Move to reception area – photos in front country flags Location: Secretary Suite Reception

4:30pm End / Minister & Administrator depart

Please let me know if there are any questions/concerns.

All the best,

Tina,

The Secy's direct counterpart Minister Cabrera will now be in DC next week with the president and would like to meet with SWR on Thursday, April 27 morning before the presidential events at the White House (both SWR and the Minister will be at the expanded bilateral). Whether that's a breakfast or something else, they don't mind.

This is in addition to the meeting already scheduled on Wednesday, April 26 @ 9:30 between SWR and Minister Malcorra.

Please let us know if this is feasible. Thanks.

Lesley

Subject: CEO of Alcoa, Roy Harvey, meeting request with Sec. Ross

Dear Dina,

I hope you are doing well. Per Willie Gaynor’s outreach to you on my behalf, I am writing to request a meeting with Secretary Ross and Roy Harvey, the CEO of the new Alcoa Corporation.

Alcoa is a $6 billion company that recently spun off from its downstream subsidiary, now called Arconic.

Alcoa essentially invented the aluminum industry in 1888 and produces Bauxite, Alumina and Aluminum products from its manufacturing facilities in the US and across the globe.

Alcoa has thousands of employees, including hundreds of workers outside of Evansville, Indiana.

Mr. Harvey would like to discuss (b)(5) - DPP
Mr. Harvey is available on Monday, May 1st, Tuesday, May 2nd, Wednesday, May 3rd and Thursday, May 4th.

Thank you.

Roy Harvey is Chief Executive Officer of Alcoa Corporation, a globally-competitive industry leader in bauxite, alumina, aluminum, and aluminum rolled products with 16,000 employees in 10 countries. Roy is also a Director of Alcoa Corporation.

From October 2015 until the separation of Alcoa Inc. into two independent, publicly-traded companies, he was Executive Vice President and President of Alcoa’s Global Primary Products (GPP) business.

From June 2014 to October 2015, Roy was Executive Vice President, Human Resources, Environment, Health & Safety and Sustainability. As part of this role, he oversaw the Alcoa Foundation, one of the largest corporate foundations in the U.S.

Roy has held a variety of operating and financial assignments across the U.S., Europe and Latin America during his Alcoa career. He was Chief Operating Officer for GPP, where he focused on the day-to-day operations of Alcoa's mining, refining, smelting, castings and energy businesses. Prior to this role, he served as Chief Financial Officer, GPP.
Earlier, he served as Director of Investor Relations, and before this role was Director of Corporate Treasury.

Roy joined Alcoa in 2002 as a business analyst for GPP in Knoxville, Tennessee. While there, he worked with the global casthouse system to develop performance measurement systems and drive casthouse profitability. He later moved to Brazil as casthouse manager in the São Luís smelter and then as the plant controller. In 2007, he became plant manager for the San Ciprián smelter in Spain, and a year later he was named Director of Finance and Business Integration for GPP Europe.

Before coming to Alcoa, Roy was Corporate Manager of Environmental Affairs at Greenstone Resources Ltd., a gold mining company based in Central America.

Roy graduated with honors from The Wharton School of Business, University of Pennsylvania, simultaneously earning master’s degrees in International Business and Corporate Finance as a fellow of the Lauder Institute International MBA program, and holds a bachelor’s degree in Mining Engineering from Columbia University. In 2008, Roy was named to the prestigious Young Global Leaders Program of the World Economic Forum.

Subject: Need advice regarding a request asap: Minister of Energy from Saudi

Khalid A. Al-Falih is Minister of Energy, Industry and Mineral Resources of Saudi Arabia and chairman of Saudi Aramco. His office called to schedule a time for him to fly in to meet with SWLR regarding POTUS trip to Saudi.

Aramco: Saudi Arabia’s state-owned oil company is the biggest in the world. It’s...
being prepared for a mammoth stock market listing to raise money to help reduce the kingdom's addiction to oil.

A small portion of Saudi Aramco will be listed as early as 2017, and the shares could trade on up to four markets: New York, London, Hong Kong and Saudi Arabia's capital Riyadh.

Here's what you need to know about this oil behemoth before the IPO comes around:

$2 trillion

Deputy crown prince Mohammed bin Salman, who is pushing economic reform, estimates that the IPO will value the Saudi Arabian Oil Company -- Aramco for short -- at more than $2 trillion.

That would make it about four times the size of Apple (AAPL) and over five times the size of ExxonMobil (XOM), the West’s biggest oil producer by market value.

But just how much Aramco is worth is hotly debated. Per Magnus Nysveen, a senior partner at Rystad Energy, believes that oil would have to be trading at $70 a barrel -- not $45 -- to support the prince’s estimate.

Robin Mills, founder and CEO at Qamar Energy, estimates the company is worth much less -- between $250 billion to $400 billion -- because it pays a huge amount of tax and faces a declining market in the long run.

Barbara and Tina-Marie: Thanks. I know everyone is trying to juggle things so I want to make sure we are all on the same page. The meeting on May 8 below assigned to NTIA is supposed to be (b)(5) DPP Can we change the subject line on the scheduler so as to not confuse folks? We will provide read-ahead materials by cob Thursday.
Also, we have requested an additional 15 minutes be added to the meeting as it will be challenging to cover the material in a half-hour.

Thanks again. Let me know if you have any questions.

If you have final confirmation from your scheduler that’s good too –

Probably Dan Burgess from our side – checking with Klobuchar.

Blunt will want to park there that morning. Klobuchar will likely have a driver.

At least for now, I’ll need names of staff accompanying. I have the issues from Sean, but if there is more to share the better. Thank you

| Show Time As Busy | In terms of visuals, the event will take place at the Signature Aviation hangar at DCA. The speakers for the media briefing portion at 10am (to include Secretary Ross; Acting NOAA Administrator Ben Friedman; National Hurricane Center Director Rick Knabb; and (invited) Acting
FEMA Administrator Robert Fenton) will be on a stage with chairs and a podium with one of NOAA’s hurricane aircraft as the backdrop (similar to the photo below during a previous NOAA event at DCA).

Following the media briefing, there will be a VIP tour (with media tag along) of the NOAA and USAF aircraft on site. Members of Congress will be invited as part of the VIP tour, but I defer to Legislative Affairs for that aspect.

I’m happy to further discuss the plans for this event and listen to the additional needs you may have...

Thanks...

Greetings Hunter -

Below are some details regarding the 2017 Hurricane Awareness Tour:

NOAA’s hurricane experts and hurricane hunter aircraft travel to select U.S cities each year in May before the start of the Atlantic Hurricane Season. The 2017 Hurricane Awareness Tour will include five locations in the U.S. and one location in Canada. At each location, NOAA’s National Weather Service and partner agencies teach visitors about weather safety and preparedness. Tour attendees have the opportunity to visit the hurricane hunter aircraft and meet the pilots. This event is widely attended by the public and generates media interest.

The Ronald Reagan Washington National Airport tour stop on Tuesday, May 9 is expected to attract considerable public and media attention. The Airport is easily accessible via Metro to a large number of DC residents and commuters, including Federal employees and members of Congress. In addition, the DC stop is the only location to feature all four hurricane hunter aircraft.

This event will provide Secretary Ross an excellent opportunity to interact with NOAA employees involved in the tour, learn more about NOAA’s role in hurricane forecasting and research, and take the lead in emphasizing the importance of hurricane preparedness to a wide audience both in attendance and via media. A press conference is planned for 10:00 a.m. on May 9, at the Ronald Reagan Washington National Airport tour stop. The Secretary could open the press conference with brief remarks of five to ten minutes. Additionally, a VIP tour of the aircraft can be scheduled just after the press conference.

I do not have a specific list of attendees yet, other than the VVIP’s listed to speak in the agenda. A local media advisory will be issued by NOAA in late April, so I expect more information regarding the attendance of members of Congress around that time.
I have attached a PowerPoint slide that contains the overall schedule for the DC event. Of particular importance for planning the Secretary's attendance:
* 10:00-10:30 am: Press Briefing
* 3 to 4 minutes per speaker
* In addition to the Secretary, speakers include: James Lee (Meteorologist-in-Charge, NWS Weather Forecast Office Sterling VA), Ben Friedman (Acting Administrator, NOAA), Dr. Rick Knabb (Director, National Hurricane Center, and Robert Fenton (Acting Director, FEMA)
* 10:30-11:00 am: VIP and Media Tours of Aircraft
* 11:00 am: Student Tours Begin

Please let me know if you have any insights, questions, or concerns.

Best, Wendy

Hi Dina –

I have attached a letter formally requesting a meeting with Secretary Ross and members of PhRMA’s board of directors. We are hoping to schedule a meeting May 8 or 9. See below the text of the attached letter.

Dear Secretary Ross,

On behalf of the Pharmaceutical Research and Manufacturers of America (PhRMA) and its member organizations, I would like to request a meeting with members of our Board of Directors and you to well as the role our industry plays and will continue to play in generating high-quality American jobs, driving economic output, and powering exports for the U.S. economy.

We would ask you to consider a meeting on Monday, May 8 or the afternoon of Tuesday, May 9. The afternoon of Monday, May 8 would be ideal if your schedule permits.

In attendance representing the biopharmaceutical industry would be Steve Ubl, President and CEO of PhRMA; Ken Frazier, Chairman and CEO of Merck; Joaquin Duato, Chairman, Worldwide Pharmaceuticals at Johnson & Johnson; Bob Bradway, CEO of Amgen; Ian Read, Chairmand and CEO of Pfizer; Bob Hugin, Executive Chairman at Celgene; and Jim Robinson, President, Americas Operations of Astellas.

Thank you for your consideration of this request.

Hi Dina,

How are you? I hope all is well. Are you traveling with the Secretary? I know he is incredibly busy and traveling around the globe, but our CEO, Lisa Su, would like to reschedule the meeting with Secretary Ross sooner rather than later. She’s happy to schedule her travel to DC around his schedule if at all possible, so if you could let me know his next few dates/times to meet with her, I’d be grateful.

Thank you,

Hi Dina,

I hope you survived last week and got a bit of a weekend!
Dr. Su has been looking over her calendar for opportunities to return to DC to meet Secretary Ross. She can be in DC on June 7 or June 22, if either of those dates might work for Secretary Ross. I know June seems far ahead, but if you already know, for instance, that he will be out of town one of those dates, I will not have her hold it on her calendar. She is eager to meet him and just wants to plan ahead as best as possible as she does a fair amount of global travel. What are your thoughts on those dates as possibilities for a meeting?

Thank you,

Amy

Hello Dina,

Thank you for your time on the phone today and your note below. I have heard back from Dr. Su’s scheduler, and she indicated that we can set the meeting for 4p.m. Can you please send me the address and office location? Will you be joining the meeting? It would be nice to thank you in person. If/when you know, I would also appreciate your letting me know if others from the department might join in the meeting.

Also, possibly of interest to Secretary Ross—Dr. Su was just named to Fortune’s Top Fifty of the World’s Greatest Leaders:

However, I have not heard back from her further, and I need to know the location/address. Might you be able to put us in touch via email or let me know the location for the meeting? We are very much looking forward to the meeting and appreciate your assistance!

Dear Ms. Beaumont,

My colleague Susan Moore and I had the pleasure of meeting and hearing from Secretary Wilbur Ross last week at the Semiconductor Industry Association board meeting. After that meeting, we mentioned to Secretary Ross that our CEO, Dr. Lisa Su, will be in D.C. the afternoon of April 3 and our hope that he might be able to meet with her. Accordingly, attached please find our formal letter request, a biography of Dr. Lisa Su, and further background information for the meeting.

Tina,

Here's a list with bios for all of the attendees at our meeting with Secretary Ross next Tuesday, May 9 at 5pm. There are 18 people. I guess that means we'll need 2 escorts. I hope this works for you.

Apart from assembling at door 10 beginning at 4:45pm, is there anything else we should do to make sure our entry goes smoothly? I have your desk number (202.482.5348).

In the event you need to contact us, my cell is . I will be accompanying the “plus 1’s.” My colleague David Thomas (Global’s Federal Affairs Director) will be traveling with the principals on the attached list, who will be coming from a prior meeting at the EEOB. His cell is .
Please let me know if you have any questions – also, if you happen to have a map of the building that shows exactly where door 10 might be, I’d be grateful.

Thanks for all of your help!

Tina,
Good morning!

I just wanted to check in with you to see if the schedule we discussed last night still works (5:30pm on May 9 for 30 minutes). I think at one point you said you wanted to check with Dina....

Also, I know you said we should arrive at the 15th Street entrance – that’s the one nearest Constitution Avenue (near the corner of the building), right?

Thank you!

Just let me know. Should be fine and we will do it in the large conference room so 14 plus SWR and 2 staffers perhaps on our side will be fine. I just need all the names (and bios) if possible, the Friday before. We have to clear everyone into the building and they have to be escorted. More than 10 people, we need more than 1 escort. 1:10 ratio for us in the building.

Tina,

One final thing: John wanted me to confirm that the companies could bring a plus one if they so desired. We have a relatively small, 7 person Board, so this shouldn’t add too many more people to the mix.

Thanks – you’re the best,

Paul D. Ryan

Hi Tina. I have copied Sam. Sam will greet the Secretary as he enters the hotel and will walk him down the escalator where me and our association president, Steve Pasierb, will greet Secretary Ross and lead him into the Tiber Creek meeting room. Is that all ok? Thanks very much.

Hi Peter. Our industry fly-in is May 9-10, and attached is a letter we sent about two weeks ago to the attention of Jennifer Andberg, the Deputy Director of the Office of Business Liaison. Copies were also sent to a few DOC and USTR officials we have worked with...Ken Hyatt, Jim Rice, and Jamie Ferman. The letter includes our preferred times but we will be as flexible as we can be if a meeting is possible. We can obviously provide more information about our association, members, attendees at the meeting, and issues to be discussed. My office direct line is (b)(6) and my cell is (b)(6) if I can answer any questions. Thanks very much, Peter, and have a good day.

Newseum – Knight Conference Center - 7th Floor
Participants: 150 – 200 DHL Sr. Executives, customer vendors, Airline industry partner
Note: 15 – 20 minute remarks with Q&A (State of US economy and his leadership role in Trade and the modernization of NAFTA)

DHL Public Policy Forum next Thursday, May 11 at 8:00 am as our opening Keynote. I wanted to follow up with a few logistical items. First, please find attached both the updated overall agenda and a registration list, as well as a “Know Before You Go” email that was sent to all registrants with basic logistics information.

Second, as you know, the venue is the Newseum Knight Conference Center (555 Pennsylvania Avenue, NW). Please enter at the Freedom Forum Entrance located on 6th St. between Pennsylvania Avenue and C St, NW, next to Wolfgang Puck’s The Source. There is no off-street parking space or easily accessible garage, so the Secretary should plan to be dropped off out front at the 6th Street Entrance. He will be greeted by Bruce Marsh (NOTE: not Bruce Harsh), who will escort the Secretary upstairs to the meeting room. In case of any issues, please use Bruce as your primary contact that day. Alternatively, you can contact Jon in our office.

Please also send us the name, email, and cell for whomever will be escorting the Secretary in case there are any changes that day.

Lastly, if the Secretary comes a few minutes early, I would love to personally introduce him to our three DHL divisional CEOs attending the Forum as well as some other key attendees, including Atlas Air CEO Bill Flynn.

Thank you again for all your help and best regards,

-Roger

Dina,

My apologies for the delay in getting back to you. Our two executives have been hard to pin down. The only date that we can propose with confidence right now is May 11th. Would that be possible?

I am going to be out of the country next week so I am connecting you with Edna Gaia, Mike Ducker’s administrative assistant. If there is no way to make the 11th work, she can work directly with you to try to find a date that does.

Appreciate your patience and understanding,

Thanks very much,

The dates that we have available are:

April 27, May 1 or May 4

May 1st is our preference and anything between 11:00 and 3:00 is easiest for travel, but of course we can work with the Secretary's schedule.

Mike has invited the CEO of FedEx Express, our largest operating company, to join the meeting.

Let me know if any of these days are doable.

Thanks much

Dina,

Just circling back on this to make sure you received the note below.

Thanks
Dina,

Jodi Bond with the US Chamber of Commerce asked me to send you some possible dates for a meeting between Secretary Ross and Mike Ducker, CEO of FedEx Freight and Co-Chair of the US-Mexico CEO Dialogue.

Mr. Ducker is going to be in Washington on April 3-4th. He is delivering testimony to Congress on the afternoon of the 4th, so he could meet with the Secretary in the afternoon of April 3rd or the morning of April 4th.

If neither of those times is available he could come to DC on March 31st or April 7th. Mr. Ducker would be accompanied by me and/or David Short and possibly Myron Brilliant from the U.S. Chamber of Commerce.

Please let me know if any of these dates work. Thank you very much and I look forward to hearing from you.

Ralph Carter

Dear James,

It was a pleasure to meet you last night. The Secretary was very kind to introduce us. He made a very important statement on the administration views on trade, certainly as I mentioned, we will spread the word.

We have the first ever meeting of the US-Colombia Business Council next Thursday May 18th in Washington DC. It is hosted at the Mayflower Hotel by Tom Donehue the Chairman of the US Chamber of Commerce. The Chairwoman of the new council is Vicky Hollub, CEO of Occidental Petroleum. Around 21 CEOs and senior leaders from US largest corporates are members, and the 20 top business leaders of Colombia. President Santos will be at 8:30 am at the opening.

We hope the Secretary can lead this meeting together with President Santos.

Subject: Accenture CEO meeting and Enterprise Services

Dina and Tina,

I noticed on the future meetings list a tentative meeting with the CEO of Accenture for the morning of April 24. A large part of our Enterprise Services work is based on a ground-breaking contract with Accenture and we are also working with them.  

I will get paper to the Secretary on this angle of ES before he leaves for Japan, but I just wanted to let you know as well.

I was wondering whether it made sense for me to sit in on at least part of the meeting as well.

Thanks,

Ellen

Dear Mr Ross,

We met during the visit of Chancellor Merkel last month.

As our leaders discussed, I wanted to see if we could have a meeting to discuss trade and other economic issues. I will be in DC on May 12th and was wondering whether you would be available for a meeting that day? I am still very flexible in terms of timing.

Kind regards

Hendrik.

Tina

Former Congressman Jim Greenwood (R/PA), who is currently the President and CEO of BIO, is looking to have a call or meeting with Secretary Ross regarding the dialogue around the 100 day plan with the Chinese. Specifically he is interested in discussing Chinese agricultural biotech approvals. Do you think this would be possible? There is no timetable on this end knowing how busy you are but the sooner the better.

Unfortunately May 8th and May 12th doesn't work for Secretary Guajardo. Could we go back and explore some options on May 15th or May 16th?

Thanks a lot!

Hi Tina - there has been a change on the dates and Secretary Guajardo prefers to meet on May 12th (ideally) or May 8th.

Thank you once more for your help in this matter.

Dear Wendy:

Greetings. I lead a group of high tech CEOs who hope to meet with the Secretary when they are here in Washington March 15th (pm) & 16th (am). A veteran of the Commerce Department myself – Asst. Secretary for Technology Policy – Ted Kassinger (cc’ed) knows me well. We hope the Secretary can meet with them for 30-45 minutes, please.

The Technology CEO Council (TCC) CEOs are familiar to the Secretary and include Ginni Rometty (IBM), Michael Dell (Dell), Brian Krzanich (Intel), Steve Mollenkopf (Qualcomm), Tom Leighton (Akamai), Mark Durcan (Micron) & Jeff Jacobson (Xerox). Ginni, Tom & Mark will be here on 3/15-16 for sure, with others possibly joining these 3 (locking down calendars now).

TCC focuses on ways technology can advance U.S. economic growth & innovation leadership, with a deep interest in Commerce Dept. issues including trade, tax and technology. TCC wrote the report on making government more efficient that IBM’s Ginni Rometty shared with President Trump & VP Pence in New York, and these CEOs are nearly finished with new ideas for increasing lackluster productivity growth. The TCC met multiple times with President Obama and his team, and with Presidents Bush & Clinton before that, collaborating on ideas & initiatives.

Our CEOs could meet with the Secretary any time from breakfast through noon on the 16th... or 5pm on the 15th if that’s better for the
Secretary, with the only outstanding question mark being the VP’s calendar (his team is looking for a meeting time in the same windows).

Thank you very much for letting me know if this is of interest and possible. And good luck to the Boss today!!

Sure.

In general, we are looking for any materials that a company may have provided during your communications with them to set up the meeting. This includes the topics/issues, any background that they provide, meeting participants and bios. Sometimes this information is already provided in the request/invite that you have circulated for input. However, I know that you have also asked the companies to provide additional information when arranging the meeting. In an effort to ensure that there are not multiple offices/people asking for this information, I always check with you first to see if you have received anything.

For each meeting, offices in the Department put together briefing materials for the Secretary prior to his meeting.

For most of the CEO or business related meetings, the Office of Business Liaison will prepare a draft with the information provided by the companies (topics/bios, background papers, etc). We then coordinate with the various bureaus (ITA, NTIA, BIS, etc) to see if they have additional input for the papers. This input can include work that they have done with a company, or additional specific background on the topics (especially if there are particular things that the Department is doing that impacts this issue) a company is coming into discuss.

All of this is done to ensure that the Secretary has the information that he needs in the meeting with the company.

ITA does the same thing for Minister meetings.

I have attached a few examples for your reference.
Tell me Jennifer, so I understand, what information are you looking for and what do you do with it? You have never really shown me what you do with the information and what you present for the briefing book.

Can you share that?

Thanks, Dina

Hi Samantha,

I hope this finds you well. Ms. Kaptur and Secretary Ross spoke several times over the last few weeks about this issue and specifically the US Steel factory in Lorain, Ohio.

Our scheduler, Courtney Hruska, is trying to set up a follow up call. It sounds like Mr. Ross’ scheduler is in flux and Courtney is having trouble nailing down a new POC.

Can you put us in contact with someone who can assist in setting up this call?

Thank you,

Jenny

Hello,

Hello,

Please see below a letter from the Executive Director of the Rail Security Alliance, Stephanie Silverman. A formal letter is also attached.

Dear Secretary Ross,

On May 16th, the leaders of the nation’s leading rail manufacturers will be in town to discuss the economic and security concerns presented by the growing presence of Chinese state-owned enterprise in the United States in critical infrastructure sectors like rail. These individuals, who form the Executive Board of the Rail Security Alliance, include:

* Stephen Smith, President and Chief Executive Office of Amsted Industries;

Stephen Menzies, Senior Vice President of Trinity Industries and Group President of TrinityRail;

* John Wories, President of Amsted Rail

As you are no doubt aware, Chinese investment by government-owned firms in the U.S. continues to grow exponentially and strategically, raising serious questions about growing risks posed to U.S. national and economic security interests. The leaders of RSA hope to be able to discuss this matter with you and share some information relevant to the Department’s policy agenda and priorities.

While we recognize the many demands in your calendar, we hope you will be able to accommodate this meeting – at a time convenient to
you on the 16th – in light of the very serious implication of China SOE activity in the U.S. rail sector. We will follow up with your office to determine whether or not this meeting can be arranged, and we thank you in advance for considering our meeting request.

Respectfully yours,

Stephanie Silverman

Ms. Alexander,

On behalf of my boss, Rick Pasco, the president of the Sweetener Users Association (SUA), I would like to request a brief meeting with Commerce Secretary Wilbur Ross to discuss the renegotiation of the suspension agreements concerning sugar imports from Mexico. SUA’s members are the companies that use sugar and caloric sweeteners to make foods and beverages in the U.S.

Depending on Secretary Ross’s availability, Mr. Pasco would like to meet with him this week (May 4 – 5) or the week of May 15th – 19th. Please let me know what date and time would work best for Secretary Ross.

Thanks for your consideration and time.

Subject: Possible Meeting With The Secretary on 16 or 17 May

Please excuse this inconvenience and allow me to request a meeting on either 16 or 17 May between the Secretary and the Executive Vice President (no. 2) of the Mizuho Financial Group, Akira Sugano.

I had the pleasure of meeting the Secretary during the Transition and mutual friends, Dave Bossie and others suggested I contact the Secretary.

By way of background, I headed Coalitions Development nationally during the Trump Primaries and the General Election and I worked closely, inter alia, with Dave Bossie, Rick Dearborn, John Mashburn, Jason Greenblatt and many others. After the win, I was the head of the FAA Landing Team and Deputy for Policy to Ado Machida. After the Transition, I returned to my “day job”.

The “day job” is the CEO of Global USA, a 35 year old consulting firm in Washington focused on compliance with US international trade regulations, international trade policy and assisting several financial services institutions with compliance with certain regulations, including aspects of the Dodd-Frank Act (DFA) and Sarbanes-Oxley. Earlier I was an Assistant Secretary at Commerce for Trade Administration (Reagan Administration), a VP at IBM and nine years with the US Navy. I also served in a senior campaign position for all of the Republican nominees’ campaigns for President since 1979.

A close friend of mine, Akira Sugano, Executive VP of the Mizuho Financial Group (MFG) (MFG is among the top 10 financial institutions in the world) will be in Washington DC again 16-17 May 2017 to meet with certain officials to discuss, inter alia, Mizuho’s lead financing position that will finance Mas Son’s (Son is the Chairman of Softbank in Japan, Sprint and Yahoo Japan as well as a major investor in Alibaba) promise to President Trump to invest US$100 Billion in the US to create new technology jobs. Son met personally with the President shortly after the election. Mr. Sugano will also meet with US government officials and Members of Congress to better understand the Trump Administration’s overall international trade policies. In addition, Mr. Sugano will describe their US expansion plans.

In this context, Mr. Sugano would welcome a short meeting with the Secretary on either 16 or 17 May.
Neither Mr. Sugano nor I will advocate for anything and neither my firm nor I have any financial ties/contracts with MFG or any of its affiliates. Further, we are not in the lobbying business or general representation of either US or foreign firms. Mr. Sugano is interested primarily in the Secretary’s views on international trade and the Trump Administration’s focus on American jobs.

Apologies for this lengthy email but just wanted to be clear about our relationship with MFG.

Thank you and please advise.

Best regards.

Dear Dina, Our Chairman and CEO Mark Sutton will be in Washington on May 17th. He would very much like to meet with Secretary Ross that afternoon if the Secretary is available. He has time between 2pm and 5pm. This would be primarily a courtesy meeting but would also like to brief the Secretary on our business operations – domestic and global – as well as discuss IP’s priority issues related to tax reform and regulatory reform. Mr. Sutton has been an active participant in Manufacturing Jobs Initiative Committee and is currently serving as the Chairman of the U.S. Russia Business Council. He has also served on the U.S.- Brazil CEO Forum.

I appreciate your consideration and hope we can get a meeting scheduled. Best, Mary

Subject: RE: Sec asks to meet with Pres Santos 850am on Thursday
Hi all,

One small update, the Colombians were able to confirm an earlier arrival for President Santos. They continue to ask for a 9:25 departure, however. Here is their current proposal:

8:45am President Santos arrives to Mayflower and is hosted by Mr. Brilliant (U.S Chamber) to the East Room to wait for Secretary Ross

8:50am Sec Ross arrives to Mayflower and is hosted by Mr. Brilliant to the room where he will have the private meeting with President Santos

8:55am President Santos and Secretary Ross ends their private meeting and move to the Room where the summit is being held.

8:57am Mr. Brilliant welcomes Secretary Ross and invites him to give his remarks

9:07am Mr. Macmaster (ANDI Colombia) welcomes President Santos and invites him to give his remarks

9:17am Mr. Brilliant thanks Secretary Ross and President Santos for their remarks, and invite them for a photo with the members of the Business Council.

9:25am Meeting Adjourn

Again, both the Chamber and the Embassy will do what it take to accommodate the Secretary, so if this is absolutely not an option, they will compress the schedule to accommodate him. But literally as many mintues as they can possibly get, they will take!

Regards,

Laura Krishnan

Dear Tina,

I would like to ask you if we can schedule Secretary Ross participation at the US Colombia Business summit from 9:10 to 10:10am? In this hour we were hoping to have a brief introduction by the US Chamber, 10 to 15 minutes remarks from Secretary Ross, followed by 10 to 15 minutes remarks from President Santos, a brief intervention of the two chairs of the Business Council (15 minutes) and a picture.

Please let me know,

Best wishes

Dear Mr. Rockas,

I am really glad that you had the chance to meet with the Colombian Ambassador Juan Carlos Pinzón. He was delighted to meet you and to talk very briefly with Secretary Ross.

As the Ambassador mentions below it will be a real honor for the Colombian government and for the US-Colombia Business Council (USCBC) to count with the presence of Secretary Ross in the opening of the USCBC summit this coming May the 18th along with President Santos at 9:15 am, at the May Flower.

I am attaching the letter of invitation we sent to Secretary Ross. Also I would like you to know that our commercial office has been in contact with Laura Krishnan at the DOC regarding this invitation.

Please don't hesitate to contact me if you need additional information.

Best wishes,
Dear James,

It was a pleasure to meet you last night. The Secretary was very kind to introduce us. He made a very important statement on the administration views on trade, certainly as I mentioned, we will spread the word.

We have the first ever meeting of the US-Colombia Business Council next Thursday May 18th in Washington DC. It is hosted at the Mayflower Hotel by Tom Donehue the Chairman of the US Chamber of Commerce. The Chairwoman of the new council is Vicky Hollub, CEO of Occidental Petroleum. Around 21 CEOs and senior leaders from US largest corporates are members, and the 20 top business leaders of Colombia. President Santos will be at 8:30 am at the opening.

We hope the Secretary can lead this meeting together with President Santos.

I am CC my embassy staff and the Senior VP of the US Chamber.

Best regards,

Anyway, President Trump and the Commerce department is doing a GREAT job in setting up the stage for an explosive GDP growth.

Republican Hindu Coalition and I can make a significant contribution towards that as Speaker has written to you.

India Inc. is ready to invest in billions in US and also increase its American imports by $100 billion per year under the new Modi trade policy.

Hey Aaron,  

Forgot to send this to you instead of Eric. What do you think about the possibility of doing this one?

Sorry missed you on original salvo.

Hi Eric,

The Kentucky team has changed date the Governor will be in town – it will now be May 18th.

-Doug

Hi Eric,
Gov. Bevin has expressed an interest in sitting down with senior Administration officials to discuss the Appalachian Sky Initiative. Governor Bevin will be in DC May 18th – is it possible to set up a meeting with Secretary Ross and some of your team?

Note that the KY team has talked with Dir. Mulvaney about the Appalachian Sky Initiative and some perspective is shared below and further perspective is included in attached information.

Sincerely,

Doug

Notes from Gov. Bevin’s Team:

From Chief of Staff Blake Brickman:

Please circulate this video and story describing the announcement made this week for a $1.3 billion investment that creates 500+ permanent jobs at $70k in the App Sky region (more than 2x median income in area).

They will produce stronger and lighter aluminum than anything on the market. The technology was developed by top scientists at MIT. They have already met with DOD officials and aerospace companies that may locate in the region. Huge potential.

This announcement has already garnered much attention nationally and in the region.

Appalachian Sky could be a huge win for the Trump Administration and America. It would bolster the region's efforts to attract more companies.

Governor Bevin is willing and able to meet with appropriate people at the White House asap. Please advise.

Thank you,

Blake

Subject: App Sky Announcement Update

Doug,

As you saw in our earlier summary, there are two aviation related companies that want to set up shop in Eastern Kentucky, Thoroughbred in Martin County is a definite. The other, Advanced Tactics, is still pending. This is exciting news but we also wanted to let you know that our economic development cabinet is recruiting a large metalworking company as well. One site this company is strongly considering is Greenup County in Eastern Kentucky. This company currently focuses on automotive parts but wishes to expand into aviation. They are aware of the Appalachian Sky initiative and are very interested in being a part of it. Their proposed facility would be large,
requiring 1000 construction workers to build and employing 500 people. I am told they will make their final decision as to location very soon.

In addition, as our earlier summary described, the Haas Company has invested 1.5 million dollars in the Paintsville, Kentucky Training Center. Several miners have now graduated from that curriculum, each of which got a high paying job afterward. Haas is a billion dollar International Corporation and has both NASCAR and Formula 1 teams. Bottom line, we have smaller companies that are entrepreneurial as well as larger companies that can be a part of this announcement. Ceremonies could be held in more than one location to include newly developed industrial sites, the training center, as well as the infamous Martin County porch where LBJ was once photographed.

Of course we defer to your team as to how best to craft the announcement, just wanted to make sure you were aware of the variety of new employers, training center partners, and prospective companies.

Hunter,

The list of attendees you have remains the most recent.

I will see if they want the parking spot and will provide the relevant car information if they do.

Attached is the Foreign National Visitor information for Ambassador Galvão, the only attendee visiting from Brazil. The Brazilian Embassy did not send Dina the information for the three Embassy personnel accompanying him because it is my understanding that we typically don’t need to collect this information for diplomats that reside in the U.S. So to clarify, are you asking that I collect the attached information for the 3 diplomats currently residing in the U.S. also?

Dear Hunter, Jon,

ITA front office recommended I contact you to discuss the security and logistics around Secretary Ross’s upcoming meeting with the Brazilian Ambassador on May 18 from 2:30-3:15pm.

ExecSec has the security information for the one Brazilian non-diplomatic national who will be joining the meeting. Did you need that information as well?

Please let me know how the logistics will work regarding who will meet the delegation at the Secretary’s entrance, escort them up and provide them access to the Secretary’s area. If there is something I need to do to support, please let me know.

Hi Tina-Maria,
I work for Gerdau Long Steel North America, the nation’s fourth largest steel producer. The company directly employs more than 8,500 people across the U.S., with operations in 29 states.

Gerdau’s president Peter Campo is going to be in DC next month, and I was hoping Secretary Ross might be available for a brief meeting. Does the Secretary possibly have any availability on the morning of Friday, May 19th?

Here is a link to Mr. Campo’s bio:

Hello,

Sending this to Dina and ExecSec.

Dina,

We are asking if we know for sure that Sec Ross can make the E-Awards ceremony in DOC, ideally May 22, but if another date works better please advise. As noted below, there will be about 100 people traveling in for this.

ExecSec,

We are asking if the proposal was sent to the White House for the President to consider and if a response has been received. I have not reached out to Earl or Eric however perhaps they know more as well. Thank you.

Subject: E Awards confirmation

Good Afternoon,

Hate to be a pest...but we need to get confirmation of the date for the E Awards ceremony and the Secretary’s/President’s participation.

The date I’ve selected is May 22, the first day of World Trade Week,
but of course we will be flexible. The recipients will have about 100 people traveling for the ceremony, and as they are busy trade professionals with frequent international travel, need at least 30 days to make arrangements. Plus we have to confirm a date with the caterers and photographer, although May 22 is what we set tentatively.

Can you inquire with staff if a decision has been made?

Thanks,

Subject: Intel CEO meeting request
Hi Dina —
I checked with Brian Krzanich’s office. He sent a letter to the Secretary and his assistant followed up with Tina-Marie Henry.

The gist of the meeting request comes from the Secretary’s comments during his Senate hearing about the semiconductor industry and China’s industrial policies and now his position to look at export controls and Chinese companies seeking to acquire US intellectual property.

We’d like to discuss this situation with Secretary Ross, if possible during Brian’s next trip to DC on May 22.

Thank you so much for looking into this.

Best, Lisa

Mike Bless, CEO of Century Aluminum (who attended the signing of the 232 memo by the President), was hoping to meet with the Secretary to discuss issues in the aluminum sector.

There is a lot of flexibility, but were hoping for a meeting sometime in the near future. The dates of May 16, 17, 19, 22, 23 or 25 are all possible (understanding how busy the Secretary is).

Can you let me know whether a meeting can be scheduled?

BRIEFING MEMORANDUM FOR THE SECRETARY

FROM: Daniel O. Hill, Acting Under Secretary for Industry and Security

EVENT: Public Hearing, Section 232 Steel Investigation

DATE: Wednesday, May 24, 2017 10:00 -11:30 am

CONTEXT & PURPOSE

* You will open and preside over the first 90 minutes of the public hearing on the Department of Commerce’s investigation of the effects of steel imports on U.S. national security.

Summary:

* On April 19, you initiated an investigation of the effects on steel imports on U.S. national security pursuant to Section 232 of the Trade Expansion Act of 1962.

* On April 20, the President directed you to conduct the investigation expeditiously and submit your report to him.

* There will be 37 speakers testifying at the hearing, which will run until about 2:30 pm.

* The public comment period closes on May 31.
Background:

* Core industries such as steel (including specialty steel unique to defense applications), are critical elements of our manufacturing and defense industrial bases, which we must defend against unfair trade practices and other abuses. In the case of steel, both the United States and global markets for steel products are distorted by large volumes of excess capacity—much of which results from foreign government subsidies and other unfair practices.

* Neither antidumping and countervailing duty orders nor international efforts have substantially alleviated the negative effects that unfairly traded imports have had on the United States steel industry.

* The artificially low prices caused by excess capacity and unfairly traded imports suppress profits in the American steel industry, which may place the American steel industry at risk.

Tina,

I just wanted to follow up on our meeting request with Secretary Ross. I will be out of the country from May 10-20, so I am copying David French and Rachelle Bernstein from NRF on this email. We are hoping that the Secretary would be available to meet with some of our CEO’s on the afternoon of May 24 or the morning of May 25. If you have any questions, please contact them while I am gone. Thank you.

Dina,

My name is Jonathan Gold and I am the Vice President for Supply Chain and Customs Policy for the National Retail Federation. I also serve on the Department’s Advisory Committee for Supply Chain Competitiveness. Attached please find a copy of a letter requesting a meeting with Secretary Ross for May 24th with some of our member CEOs. We have a fly-in scheduled for May 24-25 to discuss tax reform, specifically concerns with the Border Adjustment Tax, as well as trade related issues. I know our members would welcome an opportunity to
discuss these issues with the Secretary.

Please let me know if you have any questions or need any additional information. We are in the process of signing up members now for the fly-in. Our schedule is flexible at this point. We plan to hold meetings the afternoon of May 24 and the morning of May 25. If Secretary Ross has any availability then, please let me know. Thank you for your consideration.

Tina,

I am just re-upping this request for the Secy’s German counterpart, Minister Zypries to meet with the Secy on May 24 or 25. As we previously conveyed, when Secy Ross spoke on 4/26, he told Minister Zypries that he would be happy to meet with her when she was in town. The meeting is to follow up and have a more substantive discussion on the issues they discussed during the previous call. She is the priority over the meeting with the German Ambassador but if the Ambassador chooses to accompany Zypries that would be fine. Please advise. Thanks.

We should ask that they come in together, and they probably will. The Ambassador wanted a separate meeting to build his own rapport with the Secretary, but we don’t think that makes sense at this time.

From our DAS for Europe:

Since Minister Zypries is coming a couple of weeks later (and has requested a meeting), and Ambassador Wittig would like to meet the Secretary as well, I would propose this for the Secretary, with the caveat that Mr. Roeller and the Ambassador come together to the meeting. Thus, combining two meeting requests. This would be a good opportunity to meet with the CDU side of the coalition-equation, before the meeting with the SPD Minister, and for the Secretary to establish a direct commercial relationship with the Chancellery. All ahead of the political season in Germany.

Short of that, I think Earl should take the meeting with Roeller, as they have similar portfolios in support of their principals.

From: Beaumont, Dina [mailto:DBeaumont@doc.gov]
Dear Mr Ross,

We met during the visit of Chancellor Merkel last month.

As our leaders discussed, I wanted to see if we could have a meeting to discuss trade and other economic issues. I will be in DC on May 12th and was wondering whether you would be available for a meeting that day? I am still very flexible in terms of timing.

Kind regards
Hendrik.

Dina: Could Mike and I chat with you this week about the various scheduling items that are part of getting the Secretary prepared for his appropriations hearings in late May/early June? There are FY18 budget briefings that the bureau heads provide to the Secretary, plus at least 2 (possibly 4) 2 hour mock hearing prep sessions for the Secretary. At least 1 mock session before each hearing. The hearings are May 25 (House), and June 8 (Senate). Happy to sit down and discuss.

Tina – I hope you are doing well. On behalf of the Aluminum Association, I am writing to request a meeting on Tuesday, May 23 with Secretary Ross and a group of CEOs from the aluminum industry, including Roy Harvey, the CEO of the new Alcoa Corporation.
Following the President’s executive order for a 232 investigation into aluminum imports, our industry leadership would like to discuss with the Secretary the implications of this action. We support these actions and are dedicated to working with the Administration to minimize any unintended consequences for integrated aluminum supply chains.

Please let me know of the Secretary’s availability for Tuesday, May 23. We can discuss specific time, logistics and other particulars at your convenience.

Thank you.

Elizabeth,

Secretary Ross is happy to accept this invitation to give remarks at the 50th Anniversary of ASEAN on Thursday, 5/25, at the Four Seasons, DC. As discussed, he (& likely Mrs. Ross) will arrive approximately 6:30pm for the VIP reception, 7pm dinner with remarks approximately at 8:10pm. Our advance staff will be in touch (Hunter Hall, Dep Director of Advance) will most likely handle this event personally. I have cc’d him above also.

We will be in touch again soon.
All the best,

Tina

Thanks, Dina
Dina, thank you for your time on the phone this afternoon. In light of our conversation, here are the things I, and the Council, believe worth highlighting in the team’s consideration of the invitation to Secretary Ross:

Value Proposition:

1. Shared interest in enhanced market access. Established more than 30 years ago, the US-ASEAN Business Council is the premier trade association for US companies doing business with and in ASEAN. Its 150+ US corporate members represent all sectors and all sizes, including a number of Fortune 500 multinationals. The Council’s motto could be described as “Delivering proven business results” making it and its members ideal allies in advancing the Administration’s shared interests in the region.

2. Respected partner. The Council is highly regarded across the US and ASEAN governments, reflected in the regular and routine access to Heads of State and their cabinets across ASEAN, and the regular participation of US cabinet-level officials and US Ambassadors to the region in USABC programs and events. All 10 ASEAN Ambassadors to the US are committed to a USABC launch event next week of its ASEAN Matters study. And 4 of the US Ambassadors to the region (Indonesia, Thailand, Cambodia, and the Philippines) will be hosted by the USABC and its members for meetings in several cities leading up to the May 25 Gala.

3. Constructive partner in building and implementing strategies. Former Secretary of State John Kerry; former Secretaries of Commerce Gary Locke, John Bryson, and Penny Pritzker; and former USTR Ron Kirk and Michael Froman all have found value in their prior engagements with USABC and its members – as a platform for calibrating the Administration’s trade priorities, for jointly engaging foreign governments to address pressing business issues, and for developing incubator programs to deepen the relationships.

4. Timing. As noted in the invitation letters, this is an important anniversary year, for the region, and for US-ASEAN relations. The May timing of the USABC Gala gives Secretary Ross access to a rich complement of senior business executives, members of the diplomatic corps, and other stakeholder communities, for insights ahead of forthcoming critical engagements by the Administration with the region.

Event Structure and Timing:
1. Gala Program. Attached is last year’s Gala program for illustrative purposes. Dinner starts at 7:00 pm, following a reception starting at 6:00 pm. Typically the Council structures one reception for VIPs and a second one for the broader set of attendees. The keynote takes place following dinner (around 8:15 pm), introduced by the Council’s chair, UL President & CEO Keith Williams. The event will conclude promptly at 9:00 pm, as the Council has a solid history of on-time events and programs.

2. Venue. The event is confirmed for the Four Seasons Hotel in Georgetown.

3. Attendees. Attached for illustrative purposes is the Council’s Gala attendee list from recent years. Corporate sponsors for the Gala include: UL, Chevron, ExxonMobil, PMI, MetLife, Ford, Jhpiego, ConocoPhillips, Chubb, Cigna, UPS and KPMG. The Council expects 300 attendees, the majority of which will be senior US business executives.

4. US and ASEAN Diplomatic Corps: Ambassador Donovan (Indonesia), Ambassador Davies (Thailand), Ambassador Kim (Philippines), and Ambassador Heidt (Cambodia) will be in attendance following a several day USABC-hosted tour of a couple of US cities. ASEAN Ambassadors to the US and their Embassy teams also are strongly represented at the USABC Gala.

I hope that we’ve provided the right set of data points and value proposition considerations for you and the team. Please let us know what we may have overlooked that would be helpful to your consideration!

Best,

Ann

Thanks so much!

Secretary Perry is heading out of town first thing tomorrow and won't be back until the afternoon of May 30th and then he heads out to Japan on June 1st. I'm sure Secretary Ross's schedule.

Of course. Tina is CC'd. Lots of work on both China and Japan. An in person meeting may be most helpful in this case.

I hope is well on your front.

Secretary Perry is traveling to Japan and China e is very busy, so we’d hate to ask yall to make any big changes to accommodate an in person meeting due to our limited availability. For a phone call we have time tomorrow afternoon (5/25) after 3PM ET, on Friday (5/26) between 9:30AM-12PM ET then next week 5/30 after 3PM ET and flexibility pretty much all day on 5/31 except between 1:30PM-3PM.

Let me know if any of those windows work for Secretary Ross - thanks again!

Deidre

PM and some Ministers will greet the Secretary at the meeting room.

Press will spray when the Secretary steps into the room, shake hands with PM and Ministers; and also at the beginning of the conversation while PM and the Secretary offer short opening remarks (3-5 minutes).

2. During the visit, our Prime Minister plans to witness exchange of signed documents of commercial deals between Vietnamese and US business leaders. We suggest therefore to invite Secretary Ross to join our Prime Minister in this witnessing after their meeting, at a separate room at the Hotel. If the Secretary agrees with this plan, we’ll ask for more detailed information from Hanoi on the event’s scenarios and inform you later.

3. In all cases, our Prime Minister will attach highest importance to the meeting with Secretary Wilbur Ross.

We look forward to your feedback soon, Thank you very much,

Dina,

Wendy told me that you are the appropriate person to send this speaking invitation for Wilbur. The Bipartisan Policy Center is a lending think tank. As Wilbur knows I have been very active with the BPC, co-chairing their Commission on Retirement Security. It is an excellent platform for discussing policy.

Tina,

This meeting is different – it is for our FedEx Express CEO Dave Bronczek, JetBlue Airlines President & CEO Robin Hayes, and Atlas Air Cargo CEO Bill Flynn.

Sorry for any confusion. Thank you in advance. We are hopeful it will work for Secretary Ross on June 1st.

Thanks!

1) BCIU is still getting their headcount together – still say they will have between 25-30.

2) Since this is part of an organizational meeting they are having, they would like to host the Secretary at the Willard? Please let me know if that doesn’t work for the Secretary.

3) The CEO of Harris Corp would like to meet with the Secretary before the meeting if possible to talk about NOAA satellite weather programs? This could occur on the margins of the meeting as well. That is we could have the CEO come meet Secretary in the lobby before he goes into the conference room.

Thank you for your call this morning. Please find an executive summary on BCIU which includes a list of our member companies (text form instead of logos) and a listing of our board of directors.

As discussed, for the June 1 or June 8 proposed roundtable with the Secretary we would invite at the CEO level from our membership. We have already identified several of our member companies that would be available those dates and would want to include their CEO or other top leadership.

Dear Ms. Beaumont,

Please find attached a brief memo detailing business engagement activities BCIU proposes with Secretary Ross.
I stand ready to supply you with any additional details or answers to questions you might have related to these requests.

Thank you in advance for your consideration and that of the Secretary of the proposals.

Hunter will arrange your arrival.

30 minute meeting – Earl Comstock, Director of Policy, and Eric Branstad, WH Sr Policy Advisor, will most likely be in the meeting.
Couple of additional questions:

Do you know what staff will accompany the Secretary in this meeting?

What arrival/entrance procedures do they need to know about?

Do you anticipate a 30-minute meeting, or longer?

Thank you!

All,

I have been informed that our Group Executive Chairman, Francisco Gonzalez, will also travel over from Spain for this meeting.

Thank you!

Excellent.

For now, it will be Carlos Torres and Jorge Sicilia. BBVA’s CEO and Chief Economist, respectively. Their bios are linked below. There is a good chance that I or our general counsel will also attend but I will let you know later if that is the case.

Subject: Timely: Request Meeting, June 1st, with Swiss Minister Ammann, per Ambassador Faith Whittlesey

Dear Secretary Ross:
Greetings!
I understand you saw my good friends Kimberly Reed and Chris Ruddy at your party Monday. Kimberly kindly passed along to you my request for a meeting in your offices with your counterpart in trade in Switzerland, Federal Councilor Johann Schneider-Ammann, when he is very briefly in Washington and available Thursday, June 1st, sometime between 3:30 and 6 pm (whatever time would be best for you). I am attaching Minister Ammann’s short bio and other information that might be helpful and trust, if you might have a few minutes in your no doubt busy schedule the afternoon of June 1st, the meeting can take place. I will be happy to help facilitate it any way I can.

(Contact: Faith Whittlesey, tel: (b)(6); email: (b)(6))

For your information, Mr. Ammann, who served in the Federal Council as President last December 21st, called then-President-elect Trump
and spoke for 10 minutes to congratulate him on his electoral victory. (I was honored to help organize the call.) Mr. Ammann is currently the Swiss Minister for Economic Affairs, Trade, Education and Research. Personal for your information: As you may know, following my service as two-time U.S. Ambassador to Switzerland in President Reagan’s Administration, I served for almost 20 years as Chairman and President of the American Swiss Foundation in New York (1989-2008). I am currently Chairman Emeritus. I am happy to say I was also an early active supporter of President Trump (see my op-eds files attached) and consider it one of the great privileges of my life to being able to assist him as best I could. I served as Co-chairman of Reaganites for Trump-Pence with Ed Meese and Frank Keating during the campaign. Please advise regarding your wishes and availability for a meeting with Minister Ammann on June 1st. Such meeting would go far toward creating goodwill for the U.S. and the Administration in Switzerland and, indeed, central Europe, I firmly believe.

Wishing you every success in your good endeavors,

Faith Whittlesey

Bridget,

I think this can work. Secretary Ross lands at 4:10 so we should be able to catch him in the car as he heads to Commerce. If you call me around 4:15, I can patch you through. Or we can try you once he's in the car.

Hi there!

We had a last minute meeting with POTUS scheduled at the White House today at 4:30pm, do you think my boss could give the Secretary a call at 4pm? Or is that too early? I’d prefer not to put it on the other end of this WH meeting because its hard to know how long it’ll last. Any chance we can swing that?

So sorry to change things at the last minute!

Hi Wendy,

Reaching out to see if it might be possible to schedule a meeting between Ball Corporation’s CEO John Hayes and Secretary Ross. John will be in Washington May 31st and could be available anytime between 2:00 p.m. and 5:00 p.m. If scheduling conflicts prevent a meeting on the 31st, perhaps a short phone call could be scheduled for a different day?

Ball Corporation is a global manufacturer of aluminum beverage and aerosol cans and tinplate steel food cans. Headquartered in Colorado, we have 18,450 employees worldwide, of which 4,886 are U.S. employees in 32 locations across the country. Ball annually manufactures approximately 100 billion beverage cans, one billion aluminum aerosol cans, and 2.7 billion metal food cans.

Thank you for considering this request. I’ve copied John’s Executive Assistant, Liz Estep. I look forward to hearing from you.

WLR will join for 30 min at 1130. Need remarks.
Dear Wendy,

Here attached please find an updated version of the program.

As you can see, an option could be that the Hon. Secretary delivers his introductory remarks in the 11:30am–1:00pm session on “The state of the US economy: trends and question marks”, but as discussed, we can accommodate the timing of his participation to the Secretary’s schedule.

Thank you so very much,

Irene

Pls resend the agenda – I cannot open it.

Yes! We can arrange. When could it be possible for him? Does he have any availability in the morning?

Dear Wendy,

Very nice to meet you!

Following our conversation, I writing to you because Ambassador Varricchio has extended an invitation to the Secretary of Commerce to open the next international conference organized by the Aspen Institute here at the Italian Embassy on June 5, dedicated to the future perspective of the transatlantic relations. The agenda of the conference is attached, as well as the list of the confirmed participants. All major Italian and European think tanks and research centers will be attending, including prominent business leaders.

This event is not public and participation is only upon invitation (discussion will be based on Chatham House rules).

We understand that Secretary Ross has a very full schedule on that day but Ambassador Varricchio would be deeply grateful to him if he could – even briefly - participate with some short remarks.

I thank you very very much for your help!

Hi Kelly,

Thanks for the information.

If the Secretary is able to arrive any earlier we could do a brief tour of the show floor or at least view the floor from a private office with an elevated vantage point. This is a great way to witness the diverse array of U.S. exhibitors attending the show promoting their destinations, products and services to the international buyers.

Also would it be possible for the Secretary to arrive backstage (or to the center) by 12:30 p.m.? While we will have a podium mic, we would also like to attach a lapel mic. This gives us a little more breathing room and will help to ensure a seamless experience for Secretary Ross. Regardless of arrival time, we will be sure that Roger Dow has an opportunity to welcome the Secretary.

We are happy to provide information requested below to help with speaking points, in the past we have worked with the NTTO office and are happy to do so again.

Hunter, please let me know when you are available to connect by phone. I assume you and the security detail will want to visit the convention center a few days in advance to trace the Secretary’s arrival and movements in the center. We can provide a luncheon hall diagram/layout to review with you and the team.

Hi Malcolm,

Thank you for following up.

I’ve copied my colleague Hunter Hall, who will be handling advance for this event. He will likely do a sound check on behalf of Secretary Ross, but I will leave it to you two to coordinate.

Unfortunately, due to scheduling conflicts, Secretary Ross won’t be able to attend the morning ribbon cutting events.

He is currently scheduled to arrive at 12:40 PM, so I don’t know if there will be time for a meet and greet with Roger Dow. Perhaps he can join you to greet Sec. Ross upon arrival?

In regards to the remarks, any background information you can provide would be great. Specifically, information about the attendees,
IPW, topics of interest, etc. We’d also love to get more details on the layout of space and stage set-up – will there be a podium, lapel mic?

Thanks again. Please let me know if there is anything you need for us.

Best,

Kelly

Hi Kelly,

Just a quick check-in to see if you had any questions on the IPW Monday run-of-show.

I’d like to note one addition, if the Secretary would like a soundcheck, we would need to do that in Hall D/E at 12:00 p.m. If he is comfortable taking stage without a soundcheck, arriving in the back-stage green room by 12:20 p.m. would be ideal.
Please let me know when would be convenient for a call to discuss logistics and schedule an advance security walk through.

Might the proposed time below work for the Secretary’s calendar?

The meeting would be a courtesy visit with Senate Commerce, Justice, and Science Appropriations Subcommittee Chairman Richard Shelby (R-AL) to discuss the Department’s FY18 budget request.

nothing against Jim personally, who is a great guy to work with.

Hi Jim –

We would welcome such a meeting now that the Secretary has his feet under him at the department. I am copying Anne Caldwell who will help with a time.

However, rather than late April/early May, I would recommend they meet after the budget comes out so that the two will have a budget back drop for which to base the discussion upon. End of May or first full week of June would be better, depending on our final hearing schedule. I am hoping to know more on that soon.

Can Anne and I get back to you with some suggested times in the next day or so, if that general window makes sense to you?
Jer:  

Wanted to let you know that the Secretary would like to come up to meet the Chairman to discuss the Department’s priorities. Looking at late April/early May depending on schedules.

Who would you want us to work through to set a date and time?

Thanks

Subject: Visa CEO Al Kelly Meeting Request with Secretary Ross -- Tuesday, June 6

Dear Dina,

Good morning – I hope you are having a great week.

Al Kelly, Chief Executive Officer of Visa, will be in Washington on Tuesday, June 6 and I wanted to see if it might be possible for him to meet with Secretary Ross, if that date might work on your end. Mr. Kelly wanted the opportunity to visit about some of Visa’s issues on the international trade front and ensuring a level playing field for U.S. payments companies abroad.

Mr. Kelly’s schedule is fairly flexible that day after 11am.

Thanks so much for your consideration of this request.

Good morning James,
I hope you’re having a great week! I’m producing Secretary Ross’ interview tomorrow morning and wanted to touch base.

Do you have an embargoed press release on tomorrow’s announcement? Anything to help us to prepare for the interview would be much appreciated. Just keep Eric & I in the loop.

Secretary Ross should arrive to our DC Bureau (400 N Capitol Street NW, #550, Washington, DC 20001) by 6:10 a.m. ET tomorrow. He’ll be speaking with Maria, solo.

If you have any questions, feel free to shoot me an email or give me a call at (b)(6) We’re looking forward to having Secy. Ross on the show!

Thanks,

Cody Schultz

Subject: Background on Canada Business Council

* Business Council of Canada (sent to our ITA Director Rich Steffens):

Hi Richard,

A former colleague of mine, Cam Vidler kindly shared your contact information.

I work for the Business Council of Canada, we would be the Canadian version of your Business Roundtable. We have 160 CEO members representing every major sector of the Canadian economy. Our President and CEO is John Manley, he is the former Deputy Prime Minister of Canada and during his time as a Cabinet Minister held the portfolios of Finance, Industry and Foreign Affairs.

Mr. Manley will be leading a small delegation of eight of our CEOs to Washington, DC on the occasion of our regular joint meeting with the Business Roundtable.

As you can imagine, our CEOs are keenly interested in the activities of the Administration and the prominent role the President has given Secretary Ross in leading your country’s economic growth agenda. They have asked if it might be possible to spend even a short amount...
of time meeting with Secretary Ross.

Would you be able to tell me who would be best for me to work with in the Secretary’s office on this request? If it’s you, even better.

Our CEO’s are in town as of the evening of June 6th and have the entire morning and lunch hour free on June 7th.

Many thanks in advance for your advice,

Andrea van Vugt

I can make 12:15PM work! Should we plan for 15 minute? 7 minutes remarks, 7 minutes questions?
Would 12:15pm be possible? Sec Ross has a Continuance of Gov’t event at 1pm on 6/7 that is unmovable.........

Hi Wendy and Tina, Thanks so much for your willingness to try and make this work.

I think I can make 12:30PM work and have a few emails out to confirm that. Will loop back when I’m 100%.

Generally, we ask that speakers deliver 5-7 minutes of remarks and take 7-10 minutes of questions. We can do a 10 -20 minute block of time, depending on what works best for your boss’s schedule.

As Jean mentioned below, Senator Shelby will be speaking at 1:30PM and we have a number of other speakers joining throughout the day. We’ll send a full briefing along before the event for your information that contains the agenda and names of attendees.

Again, thank you so much. Look forward to working with you.
Great to hear. Looping in Jennifer from our team to close the loop on that end.

Thanks for the quick response and look forward to working with you.

As you know Senator Shaheen is the ranking Member of the Commerce, Justice, Science and Related Agencies Appropriations Subcommittee which funds the Department. She would love to have Secretary Ross at New Hampshire Business Day. Chairman Shelby will also be speaking and the timing is flexible. Hi Brooke,

We're happy to have Matt come to Commerce if easier for Secretary Ross.

How does Tuesday look for you? If there's any availability then, that would be preferable. If not, we will take Monday at 3pm.

Thanks so much! I really appreciate your help.

Hey Tina

Hello! How are you? I just sent the meeting request into Dina and saw that she is out and she referred me to you. Can you all see fit to schedule something, please let me know either way. Thanks.

Marc

Dina and Wendy,

As you may recall, we interacted when during the recent visit of the Iraqi Prime Minister to the US Chamber of Commerce. Thank again for coordinating the Secretary’s participation.
I am writing to request a meeting with Secretary Ross anytime on June, 6 or 7, or the morning of June 8, with Jim Taiclet (bio below), CEO of American Tower Corporation. American Tower is a leading independent owner, operator and developer of wireless and broadcast communications real estate. Headquartered in Boston, Massachusetts, American Tower has offices across the United States and in Argentina, Brazil, Chile, Colombia, Costa Rica, France, Germany, Ghana, India, Mexico, Nigeria, Peru, South Africa and Uganda. Their global portfolio includes more than 147,000 communications sites and is experiencing steady growth across the globe.

Mr. Taiclet is also the Chairman of the Commerce Department’s U.S.-India CEO Forum’s Digital Infrastructure, Innovation and Entrepreneur working group. Moreover, with 60,000 towers in India, American Tower is the largest independently operated tower portfolio supporting all India’s major telecom providers and is leading the way to a successful Digital India.

Mr. Taiclet would like to discuss with the Secretary American Tower’s success as a leading American telecommunications company and its record of job growth. Further, he would like to briefly share with the Secretary highlights of the activities of the US-India working group in advance of the upcoming visit by President Modi.

Thanks again for your assistance in this matter.

Best regards, Marc Lampkin

James D. Taiclet, Jr.

James Taiclet is the Chairman, President and Chief Executive of American Tower Corporation, a leading global developer, owner and operator of telecommunications real estate headquartered in Boston, Massachusetts. Prior to joining American Tower, Mr. Taiclet served as President of Honeywell Aerospace Services, a unit of Honeywell International, and prior to that as Vice President, Engine Services at Pratt & Whitney, a unit of United Technologies Corporation. He was also previously a consultant at McKinsey & Company, specializing in telecommunications and aerospace strategy and operations. Mr. Taiclet began his career as a United States Air Force officer and pilot and served in the Gulf War. He holds a Master in Public Affairs degree from Princeton University, where he was awarded a Fellowship at the Woodrow Wilson School, and is a Distinguished Graduate of the United States Air Force Academy with majors in Engineering and International Relations. Mr. Taiclet is a member of the Council on Foreign Relations, the Business Roundtable and the Commercial Club of Boston. He also serves as a member of the Executive Board of the National Association of Real Estate Investment Trusts (NAREIT), the
Board of Trustees of Brigham and Women’s Health Care, Inc. and the Advisory Council for the Princeton University Woodrow Wilson School of Public and International Affairs. In June 2015 Mr. Taiclet was named as one of seven CEOs in Forbes Magazine’s “Global 2000 Hall of Fame” and in November 2016 the Harvard Business Review included him on its list of “The 100 Best-Performing CEOs in the World” for the fifth consecutive time. In August 2015 Mr. Taiclet was appointed to the US-India CEO Forum by the US Department of Commerce.

Subject: Background memo for Sec. Ross’s meeting with US-China Business Council board of directors

All:

Attached is a short background memo for Secretary Ross’ meeting with the US-China Business Council board of directors on Wednesday, June 7, between 3:30 pm and 4:15 pm.

As we have discussed, the Secretary will meet with the board for 30 minutes and have a private meeting with USCBC chair Evan Greenberg for 15 minutes during that time. We are working out the logistics of which of those sessions will go first, but wanted to get you the other logistical information as soon as possible. I will follow up on Monday with the final order of those meetings.

Please let me know if we can provide any additional information. We are looking forward to next week’s discussion.

Tina-Marie:

As a follow up to the US-China Business Council's invitation to Secretary Ross to meet with our board of directors on June 7, I'm pleased to provide an updated attendee list of the directors that will participate in the meeting. We believe that the Secretary will benefit from the meeting and we know that our board will benefit from hearing directly from him.

I know your time is short, so I've summarized a few key points that highlight the value for the Secretary:

- USCBC’s board of directors are CEOs of companies that are working in China’s market, so can provide important perspectives on what is working in the commercial relationship and what’s not. Twenty-seven directors have confirmed that they will attend the meeting (list attached).

- USCBC’s board and membership reflects companies operating in most sectors of the US economy, so the discussion with the board will give the Secretary the perspectives of a cross section of US industry on the China market and its impact on American companies and jobs.

- The Secretary’s leadership on China issues in the Administration has delivered good initial results, but the challenges he will be tackling in the remaining 100 days and beyond are ones that USCBC’s board knows a great about and can help him to assess what may be feasible in the short term, versus issues that may require longer timelines but still need to be addressed.

Let us know if we can provide any additional information. We look forward to welcoming Secretary Ross on June 7.

Erin
We are working on this - everyone is on the road this week so hard to nail it all down. Please stay tuned.

April 10, 2017

The Honorable Wilbur Ross
Secretary
US Department of Commerce
Washington, DC

Dear Secretary Ross:

We are pleased to invite you to meet with the US-China Business Council’s Board of Directors for a discussion on US-China relations during the afternoon of June 7, 2017, in Washington, DC.

As you know, the US relationship with China only grows more important with time. The China market is a priority for American companies, workers, farmers, and consumers, yet the relationship also brings challenges that were highlighted during the recent election campaign. Last week’s first meeting between Presidents Trump and Xi acknowledged those challenges and opportunities. We are very interested in hearing your views of the new comprehensive dialogue framework and how it will be used to achieve better results in the relationship – something which we support and hope to contribute to.
As you will see on the attached list, USCBC's board is composed of CEOs and senior executives of some of America's best manufacturing, services, agriculture, and resource companies. We typically have 20-25 of our board members participate in our meetings. We think this would be a very productive and timely discussion.

We suggest a 30 minute session, with opening thoughts from you of perhaps ten minutes and the balance of time for questions and discussion. There is some flexibility in the timing, but we suggest somewhere in the 3:00 pm to 4:30 pm timeframe for consideration.

We hope that you will be able to join us on June 7. USCBC staff would be pleased to provide further details on logistics or other questions, as necessary.

Sincerely,

Evan Greenberg John Frisbie

Chairman and Chief Executive Officer, Chubb

Dear Secretary Ross,

I hope this finds you well. I am writing to invite you to a roundtable discussion on what steps could be taken to enable businesses and investors to focus on long-term value creation, even as pressures for short-term decision-making increase the pressures on businesses and many stakeholders, to focus on short-term metrics and behaviors. EY and the Coalition for Inclusive Capitalism are working together on a proof of concept to identify points of agreement between asset owners, asset managers, and asset creators on how corporate reporting should be updated to better value long-term term decision-making in the 21st century.

Lady Lynn Forester de Rothschild, Founder and Chief Executive of the...
Coalition for Inclusive Capitalism, and I will be hosting this dinner on Wednesday, June 7, 2017 at The Hay-Adams Hotel (800 16th St, NW) in Washington DC. Cocktails will convene at 6:30 p.m. with dinner to follow. It will be a small, CEO dinner, moderated by Alan Murray, Fortune.

Federal, state and local government officials and employees are subject to certain gifts and ethics rules, and EY makes best efforts to comply with all such rules. Due to the requirements of the federal gift rules, we will be sending an invoice to your office to cover the costs of your participation in this event.

This dinner is just the beginning of what we intend to be a continued dialogue with you to find real, quantifiable measurements which accurately reflect the long-term, sustainable value of business to our workforces, communities, investors and others.

We hope you can join us for an important and interesting discussion.

Please RSVP by Friday, April 28, 2017 or direct any questions to myself at [ ] (b)(6) .

Subject: Appropriations hearings scheduling items  

Dina: Could Mike and I chat with you this week about the various scheduling items that are part of getting the Secretary prepared for his appropriations hearings in late May/early June? There are FY18 budget briefings that the bureau heads provide to the Secretary, plus at least 2 (possibly 4) 2 hour mock hearing prep sessions for the Secretary.
At least 1 mock session before each hearing. The hearings are May 25 (House), and June 8 (Senate).
Happy to sit down and discuss.

Dear Wilbur,

The Honourable Stephen McNeil, Premier of Nova Scotia, is in Washington for official talks. I am wondering if over the next few days you could see him for a brief discussion of trade and softwood lumber.

The Premier has just won re-election with another majority government and is held in high regard in Canada by people from all political parties, including me.

If you confirm the meeting with the Premier please advise by return email and I will communicate your acceptance to him.

Mila and I look forward to seeing you and Hilary again this summer in somewhat less stressful circumstances!

With warm personal regards,

Sincerely,

Brian Mulroney

Hi Tina,

Checking in about our meeting request for the week of June 12th. Do you have an idea yet whether the Secretary will be able to meet with the Australian Trade Minister and, if so, on which day?

Apologies for pressing you, especially given the lateness of our request, but my end will need to swing into action to book travel, etc. Given the big time difference with Australia plus the fact that we are hoping for a meeting with Secretary Ross next week, we have limited time to get all the logistics in place.

Thanks,
Nell

We are working on this – what dates and times are available. June is a busy month!

Thanks Dina. (And many thanks for all your help over the past few months. We have greatly appreciated it.) Nell

Hi Nell,

Thank you for your email. Just a reminder that Tina Henry is our new scheduler.

Tina will be in touch with you soon.

Thanks, Dina

Hi Dina

Per my voice message this morning, Australia’s Minister for Trade, Tourism and Investment, the Hon Steven Ciobo, is coming to Washington next week specifically to see Secretary Ross, subject to the Secretary’s availability. Minister Ciobo would like to discuss the Section 232 steel investigation and also follow up on the discussion he had with the Secretary in Tokyo in April.

Please let me know whether the Secretary would be available to meet with Minister Ciobo the week of June 12th.
(Note that the Minister’s meeting request supersedes our earlier meeting request (below) for the Ambassador.)

Thanks Dina!

Dear Dina

Australia’s Ambassador to the US, The Hon Joe Hockey, would like to meet with Secretary Ross at his earliest convenience before the end of June to discuss trade policy issues, including the Section 232 investigations into steel and aluminium, and infrastructure.

The Ambassador will be in Washington on the following days and, if necessary, can rework his schedule to suit the Secretary’s:

14 – 16 June
19 – 20 June
23 June
26 June – 30 June

I’d be grateful for your advice on whether the Secretary would be available to meet with Ambassador Hockey.

Ms. Henry: Good morning. I want to follow-up on Debra Reed’s availability for a potential meeting with Secretary Ross. We do sincerely regret that she was unable to meet with the Secretary in March due to the snow and continue to hope to meet when she is here in D.C. in June. She continues to be available on Monday June 12th (though we do now have a commitment at 10:30 am). She could also be available in the afternoon after 2 on June 7th. My hope is that this additional time window provides some flexibility on the Secretary’s end. Please let me know if there’s any additional information I can provide.

Best regards,

Maryam

Ms. Beaumont.
Debra Reed, CEO of Sempra Energy, will be in Washington on Monday June 12th and would appreciate the opportunity to meet with Secretary Ross to discuss Sempra, a Fortune 500 US energy company with 16,000 US employees, its experiences in North American energy markets, and its ideas for strengthening the US energy position in NAFTA. She would also welcome the opportunity to provide the Secretary with our perspectives regarding energy infrastructure and steel. She is available from 10-4pm. If you will recall, Ms. Reed was previously scheduled to meet with Secretary Ross in March, but the appointment fell through due to inclement weather.

Following is a link to Ms. Reed’s official bio:

Please let me know if there is additional information from me that would be helpful in scheduling this meeting.

Dear Secretary Ross:

We were sorry that you were unable to join us at our CEO Council conference in Tokyo in May. But your role in the new administration is a key one for our readers and so I'd like to see whether we can interest you in another opportunity in June.

I’d like to invite you to be a featured speaker at the 2017 annual meeting of the Wall Street Journal CFO Network which will take place the evening of June 12 and all day June 13, 2017 at the Park Hyatt Hotel in Washington, DC.

We'd like to hear your thoughts on trade policy and how to foster trade that contributes to national and business growth. No prepared remarks are necessary. A senior editor from the Journal would interview you on stage for about 30 minutes. We would ideally like to have you appear opening night, on June 12. But we’d also be happy to do the interview during the day June 13 if that fits your schedule better.

The CFO Network gathers together about 100 chief financial officers from the world’s top multinationals to deliberate on the most pressing issues their companies face. Proceedings are covered by outside media and in a special report published globally by The Wall Street Journal. Information on previous meetings can be seen at: cfonetwork.wsj.com <http://cfonetwork.wsj.com>.

Speakers who have participated include Pepsi CEO Indra Nooyi; U.S. Attorney Preet Bharara; Bank of America CEO Brian Moynihan; Securities and Exchange Commission chair Mary Jo White; Chairman of the White House Council of Economic Advisers Jason Furman; Senate Finance Committee Chairman Ron Wyden; Secretary of Homeland Security Jeh Johnson; U.S. Trade Representative Michael Froman; Speaker of the House Paul Ryan and a range of other political and industry leaders, including the Secretary of the Treasury and other senior members of Congress.

I would be delighted to have you join us. You would have a highly engaged and influential audience. If you have questions, please feel free to contact me or John Bussey, Associate Editor of the Journal, at John.Bussey@wsj.com.

Sincerely,

Gerard Baker

Tina and Grant,

Enclosed are the documents I forwarded earlier in the day. (It feels better sending them on a desk top!)

Our message boils down to the following: Manufacturing is important as is Service job creation!

- Use the Government’s 60 billion dollar IT budget to leverage job creation in rural areas,

- Team with local 2 and 4 year colleges for training,

- Encourage US companies to on-shore their off shore IT operations to these centers,

- Explore using NIST manufacturing assistance centers which are in all 50 states as part of the process.
Please let the Secretary know that we share the following friendships:

John Paulson who I have consulted to on Washington public policy for 10 years. (John owns Steinway Piano the largest NYC manufacturer and most famous piano in the world)

Ambassador Charlie Glazer

Thom Quinn

Many thanks for the opportunity to present these important policy options.

Best,

David

Many thanks for the helping secure a time with the Secretary to meet with the leadership of CGI. Enclosed are some potential dates that work on our end. If they do not work, we will go back and re-work our calendars. Prior to the meeting, I will forward some more back ground information on our unique job creation strategy.

Dear Tina,

I am writing to request a follow-up meeting for Dave Henderson, President of CGI, with Secretary Ross. The two leaders met at the Organization of International Investment (OFFI) meeting where they discussed high tech job creation in traditional manufacturing areas. Mr. Henderson has deep experience in this area and strongly believes that the President’s recent Executive Order on “Buy America” can be a great springboard in this effort.

Most importantly, this new Presidential policy must be linked to government procurement and be focused on the high technology based service economy, not just manufacturing.

Finally, the Secretary’s leadership of this effort is essential as the Commerce Department has many unique resources that should be utilized.

Please let the Secretary know that we were recently introduced by Senator Blunt and his wife and I have assisted his friend John Paulson with Washington issues for a decade. We also count Charlie Glazer and Thom Quinn as mutual friends.
Best, regards,

David

Despite the deceleration in Africa’s growth, it remains a viable and growing market. In recent years, a combination of factors including fluctuating commodity prices, government policies, and unprecedented political events have presented businesses and investors in Africa with significant new challenges as well as new opportunities. Simultaneously, U.S. policy towards the continent may shift under a new administration.

For more than 20 years, both Democratic and Republican Administrations and the U.S. Congress have launched major policies and programs that have enhanced the U.S.-Africa economic relationship. In recent years, U.S.-Africa two-way trade has accounted for more than $30 billion dollars. U.S. Administration and Congressional efforts include the creation of the Millennium Challenge Corporation, the passing and renewal of the African Growth and Opportunity Act (AGOA), the Trade Africa and Power Africa Initiatives and many others. Given past U.S. Government support for U.S.-Africa engagement as well as the significant market opportunities on the continent, there is a business imperative for continued U.S.-Africa economic collaboration.

This opening plenary will provide Heads of State with a platform to engage with top officials from President Trump’s Administration and discuss the future U.S.-Africa economic relationship.

Hey Tina! Sorry I have not called you yet.....Was hoping to call you this afternoon if you are around?....In the mean time, here is the CEO mtg request that is referenced in our email connections with EB earlier this week. I just wanted to triple confirm that the details actually made it thru to you! Please let me know if/when you receive below and if there might be a good time to connect after 2pm today? Thanks, again! Doug....Here is original request:

I’m being asked to set a courtesy visit of the Ferrovial Chairman, Rafael Del Pino, and Ferrovial CEO Inigo Meiras, with US Commerce Secretary Wilbur Ross on Friday June 16th. Is there any way to see if that is even possible, logistically and taking Mr. Ross travel schedule into account?
Our Chairman and CEO will be on the east coast and were hopeful for a courtesy visit as they have high respect for Commerce Secretary Ross very much. Detailed bios on our CEO/Chairman are at the bottom of this email, but here is top line background on Company and Leadership:

• Based in Madrid, Ferrovial is the largest infrastructure firm in the world by invested capital.

• More than 21 billion in managed assets in North America alone.

• US Assets include the largest public-private partnership projects in operation.

• Chairman sits on the board of MIT, and is recognized for his work in infrastructure finance and social responsibility globally.

Thanks so much for anything that you can do.

Sincerely,

Patrick

Hi everyone,

The purpose of this email is to help provide information on the Workforce of Tomorrow discussions that will take place this Thursday, June 15, with governors and state leaders. Please do not share this information externally.

BACKGROUND:

The President and White House Office of Intergovernmental Affairs look forward to welcoming 8 governors and 12 other state leaders to the White House on June 15th to discuss workforce training – a central component of “Workforce Week.” The purpose of the event is to generate support for the Administration’s apprenticeship and work-based learning policies, discuss state-federal partnership opportunities, and learn about best practices in workforce development, vocational training, and industry partnerships from the assembled stakeholders. Several states have established partnerships with industry leaders to advance work-based learning opportunities in education and workforce programs. These efforts aim to give students hands-on, real-world experience that will align education, workforce, and economic development efforts, and these initiatives complement the President’s workforce development initiative. Like the President, the state leaders at this event are committed to ensuring that American workers are prepared to thrive in the skill-intensive jobs of our modern economy, and they will serve as important partners during the implementation of the Administration’s workforce

DISCUSSION POINTS: Below, please find discussion points and information on Workforce Week provided by White House Communications:

WORKFORCE WEEK

Discussion Points

Topline

* We must address the skills gap that exists across the United States.
* While millions of Americans are struggling to find full-time employment, companies are reporting great difficulty in finding people with the skills needed to fill vacant positions.
* 3.4 million manufacturing jobs are expected to become available over the next decade, yet 2 million of those jobs could stay unfilled. (The Manufacturing Institute<http://www.themanufacturinginstitute.org)
* We must do more to help Americans obtain the education and skills they need to excel in the workplace and provide a better life for their families.
* President Trump is taking action to ensure Americans are trained for the jobs of today and the jobs of tomorrow. This week, the Administration will:
  * Announce steps to make it easier for industry to design, certify, and scale apprenticeship programs;
  * Deliver a call to action to businesses and encourage them to embrace apprenticeship programs;
  * Take steps to ensure effective spending of workforce development funds;
  * Highlight important legislative priorities, including working with Congress to make college more affordable.

Principles

* Recognizing the value of skills-focused education
* There are many paths to successful and fulfilling careers other than a 4-year college education.
* Traditional 4-year degrees come at an increased cost. The average student who graduated in 2016 owed over $37,000 in student loan debt. Taxpayers are now on the hook for over $1.4 trillion in student loans. (Federal Reserve<https://www.federalreserve.gov/releases/g19/current/default.htm>, Forbes<https://www.forbes.com/sites/zackfriedman/2017/02/21/student-loan-debt-statistics-2017/#44bd9c303dab>)
* We must remove the existing stigma around skills-focused education and trades.
  * Expanding Apprenticeships
    * Apprenticeships provide affordable education that leads to a portable credential or certification, relevant skills, and a path to a good job.
* Over 90% of apprentices find employment after completing their program, and their average starting wage is above $60,000 (Economics and Statistics Administration<http://www.esa.doc.gov/sites/default/files/the-benefits-and-costs-of-apprenticeships-a-business-perspective.pdf>)
* Calling on Congress to pass education reforms and provide better postsecondary options
* We must make it easier for Americans to access affordable education that teaches relevant skills and leads to a good job.
* Updating our higher education funding so it supports more high-quality courses and programs that lead to good jobs will help more Americans obtain the skills they need to find a well-paying job.

Additional Background

* Throughout the campaign, President Trump frequently met with Americans seeking employment – from unemployed college graduates with crushing debt, to those displaced due to changes in the national economy.
* Since taking office, the President and his senior staff have been meeting with individuals and corporations from across the country to learn about the challenges around workforce development and skills training.
* Business leaders have frequently raised the lack of skilled labor as a
American youth have frequently raised the lack of options for affordable education and skills training programs as a roadblock to obtaining a good job. The U.S. currently has over 500,000 STEM jobs open, but the country’s universities produce only 50,000 STEM graduates each year. In March 2017, the German Chancellor’s visit included a roundtable with leading CEOs on workforce development, highlighting the effectiveness of apprenticeship programs in both countries. Since then, the Administration has been working in close coordination with business leaders, governors, trade groups – and hearing from educators, academics and students – to develop a more robust workforce development and vocational education program for the American people.

Schedule

* Monday, 6/12
  * Secretary of Labor Alex Acosta delivered a workforce development presentation to the President’s Cabinet.
  * Secretary Acosta briefed the press at the top of the White House’s Daily Press Briefing.
* Tuesday, 6/13
  * The President and his team traveled to Waukesha, Wisconsin to tour the Waukesha County Technical College with Governor Scott Walker.
  * The President, Secretary Acosta and Ivanka Trump toured training classrooms, along with Governor Walker, and participated in a roundtable discussion with teachers, apprentices, and local business owners that are trying to fill these skilled jobs.
* Wednesday, 6/14
  * Ivanka Trump will lead a CEO roundtable at the White House focused on workforce development and apprenticeship programs.
  * The group will then travel with the President to the Department of Labor. Secretary Acosta will speak and the President will be making a major policy speech on the administration’s workforce development initiative.
  * The President’s speech will highlight the substantive administrative actions we will be taking, and the partnership we have with Congress to make sure that his focus on workforce development and apprenticeship skills-based education is amplified.
* Thursday, 6/15
  * Eight governors from both sides of the aisle will be at the White House for a roundtable discussion led by the President, the Vice President, Ivanka Trump, and Secretary Acosta.

Statement by the Press Secretary on Workforce Development Week

This week the President is placing a strong emphasis on workforce development. Secretaries Alexander Acosta and Betsy DeVos, along with the President’s daughter Ivanka Trump and Reed Cordish with the Office of American Innovation, have been deeply involved in this push. Secretary Acosta addressed this issue this morning at the President’s first meeting with a fully confirmed Cabinet. Secretary Acosta delivered a presentation on the importance of expanding apprenticeships in America and the need for all agencies to support the Administration’s apprenticeship initiative. A memorandum discussing this policy issue, which every member of the Cabinet received at this morning’s meeting, is attached.

FOR IMMEDIATE RELEASE

Ivanka Trump Previews the Trump Administration’s Workforce Development Week on Fox News’ “Fox and Friends”

“So last week... was infrastructure week. Focusing on the commitment to rebuilding this country, rebuild[ing] rural locations, which have fallen into great disrepair, repair[ing] our waterways, air traffic control. So there were a series of very important and big and far reaching initiatives on infrastructure. This coming week is about workforce development. ... Ultimately, we are really focused on why the American people elected Donald Trump as their president.”

IVANKA TRUMP: “So last week, while it didn't get the level of
headlines, it will ultimately have a much more impact, was infrastructure week. Focusing on the commitment to rebuilding this country, rebuild rural locations, which have fallen into great disrepair, repair our waterways, air traffic control. So there were a series of very important and big and far reaching initiatives on infrastructure. This coming week is about workforce development. So with all the noise, with all the intensity of the media coverage...ultimately, we are really focused on why the American people elected Donald Trump as their president.”

AINSLEY EARHARDT, FOX NEWS: “People say jobs, jobs, jobs. That's why you, your dad, the Secretary of Labor--You are going to Wisconsin tomorrow to visit with kids taking classes at technical schools?”

TRUMP: “We are visiting one of the great examples of skilled based learning and skills based education technical schools in Wisconsin--which we are very excited about--to talk about the skills gap and to really highlight the fact that there is a viable path other than a four year college experience. ... There are 6 million available American jobs. ...[W]e're constantly hearing from CEOs that they have job openings but they don't have workers with the skill set they need to fill those jobs. Really bridging that gap and bringing experienced based education to the forefront. So apprenticeship, actually, that's the model.

STEVE DOOCY, FOX NEWS: “Something your dad knows it well.”

TRUMP: “He knows it very well! And it has worked throughout the world and it is something we deemphasized here in favor of four year traditional college, but they don't have to be mutually exclusive.”

DOOCY: “As somebody who has run her own business, this something personal to you. I'm sure there have been situations where we love to hire people but we can't find the people who have the right skill set.”

TRUMP: “It's true, and while it's not a woman's issue, it disproportionately affects women and minorities, especially when you think out into the future where the available jobs today and [where] the future jobs are coming from. A lot of ... them are in STEM-related fields, science, engineering, computer science.”

DOOCY: “So teach them today for the jobs of tomorrow?”
TRUMP: “...[W]omen are, for example, ... 47% of the overall workforce, we only make up 23% of STEM-related occupations. So, we're moving in the wrong direction in terms of our participation and that's something ultimately we need to change. We’ll encourage ... K-12, but also retraining for workers whose jobs have been displaced. So we have a huge emphasis on it this week. It's critically important and I think we can make a very big impact.”

...

TRUMP: “Yeah, and we need the full participation. So many people are also working jobs that are part time, and it's an enormous problem in this country. The number of part-time workers who are working two and three jobs that, collectively, they are making less than when they worked one job that's been replaced. And they don't have access to leave for vacation to holidays, to traditional benefits. So that's another problem we are very much looking address.”

Doug Hoelscher

Tina: Karen shared with me that the Secretary will need to be at the White House on Thursday afternoon. That’s a bummer, but we totally understand.

Karen also mentioned that Mr. Comstock may join (either in person or by phone). Please see the number below:

To dial-in from a domestic location: (b)(4)
To dial in from outside the country: (b)(4)
Guest Passcode: (b)(4)

Also, wanted to confirm that you received the second Board book I had couriered over (in late May, I believe). I’m also attaching an electronic version here.

What else do you need that would be helpful?
Hi Eric and Dina,

OPIC has scheduled a call with our Board of Directors for April 25 at 1pm. We typically hold calls between the formal Board meetings as a way of keeping in touch with the Board and to update them on current issues and priorities. Of course Secretary Ross is invited to participate but there is no pressure from us for him to do so. We know he’s incredibly busy and are most appreciative to have his involvement at the Board meetings. If you or any of your Commerce colleagues would like to participate in the call, please let us know. I believe the OPIC Board Liaison at Commerce – Michael Fuchs – has been invited. Details on the call are below.
For your future planning, OPIC’s next Board meeting is June 15 at 2pm. Dina has indicated that the date and time are currently being held on the Secretary’s calendar. We continue to appreciate your help and the interest of the Secretary in OPIC.

Have a great weekend!

Karen

Subject: Meeting Request - AAFA Executive Leadership Team and Secretary Ross

Hi Dina -

I hope this email finds you well.

I’m writing to request a meeting between Secretary Ross and the Chairman and Vice Chairman of the American Apparel & Footwear Association (AAFA) – Ms. Paula Zusi, Global Operations Advisor, Retail Supply Chain, Advent International Corporation, and Mr. Thomas Glaser, Vice President and President, Global Supply Chain, VF Corporation – who be in Washington on April 27 and April 28.
I would expect that Rick Helfenbein, President and CEO of AAFA, and I will also be in the meeting.

If the Secretary is available, I am hoping we can schedule the visit for some time on the afternoon of April 27 or the morning of April 28.

As you may know, the AAFA is the national trade association for the apparel and footwear industry, and their suppliers. We represent 350 companies, accounting for about 1000 famous brands. Our industry employs about 4 million U.S. workers, and contributes in excess of $380 billion to the U.S. economy. Every man, woman, and child in the United States wears products made, marketed, and sold by our members.

We are interested in visiting with the Secretary on a range of issues that will help our companies remain companies and employ more Americans in our supply chains. These issues include

Many thanks.

Dear Tina Marie,

I am reaching out to you on behalf of Carnival Corporation and the Cruise Lines International Association (CLIA <https://cruising.org/> ) to request a meeting with Secretary Ross at his earliest convenience. Attached please find an economic fact sheet for the industry.

As the Administration looks to determine its Cuba policy, the executives from all the major cruise line companies would very much like the opportunity to meet with Secretary Ross. The following executives would participate in the meeting:

* Mr. Arnold Donald, President & CEO of Carnival Corporation and Chairman of Cruise Lines International Association (CLIA), which as you know is comprised of 60 different cruise lines and 15,000 travel agencies. CLIA is the largest travel-related association in the world;
* Mr. Adam Goldstein, President & COO of Royal Caribbean Cruises Ltd.;
* Mr. Frank Del Rio, President & CEO of Norwegian Cruise Line;
* Ms. Cindy D’Aoust, President & CEO of CLIA;
* Mr. Hector Alcalde, Chairman of Alcalde & Fay.

We'd like to do this as soon as possible with the understanding that the policy determinations are being made right now on Cuba.

Thanking you in advance.

Tandy Bondi

Perfect! Our understanding is that Sec. Ross has hearings in the morning and can only make it to this White House segment, not the EEOB segment. So we are planning for him to participate in the programming that begins in the State Dining Room. Is that still accurate on your end?

We will have all the execs over to the State Dining room around 10:30AM and will let them mix and mingle and then get seated before POTUS arrives at 11AM. I wrote here that Sec. Ross would arrive at 10:30AM as well, but really anytime between 10:30 and 11:00 would be absolutely fine - just let me know, so that we have somebody from our team looking out for him and tracking that.

We do not currently have Sec. Ross slated to take part in those 5-minute demos from 11:00-11:10, but would be happy to add him to that, if he's interested. What do you think? As it stands, he would be seated at the roundtable with the 20-ish CEOs who are not presenting demos.

The rest of Sec. Ross's participation would follow the line-by-line detailed in the Event Memo - he would speak at 11:27AM and deliver brief remarks and thank POTUS for his time.

After POTUS leaves, we'd like the Secretary to facilitate a conversation with the 20 CEOs around the table. The breakout session outlines I attached in my last email would serve as good context for the kinds of discussion topics these CEOs will have spent the previous segment chatting about.

The event would conclude at 12:00PM and Sec. Ross would also depart then.

Please let me know if you need more color on anything else here!
Thanks for this information. What would he participate in and then we can work backwards. Thanks. W

Hi Wendy!

We're so excited to have Sec. Ross next Thursday!

Please find attached:

· A draft Event Memo with the full schedule of the day. Please keep this very very close, as we haven't disclosed any of the attendees' names publicly.

· Discussion outlines for the UAS, 5G/IoT, and Tech Investment breakout sessions.

I’m working on an Event Guidance memo for him with logistics, i.e. where to arrive and WAVES link and timing and whatnot. Could you help me nail down some details? Such as what time he plans to arrive (POTUS, as you will see in the attached Event Memo, is scheduled from 11-11:35AM), where he prefers to enter (West Wing or East Wing), if he would like someone on our staff to meet him and his staffer somewhere to pre-brief in person, etc.

Let me know and I will send over these details in a nice doc!

Dear Eric: We have had the pleasure of meeting your parents over the past couple of days. KT McFarland has been kind to pass us your contact information in the hopes of having Secretary Ross come to speak to our ambassadorial candidates.

Suggested Date/Time:

Tuesday, June 20, 2017: 11:45a – 12:45pm or another date/time convenient to the Secretary’s schedule during the weeks of June 19 – 29.

Purpose

This three-week seminar is comprised of both non-career and career ambassadors. We are asking that Secretary Ross speak on Commerce Policy Priorities. The objective of this session is to outline the Secretary’s foreign policy goals and priorities relating to American business and commercial affairs. The group will discuss the Secretary’s expectations for ambassadors in the field.

Other Appointments Sought: The participants will be returning from a
week off-site to attend a week of briefings at the Foreign Service Institute (FSI) to include possible briefings by Deputy Secretary Sullivan, Under Secretary for Political Affairs Tom Shannon, Acting Under Secretary for Public Diplomacy & Public Affairs Bruce Wharton and a photo op with the Secretary.

We have 17 candidates for this June session of the Ambassadorial Seminar with a mix of career Foreign Service officer candidates (6) and the remainder political appointees.

Would you mind checking Secretary Ross’ schedule for Tuesday, June 20 from 11:45a – 12:45p? The venue is the Department of State’s Foreign Service Institute at 4000 Arlington Blvd, Arlington, VA 22003. If this date and time is not convenient, I am happy to work with you on an alternate date and time during the week of June 19 – 23.

Look forward to hearing from you. Once confirmed, I will send you some additional information including a list of the candidates and their bios and the course schedule.

Hi Dina

Can you let me know if there are a few slots that Mr. Ross might be able to meet with Mike Corbat in June or early July?

Hi Kim,
I am really sorry but tomorrow is so packed I am afraid we just can't squeeze in a time to meet.

I am SO SORRY. But please know that if it were possible to fit this meeting in we would have. Secretary Ross is very interested in meeting with you but this week is just extremely busy with so many foreign dignitaries in town. We are sorry to miss seeing Mr. Corbat.

Thank you,

Mary, I forgot to mention that Jennifer Cetta with Samsung spoke with VP Pence today at NAM and mentioned the planned announcement and our desire to have him there and she says his response was, “Samsung, great company, let’s make it happen”.  
So, at least he may be aware of the request. Tim

Mary,
Thanks for taking my call. Below is the email I sent to Josh. Appreciate you taking a look and letting me know if there is a chance.

Subject: Samsung new plant in U.S. announcement

Josh;

My client Samsung has reached an agreement with the State of S.C. to put a new manufacturing plant there. The President tweeted back in February that Samsung should come on over and build in the U.S. and they are doing that.

This plant will create hundreds of jobs in the first year and thousands over the next few years. They plan to announce the agreement next Wednesday, June 28th. While there was discussion with the WH about a joint announcement with President Trump it seems that is not workable.

So, what we would like VP Pence to consider is a brief handshake and photo after the signing on the 28th.

As you know the South Korean President will be in DC that day, Governor McMaster will be in DC for the signing and BK Yoon, CEO of Samsung will be here for the signing.

Their desire would be for the signing to happen between 10 am -1pm on the 28th. This would give time for the Governor and the Samsung executives to travel back to SC for a separate announcement there.

Is there any chance this could work for VP Pence?

Thanks-

Tim

Sure. If you're interested and the Secretary is ok with that,

For the moment, my understanding is that we're scheduled for 10:30. Is that correct?

Hi. I'm back from leave. Just checking to see when we all can meet. It would be easiest for me after the brief on Thursday or Friday. Otherwise maybe we can aim for a time next week.

Hi ... it's been a busy day and I'm not sure anyone responded. I'd suggest you find time with Wendy and Earl to discuss process. And it would be helpful to know when the Secretary asks for a deep dive so we are aware of that from a time perspective for scheduling. I'm sorry about the cancellations but some times it can't be helped. We try to get you that information asap so you don't have to drive in if not necessary.

Sounds good.

Tina, 

Greetings and hope you are well.

We are all set for the meeting on Thursday at 2:00 p.m.

We will check in at the Secretary's entrance on 15th Street.

Just one addition -- Mr. Stronach will be traveling to Washington, DC with his daughter -- Belinda Stronach.

Just wanted to let you know -- so everyone is on the list at check in desk.

If you need anything else -- let me know. Thanks again for all your assistance.

Everyone is excited to meet with the Secretary!

All the best,

Greetings from The Roth Group – former Congressman Toby Roth (WI).

I wanted to see if I could bring by my friend billionaire Industrialist Frank Stronach to meet Secretary Ross. I’m sure Secretary Ross is acquainted with Mr. Stronach.

As the Secretary may recall, Mr. Stronach is the founder of Magna International. The world’s largest auto supplier. (130,000 employees)

Magna has facilities all over the US. AL, CO, GA, IL, MI, IN, IA, KY, MI, MO, OH, SC, TN

Mr. Stronach’s ideas on Free and Fair enterprise comport with the Secretary’s.

In addition: Mr. Stronach is the largest horse track operator in the US [Santa Anita Park in California where the Breeders Cup was held, Pimlico (Preakness), Laurel, Gulfstream Park, Portland Meadows, Golden Gate in San Francisco etc] ... Plus Mr. Stronach is one of the largest horse owners in the world ... His KY farm -- Adena Springs is one of the great horse farms in the world.

The three websites will give you background about The Stronach Group, Magna and their racetracks ...
Plus Mr. Stronach is currently involved in many agriculture projects etc
He owns 90,000 acres of cattle farm – which will stock his restaurants and stores.
Can we discuss a brief courtesy call – go over some convenient dates.

Hi Tina –

Congresswoman Martha McSally (R-AZ) represents a district with a significant section of the Arizona-Mexico border (among other attributes of her district) and would like to meet with the Secretary to discuss NAFTA. She is chair of the Border and Maritime Security Subcommittee of the House Homeland Security Committee and sits on a subcommittee with jurisdiction over emergency response and communications. (b)(6)

Any chance the Secretary could meet with her next week? I am connecting you with Ashlee in Martha’s office to see what the art of the possible is.

Thanks! Earl

The windows Sen. Shelby is looking to chat with Sec. Ross next week are Monday (anytime) or Wednesday (morning). The discussion topic would be the U.S./Canada softwood lumber trade dispute.

We appreciate your help in offering a time and phone number. And thanks, Brian, for your assistance.

Thanks,

Governor LePage is wondering if Secretary Ross might have a moment to speak with him on the phone today? He anticipates no more than 5-10 minutes. The Governor is free until 11:30, and then has time again between 1:30 and 3:00 – although if the Secretary is willing to speak at another time I am more than happy to move things around here on my end.
Thank you very much!

Here are lists w/ prospective attendees (members of the coalition). It depends on the date how many people would come, also the venue. We could limit the group size if needed depending on the room availability at DOC, or we can get a host close by to your office if it is easier than bringing a group inside the building.

Originally, we had proposed these dates but now June is a little better to give the group enough notice.

May 8-12
June 5-9

If those dates don’t work, I can check for more options.

Thanks and I look forward to hearing from you.

Yes, that will work for this group and we are grateful for the meeting. Maybe the Secretary can drop by just to say hello if his schedule allows. Who is the Trade Policy Director?

Here are the dates they'd like to target for the meeting:

May 1 - 5
May 8 - 12
June 5 - 9

Would this meeting be at DOC? Is there a limit to the size of the group?
Thank you so much!!

Time 3:00 PM – 3:30 PM
Subject Meeting with OH manufacturing companies
Location Secretary’s Conference Room
Dave Tilstone, President
National Tooling & Machining Association (NTMA) Cleveland, OH
Notes: 1,400 mostly tool and die manufacturing member companies representing an industry with $30 billion in sales and roughly 40,000 employees. Most businesses are very small family-owned businesses with 15-35 employees manufacturing special tools, dies, jigs, fixtures, gages, special machines and precision-machined parts who also invest heavily in R&D. Their products usually end up in machines that manufacture components for every industry. Tooling imports from China have risen five fold in the past decade and many members use certain tool steel that is in short supply in the U.S.

Mark Vaughn, President
Vaughn Manufacturing (NTMA Member)
Nashville, TN
Notes: Founded in 1930, Vaughn Manufacturing designs and produces metal stamping dies for various industries in a 40,000 sq. foot facility in Nashville. Mark testified before the U.S. International Trade Commission in November 2016 asking that Commerce not reverse 35 years of precedent and no longer exempt tool steel from the cut to length plate AD/CVD cases covering eight countries.

Miles Free, Director of Industry Research and Technology Precision Machined Products Association (PMPA) Cleveland area, OH
Notes: 400 screw machine/CNC/turning manufacturing companies averaging 35 employees, representing an industry with 99,400 U.S. jobs using steel and aluminum bars and rods to mass produce small high precision parts primarily for the aerospace, automotive, defense, and medical industries. Due in part to EPA regulations, PMPA members cannot secure enough domestic leaded steel bar due to regulations on leaded products (leaded steel accounts for 1/3 of all steel imported by PMPA members). Also face challenges with short supply of specialty steel and 6000 series aluminum.

Tracy Skupien, General Manager
Tompkins Products, Inc. (PMPA Member)
Detroit, MI
Notes: Established in 1939 by Charles S. Tompkins as a supplier of screw machine products to the U.S. government during World War II, Tompkins Products is a certified HUBZone business supplying mostly products into automatic transmissions for GM, Ford, and Toyota. Located within the City of Detroit, Tompkins has 400 employees and uses both steel and aluminum and for many transmissions requires a specialty alloy of aluminum (6262A-T9 temper) purchased in Europe due to no U.S. supplier.

Roy Hardy, President
Precision Metalforming Association (PMA) Cleveland area, OH
Notes: 800 manufacturing companies averaging 100 employees who stamp and machine mostly flat rolled steel products and increasingly aluminum for aerospace, automotive, defense, medical, lawn/garden. Most members negatively affected by 201 steel tariffs as the relief measures did not extend to downstream industries such as metalstampers even though their products were all steel, which
typically accounts for 50-70% of their members’ input costs.

Stuart Speyer, President
Tennsco (PMA Member)
Dickson, TN (middle TN)
Notes: Family-owned manufacturer of steel storage and filing products founded by Stuart’s father in 1962 and now ship across to the U.S. and to Canada and Mexico. Have 650 employees fabricating shelving and cabinets from steel coils ranging from 11 to 24 gauge; steel accounts for 30-50% of each products’ cost. Continues to lose business to Chinese lockers made with cheaper steel being imported duty free into the U.S. as a finished product (In June, a customer informed him they would discontinue 192 of their SKUs due strictly to cheaper overseas pricing).

Willard T. “Will” Walker, CEO
Vice-Chairman of the Forging Industry Association (FIA) Board Walker Forge Clintonville, Wisconsin
Notes: Founded in 1950, Walker Forge is a family-owned technological leader in the manufacture of custom engineered carbon and alloy steel forgings for energy, transportation, agriculture, rail, military, and construction markets in US and Mexico. 350 employees engaged in value-added forging, heat treating and machining. Raw material is special bar quality steel (“SBQ”) purchased from four US mills including Timken Steel, Steel Dynamics, Inc., Nucor-Memphis, and Gerdau Special Steel N. America. 100% of raw material purchased is domestically produced SBQ. Forging is capital intensive, not labor intensive and raw material accounts for 40-60% of product cost, depending on the particular product. In the last several years, US-based OEMs and Tier 1 suppliers have moved aggressively to establish supply chains using offshore forging suppliers primarily in China, India, and S. Korea that utilize dumped/subsidized steel as well as other subsidies to supply forgings (unfinished as well as finish machined products) at predatory prices that pose an existential threat to the US forging industry.

Jim Springer – VP & CFO
Industrial Nut Corp – member of IFI
Sandusky, Ohio (north central OH)
Notes: Family-owned manufacturer of threaded fasteners founded by Jim’s great grandfather in 1908, and primarily serves the on-highway truck, off-highway construction/agricultural and oil and gas industries. Domestic steel is the primary raw material for our products, and is comprised of cold finished round and hexagon bars, hot-formed forgings and ductile castings. Foreign-based fastener manufacturers are a major concern in both U.S. and international markets, and rising domestic steel prices due to the implementation of steel tariffs may hurt our competitive position in these markets. As well, some foreign steel producers are vertically integrated and may resort to producing steel components in order to avoid tariffs. This occurred when ST-101 was implemented under the Bush Administration in the early 2000s, and contributed to the loss of many jobs in steel consuming industries.

John Guzik, Partner
The Franklin Partnership, LLP
Washington, D.C.
Notes: John represents the NTMA, PMPA, and PMA in Washington, D.C. and requested the meeting on behalf of the five trade
associations. He has worked for the metalworking industry since 2002, when retained to help PMA respond to the Steel 201 tariffs and continues to work with companies at the U.S. International Trade Commission and Capitol Hill.

Laurin Baker, Founder
The Laurin Baker Group
Washington, D.C.
Notes: Laurin represents FIA and IFI in Washington, DC and has represented the metalworking industry since the late 1990s. He worked on behalf of steel-consuming industries to respond to the 201 Steel Tariffs and continues to represent metalworkers and other manufacturers in front of the US ITC, Congress and regulatory bodies.

Jennifer Baker Reid, President
The Laurin Baker Group
Washington, D.C.
Notes: Jennifer represents FIA and IFI in Washington, DC and has represented the metalworking industry since 2005. She previously served as a legislative assistant for the US Marine Corps in its morale, welfare and recreation department. Since 2005, she represented metalworkers and other manufacturers in front of Congress and regulatory bodies on all issues including defense and trade.

Dina,

Thank you again for facilitating the meeting with Premier Wall and Secretary Ross. It was a very informative and productive meeting.

We also represent the premier of New Brunswick, Brian Gallant. We would like to meet with Secretary Ross to discuss the softwood lumber issue. John Anderson has met with Ambassador Wilkins on this issue.

We can be available on July 11 in the afternoon and any time on July 12, 26 or 27. Thank you for your consideration of this request.

All the best, Bob

I can get to your place by 930am, so my preference would be whatever time between then and the end of the day that is least likely to get pre-empted by other demands. If we want an added cushion as a hedge against flight delays, we could say any time from 10 AM on.

Thanks for getting back to me so quickly.

Best,

Mr. Poneman,

Secretary Ross' schedule has been jam packed, as you can imagine. I am sorry we have not had a chance to get this set up. Sec Ross is booked up next week with our SelectUSA conference and official travel and then is overseas the last week of June......it appears he could meet the week of July 10 which I know is pushing it out. Perhaps Wed, 7/12.

Dear Ms. Teramoto:

Just wanted to update you on this request, as there have been significant developments since I wrote regarding both of the initiatives mentioned in my earlier letter.
I discussed the broader policy context for this issue recently on the Hugh Hewitt show, and will send you that link separately.

Given the intrinsic urgency of these matters, I would be most grateful if Secretary Ross could see me this week, before my upcoming travel to Europe.

Dear Ms. Teramoto: Please find below a request for a meeting with Secretary Ross. Many thanks in advance for your consideration of this request. Sincerely, Dan Poneman

The Honorable Wilbur Ross

Secretary

U.S. Department of Commerce

1401 Constitution Ave., NW
Dear Mr. Secretary:

Given your pivotal role in promoting America’s vital economic and strategic interests around the world and, in particular, vis-a-vis Japan, I would greatly appreciate the opportunity to brief you on two time-sensitive matters of significant national security and economic interests to our Nation.

By way of introduction, Centrus Energy, the only U.S.-based uranium enrichment company, traces its roots to the Manhattan Project, and was privatized from the U.S. Department of Energy in 1998. Since that time, Centrus served as the U.S. executive agent on the Megatons-to-Megawatts program, which converted 20,000 nuclear weapons-worth of highly-enriched uranium from the Soviet arsenal into low-enriched uranium fuel which supplied half of America’s commercial fleet for 20 years. We have provided more than 1750 reactor years’ worth of fuel to our utility customers in the United States and around the world, equivalent to 7 million tons of coal. We have also worked with the U.S. Department of Energy to develop the world’s most advanced uranium enrichment centrifuge technology, to meet critical national security and energy security needs.

Many thanks for your consideration. I look forward to meeting with you at your earliest convenience.

Sincerely yours,

Daniel B. Poneman

Sheria –

I just left you a vm, I wanted to follow-up before the weekend on the potential for a postponement of the July 13 hearing, until we have completed our internal review of the Census numbers. I believe Patrick sent a text message to a member of the Census staff this morning with a date for later this month. Again, we would be happy to offer up the acting leadership, but feel that both sides would benefit from firm numbers and an informed government witness in the early-September timeframe. Before that meeting, we would be more than open to sharing the numbers that should be available in August.

Morning,

Hope you all had a great 4th yesterday!

The NEC is scheduling a series of meetings to develop and finalize the President’s Infrastructure Initiative. These follow months of meetings at the PCC and Deputies levels and are designed to brief the Principals on the issues that have been discussed at staff levels and to reach consensus on how to best proceed forward. These meetings conclude a process designed to finalize the elements of principles to be transmitted to Congress after the August recess and to start the debate on how we can best improve our nation’s infrastructure. We plan on holding three meetings, over the next four weeks (Weeks of July 10th, 24th, and 31st). Additional meetings may be added if needed. Briefing materials and read-aheads will be sent in advance of each meeting to prepare for the conversation.

Please feel free to direct questions about the content of these meetings to DJ Gribbin at doc.gov.

Official email will be sent soon, but for your principal please hold the following date and time for the first meeting, Wednesday, July 12th, 5:00 PM - 6:00 PM in the Roosevelt room.

Have a great day,
Kaitlyn

Subject: Note re: request for meeting with Secretary and Mr. Comstock on behalf of Steel Dynamics, Inc. - from Tamara

Good afternoon Carter,

I hope you are doing well. I had the pleasure to hear from Secretary Ross this week at the annual meeting of the North American Steel Trade Committee.

In this regard, I wanted to ask if you could direct me to the appropriate person to request a meeting with the Secretary and Mr. Comstock on July 13, 2017 on behalf of Mr. Mark Millett, President and CEO of Steel Dynamics of Ft. Wayne, Indiana. SDI is one of the nation’s largest steel producers and employs over 7,000 employees across the country.

Mr. Millett has not had the opportunity to participate in any of the previous meetings with the Administration and the steel industry and wanted to discuss a few important matters with the Secretary and Mr. Comstock.

I would appreciate your review of this request and welcome your recommendation.

Thank you.

Regards,

Tamara

Brian - I hope you had a good fourth and got a little time off.

As I mentioned, some SFC members have requested that Senator Hatch arrange a meeting with Secretary Ross on the steel and aluminum 232 investigations. We anticipate the meeting will be bipartisan.

I am checking on times during next week when Senator Hatch and Senator Wyden would be available. Wednesday and Thursday are the most likely days. Any guidance you can offer on Secretary Ross's availability next week would be appreciated.

Subject Call w/ Al Kelly, CEO of Visa
Busy

Dear Secretary Ross,

As you prepare for the U.S.-China Comprehensive Economic Dialogue meetings next week, I wanted to reach out and thank you for your leadership in making electronic payment services (EPS) market opening a priority on the bilateral trade agenda. As you know, Visa, Mastercard and other U.S. payments companies have been trying to access China’s domestic market for many years, and now thanks to your efforts under the 100 Day plan, we will finally have the opportunity to take the next step forward in the license application process very soon.

I understand you are extremely busy, but if at all possible, I would welcome an opportunity to speak by phone later this week and update you in more detail on Visa’s approach to China market entry. I
am sorry that we could not connect last time I was in Washington and hope to speak with you soon. Thank you once again for your consideration and continued efforts in pursuit of reciprocal market access and a level playing field for the U.S. payments industry to do business in China.

Sincerely,

Al

I am writing again, with more advance notice, about the meeting request from Baxter’s CEO. You mentioned that the Secretary may have some time the week of July 11. Would there be an opening on July 13 or 14? Thank you in advance for your consideration of this request.

Subject: Baxter Meeting Request with Secretary Ross

Earl (and Macie):

We are looking forward to the meeting on Friday regarding steel line pipe. Thanks for your time – I know you are very busy.

I have been asked to pass on one other request to Secretary Ross’s scheduler. The CEO of Baxter International, Joe Almeida, will be in Washington DC next Wednesday, June 21, and would be extremely honored for the opportunity to meet, even briefly, with Secretary Ross. See attached letter.

Baxter, with nearly 50,000 employees and over $10 billion of revenue, is a major producer of cutting edge medical products and provider of services, and would appreciate the ability to discuss matters related to international trade (especially unfair competition from Japan), tax reform, and American innovation and competitiveness.
Unfortunately, the window for a meeting is tight, either between 9:15 - 10:00 am or 12:15 - 1:00 pm, but any time the Secretary has would be greatly appreciated. Can you pass this on to his scheduler?

Thank you very much,

Tim Brightbill

Steve Ballmer is co-founder of the Ballmer Group and owner of the Los Angeles Clippers NBA basketball team. Ballmer retired as Chief Executive Officer of Microsoft in 2014 after leading the company for nearly 14 years. He remains a significant investor. The Ballmer Group focuses on organizations dedicated to bettering outcomes for children in need and helping reduce the cycle of intergenerational poverty in
the United States. They advance these efforts through grant making, investing in system reform, and collaborating with public and private sector partners. Steve also leads USAFacts, a project seeking to improve transparency in government, including disclosing taxes and borrowings raised, money allocated and spent, and outcomes achieved, much as corporations do through their 10-K reports. He co-taught a course last fall at Stanford on understanding government budgets and spending with Professor Mark Duggan, and has taught or lectured on technology, leadership, and innovation at Stanford, Harvard, and the University of Southern California.

Steve became Microsoft’s CEO in 2000, having served for 20 years in roles as president, senior vice president of sales and support, senior vice president of systems software, and vice president of marketing. He was the company’s first business manager. During his tenure at Microsoft, the company pioneered personal computing and democratized enterprise computing, growing from a small start-up to a company that today employs more than 110,000 people. During his tenure Microsoft grew to almost $80 billion in revenue and was the third most profitable company in the United States. He grew up near Detroit, where his father worked as a manager at Ford Motor Company. Ballmer earned a bachelor’s degree in mathematics and economics from Harvard University. He worked for two years at Procter & Gamble Company as an assistant product manager and attended Stanford University Graduate School of Business before joining Microsoft. He lives with his wife, Connie, and children in Washington.

Ballmer Group
The Ballmer Group supports initiatives and organizations aimed at improving economic mobility for children and families in the United States. They make investments and collaborate with partners with the goal of accelerating and scaling the nation’s most effective social services, targeting place-based, neighborhood interventions, and improving the efficacy and efficiency of public systems and programs that support low-income communities.

They have supported projects to strengthen public schools, advance gun safety legislation, empower providers of social and health services, improve child welfare outcomes, and reconnect students and young adults with education and job training opportunities. Their work is guided by the belief that government programs serve as the backbone of the social service sector, and that private philanthropy can partner to foster innovation, encourage systems reform, and improve outcomes for families.

The Ballmer Group is co-chaired by philanthropist and civic activist Connie Ballmer and her husband Steve Ballmer, former CEO of Microsoft and owner of the LA Clippers. The Ballmer Group also encompasses the executive offices of Connie and Steve Ballmer.

Secretary Tillerson will be joined by Margaret Peterlin (Chief of Staff),
Brian Hook (Director of Policy Planning), and Susan Thornton (Assistant Secretary for the Bureau of East Asian and Pacific Affairs). Will anyone be accompanying Secretaries Mnuchin and Ross?

I’ve also cc’d my colleague, Joe Semrad, to help coordinate arrival logistics.

Thanks,

Emily

Kelly -

Thank you for the response. Nice to meet you electronically. I have a new ask – I’m working on getting CEO’s of the U.S.’s largest steel Companies into a meeting with Secretary ross as soon as possible regard the Section 232 investigation. I know time is of the essence on this issue, so we are requesting a relatively quick timeline, hopefully sometime this week or early next. I understand how difficult that can be – but hoping there’s a way to accommodate a half hour to an hour meeting.

I know that’s a big ask – but this is a critical issue and we think that the Steel Industry’s leadership and the Secretary should have a sit down prior to any decision being reached.

Obviously this will all depend upon the day – but the CEO’s who are requesting the meeting are:

Tim Timken, CEO TimkenSteel
John Brett - CEO ArcelorMittal
Roger Newport - CEO AK Steel
John Ferriola - CEO NUCOR Steel
David Burritt - CEO US Steel
Barbara Smith - CEO CMC

There will likely be a few others – but at the time I was sending this email – this is what I could get confirmed.

Tim Timken’s Assistant was also reaching gout to Tina on this, but I told her that I wanted to reach out to you first on it to see if we could get it moving.

Thank you for your consideration. I stand ready to answer any questions or help to make this work in any way.
Best,

RYAN

Wendy, any feedback on proposed timing for CED of July 19? SSTM likes that timeframe.

SSTM also suggested that we set up a meeting for the middle of next week, preferably Wednesday, between him and SWLR and a few of us to discuss the action plan process and the CED. Would that work for you and SWLR?
Hi Wendy,

As Alan has conveyed, Treasury has confirmed Secretary Mnuchin’s availability on July 19 as a potential date for the CED (possibly with a dinner for co-chairs the evening before). Treasury recommends this date for the following reasons:
* This date allows a couple of non-weekend business days after Sunday July 16 for support staff to prep logistics.
* Completes CED before principals and staff start to go on vacations at end of July/beginning of August.

Our FO is keen to confirm a date asap so we welcome your feedback after you discuss with SWLR. Once our two agencies are agreed, we can propose to the Chinese.

Thanks and enjoy the long weekend!

Subject Meeting with Paul Drechsler, President of Confederation of British Industry

Location Secretary’s Office

Attachments UK - CBI President_sec_062217.docx

Show Time As Busy

Request from ITA, approved by Izzy

Attendees:

Paul Drechsler – President, Confederation of British Industry;

Benjamin Digby – Director for International Trade, Confederation of British Industry

John Dickerman – Head of North America, Confederation of British Industry

Background from CBI:

* First, and foremost, Paul wants to establish relationships with government with the mind-set that that the UK and the U.S. are both taking the lead on the global stage to reassess the impact of trade on their economies. We know, of course, that Commerce, the Secretary and the President are all very supportive of the existing economic relationship between the U.S. and the UK, but Paul is very keen to come to Washington and deliver a strong message on how the relationship could, and should, be even stronger. As such, he’ll be delivering a very strong message that our Countries, and in particular
the businesses that make up the structure of our economies, have an important link that is growing all the more important.

* Second, and ancillary to the main goal above, Paul will be previewing our annual report that details the extensive investment that UK makes in the U.S. an annual basis. We call the report Sterling Assets, and it is comprehensive in that it outlines on a state-by-state basis just how important the relationship is. We’ll be releasing our ninth edition later this year, but we have all the data and Paul will be highlighting the hugely impressive numbers during his trip.

Separately, Mike Bless the Chairman of Century Aluminum and Bob Prusak, CEO Magnitude 7 Metals
Prusak, the Chairman of Magnitude 7 Metals (which bought Noranda’s New Madrid smelter in St. Louis), will be in town this coming week (Monday the 10th all day and on the 11th before 12 noon), and would like to have the opportunity to meet with you. They are, along with the Steelworkers, the strongest supporters of the Administration’s efforts on the Aluminum 232.

Let me know. If there is someone I should deal with separately, happy to.

Hi Tina,

For the meeting with the Secretary, in addition to Robert Thomson, CEO for News Corp, we'll bring Toni Bush, Global Head of Government Affairs and Todd Thorpe, SVP for Global Government Affairs. I'm attaching bios.

For the meeting, this is primarily focused on introductions and helping the Secretary get to the know the company better. I anticipate Robert will also give the Secretary an update on some of the most recent initiatives including the News Corp antitrust complaint that we have filed in the European Union against Google. (I'm also attaching a link to background story on this topic here <https://www.wsj.com/articles/news-corp-files-formal-complaint-to-eu-over-google-1460972405>). And he will also likely share with the Secretary the challenges companies face when competing with dominant, online platforms.
Please do let me know if you have any additional questions or need any additional information.

Thanks for all your help!

Todd

JAMES CONNAUGHTON
PRESIDENT & CEO OF NAUTILUS DATA TECHNOLOGIES

James L. Connaughton is one of America’s most distinguished energy and environmental experts, as both corporate leader and prominent White House policymaker. He has creatively developed market-based solutions to some of the world’s most significant environmental challenges – deploying innovative technology to help protect the environment for future generations.

Most recently Mr. Connaughton, served as Executive Vice President of C3 Energy, enabling energy companies to realize the full benefit of their IoT and system investments by applying the power of big data, advanced analytics, social networking, machine learning, and cloud computing to improve the safety, reliability, and efficiency of power generation and delivery – making the ‘Internet of Energy’ a reality. Previously, Mr. Connaughton was Executive Vice President and Senior Policy Advisor at Exelon and Constellation Energy.

In 2001, Mr. Connaughton was unanimously confirmed by the U.S. Senate to serve as Chairman of the White House Council on Environmental Quality. He served as President Bush’s senior advisor on energy, environment and natural resources, and as Director of the White House Office of Environmental Policy. During his service with the federal government, Connaughton worked closely with the President, the Cabinet and the Congress to develop and implement energy, environment, natural resource, and climate change policies. This work led to a series of new market-based programs, incentives, technology initiatives and public-private partnerships that included bipartisan energy legislation, nearly $90 billion for clean energy technology research and incentives to accelerate commercial deployment of advanced technologies such as plug-in hybrid vehicles, renewable fuels, nuclear, solar and wind.

Mr. Connaughton also played a leading role in major initiatives that expanded energy and infrastructure projects, improved management of public forests, protected and restored millions of acres of wetlands, implemented new national air quality standards, reduced air pollution
from power plants and diesel vehicles, improved conservation partnerships with farmers, and developed international environmental cooperation agreements.

Mr. Connaughton received his bachelor’s degree from Yale University and graduated magna cum laude from Northwestern University School of Law.

Chelsey –

Thanks again for taking the call.

As I mentioned, this is an informal off the record meet and greet with the Rules Committee Republican Members.
The Committee is the last stop for all major legislation, and the members often have to make difficult decisions regarding which amendments are made in order and which are ruled out of order. It is helpful for them to get to know the Secretary and his priorities early on in the legislative process as to be helpful in moving forward a joint agenda.

Generally, when the other Secretaries have come in, the Members chat, and then the Secretary makes some short remarks on their agenda and opens it up to general conversation. Nothing formal.

Thanks for taking a look and for your consideration.

Best,

Kevin Hubbard

Not a problem at all Ross. I can appreciate how busy you all are over there. My boss is would like an in person meeting with the secretary, if possible. He would like to talk about NAFTA and how some of our Ag producers in Florida have been affected. I have cc’d our scheduler so
feel free to have your folks reach out to her.

Again, really appreciate it Ross.

Subject: Pre-meeting tomorrow?

Hi Brian. We are looking forward to the meeting with Secretary Ross tomorrow.

We’ve just learned that Chairman Brady has to be at the White House for the medal of valor ceremony related to the House baseball shooting, which starts at 3:00. Therefore, unfortunately he will be unable to attend the meeting with the Secretary. Chairman Reichert (trade subcomm. Chair) will chair the meeting. We also have votes beginning at 1:30, and it’s likely to be a long string. I was wondering if it might be possible for Chairman Brady to meet with Secretary Ross in the Capitol at 2:10 before going to the meeting at 2:30?

Thanks!

Thanks, Izzy. Also, as I mentioned at our agency-head meeting a few weeks ago, it would be good to brief the Secretary (and the Team) on this month’s first GDP release for the second quarter of 2017. I’m thinking he may get questions about the numbers, given that there has already been discussion about second-quarter economic performance in the news. We could do an embargoed briefing on Friday July 28th at 8:00 am.

Thanks so much,

Brian

Dear Secretary Ross:

I would very much appreciate an opportunity to meet with you or your staff this week regarding the New England Canyons and Seamounts Marine National Monument. My goal is to share some perspective about the Monument and to offer resources to assist the Department with it.

On Tuesday, August 1, 2017 some of my colleagues and I are meeting with Downey Magallanes, Acting Deputy Chief of Staff, Senior Advisor and Counselor to the Secretary of Interior to discuss the review process for the Monument.
Mystic Aquarium has been engaged in the New England Canyons and Seamounts Marine National Monument effort over the past several years. We understand and appreciate the divergent viewpoints on the designation of the area as a Monument. Our role has been to provide scientific analysis and be a fair broker for public engagement.

Many thanks for your kind consideration of this request.

Hi Wendy —

We would like to invite Secretary Ross to speak at our next Treasury Borrowing Advisory Committee (TBAC) lunch on August 1.

TBAC convenes quarterly to discuss U.S. debt management strategy and global market developments and is comprised of senior representatives from investment funds, banks, and other key intermediaries in the Treasury market. The following link lists the current set of members, not including five new participants that will begin their term in August: https://www.treasury.gov/resource-center/data-chart-center/quarterly-refunding/Pages/members-index.aspx.

For the upcoming TBAC lunch, the group would love to hear Secretary Ross’s views (15-30 minutes) on a wide range of topics of his choosing, including trade and NAFTA renegotiation, followed by Q&A. The lunch is off the record and closed to the press.

Let me know if you have any questions and if he is able to attend.

Thanks,

NEWT GINGRICH
FORMER SPEAKER
THE U.S. HOUSE OF REPRESENTATIVES (R-GA)

Speaker Gingrich served in the House of Representatives for 20 years, representing the Sixth District of Georgia from 1979 to 1999. From 1995 to 1999, he served as the Speaker of the House. He is known as the architect of the “Contract with America,” which in 1994 brought the first Republican majority to the House in 40 years. As speaker, he oversaw welfare reform, the first balanced budget in a generation, and the first tax cut in 17 years. For his instrumental leadership during this time, he was named Man of the Year for 1995 by Time magazine.

In 1999, Gingrich sat on the U.S. Commission on National Security/21st Century, Hart/Rudman Commission to review the future U.S. national security challenges. Through his work on this Commission, he is credited with the idea of a Homeland Security Agency headed by a Secretary on the Cabinet level.

More recently, he was a candidate for the 2012 Republican nomination for U.S. from May 2011 to May 2012. While running, he won the South Carolina and Georgia primaries. During his campaign, he championed innovative policy ideas including the $2.50 a gallon energy plan.

Gingrich grew up as the son of a career soldier. Today Gingrich is a regular Fox New contributor as well as a Senior Advisor at Dentons, the world’s largest law firm. He is the author of 34 books and is also a popular public speaker.

He received a BA in history from Emory University and a MA and PhD
in Modern European History from Tulane University. He lives in McLean, Virginia, along with his wife, Callista.

Taking into account the upcoming visit of Vicepresident Mike Pence to Colombia in August 13 and 14.

The Ambassador of Colombia to the United States, H.E. Camilo Reyes would like to have a courtesy follow-up phone call with Secretary Wilbur Ross, regarding the agreement Mr. Ross and Colombian Minister of Trade Maria Lacouture made last May related with U.S Rough Rice and Colombian Hass Avocado.

The commitment of the Colombian Government has been accomplished completely, U.S exporters of rough rice are able to introduce their product in all the Colombian Seaports, and APHIS has agreed with the new import requirements developed by the Colombian Sanitary Agency.

Ambassador Reyes would like to give to Secretary Ross a quick overview of our commitments, and request support for the
publication of the final rule for allowing imports of Colombian Hass Avocado into the U.S very promptly.

BACKGROUND: ITA has hired 9 new Foreign Commercial Service Officers and assigned them to overseas and domestic posts. The new officers have been in Washington on a four-week training program as part of their on-boarding process. The training program culminates on August 4 with a public swearing-in ceremony, which allows the new officers to take the oath of office in front of family and friends as the official start to their careers as Foreign Service Officers. Attendees are expected to number 100+.
SEQUENCE OF EVENTS:

11:30 AM The Secretary of Commerce, ITA Deputy Under Secretary and Acting AS for GM start the program seated in chairs on the stage behind the podium. FSHR Acting Director opens the program and invites guests to rise for the presentation of the colors and the pledge of allegiance.

11:35 AM FSHR Acting Director introduces the Acting AS/DG, Acting Assistant Secretary for Global Markets and Director General of the U.S. and Foreign Commercial Service.

11:35 AM Acting AS/DG makes brief remarks and introduces the ITA Deputy U/S.

11:40 AM Deputy U/S makes brief remarks and introduces YOU.

11:45 AM YOU give brief remarks, and then proceed immediately to the left of the stage, when facing the audience, to receive the officers.

11:55 AM FSHR Acting Director thanks YOU and invites the ITA Deputy U/S and Acting AS/GM to join YOU on the left side of the stage when facing the audience. YOU are third in line, in the honor position, to greet and shake hands with the Officers as they come on stage and pose for a photo. Stand in such a way so that the photographer can clearly see the side view of both you and the officer. The FSHR Acting Director will call each new officer to the stage and state their post of assignment. YOU shake hands, congratulate, and pose for a photo. The photographer will be located in the center of the first landing in the auditorium. As soon as you shake the hand of the last officer, head immediately to the podium to administer the Oath of Office to the group, asking them to repeat each line after you.

12:05 PM YOU then read the oath line-by-line with the officers repeating after you as a group.

OATH OF OFFICE

(Affirm)

I, (state your full name), / do solemnly affirm/

that I will support and defend / the Constitution of the United States / against all enemies foreign and domestic; / that I will bear true faith and allegiance to the same; / that I take this obligation freely; / without any mental reservation / or purpose of evasion; / that I will well and faithfully discharge/

the duties of the office on which I am about to enter.
12:10 PM Immediately after the swearing-in, YOU walk across to the center of the stage to pose for a group photo with the officers. Several photos will be taken that include the ITA Deputy U/S and the Acting AS/DG on either end of the group of officers. Then, the ITA Deputy U/S and the Acting AS/DG will step to the side so that additional photos can be taken with just YOU and the officers.

12:15 PM FSHR Acting Director announces the conclusion of the ceremony and invites the attendees to gather in the main lobby for the reception; YOU depart the auditorium, while the Deputy U/S and Acting AS/DG join the guests in the lobby for the lite reception.

Please find attached the list of Argentines visiting DC this Thursday and Friday to follow up to Secretary Ross’s phone call with Minister Cabrera last week. In addition to our agriculture market access issues, they plan to discuss GSP and biodiesel (AD/CVD determinations coming after the VPOTUS visit).

Instead of meeting the delegation this Thursday, would Secretary Ross be available to meet with the delegation on Friday, August 11 after 1:30pm? This way the delegation would have technical conversations with USTR and USDA before meeting Secretary Ross. This meeting could take place either in person or via phone.

Alternatively, if Secretary Ross is unavailable to meet with the delegation at all, could they meet with you and E&C regarding the biodiesel case?

In the meantime, would you mind providing the topics Senator Collins and Senator King were hoping to discuss?

Agenda:

1:20pm - arrival to Shenandoah green room, lower level

1:45pm – escorted to backstage hold area

1:55pm-2:15pm – Main stage speaking time
Theme: The American Dream is brought to life by the creators, rebels, thinkers, innovators, and entrepreneurs who want something more – the freedom and liberty to pursue happiness and fulfillment as they discover it for themselves and their families. Born in a melting pot of ideas, ethnicities, and visions of happiness the American Dream is unique because, through economic freedom, an infinite number of aspirations can become reality. Those aspirations in turn improve human wellbeing in the form of new medicine, plentiful, cheap, and delicious food, fast and affordable long-distance transportation, access to music, culture, and the arts, comfortable housing, more efficient and safe working conditions, fascinating entertainment, and so much more. Only through economic freedom can the dreams of America’s founders remain true and only through economic freedom can new dreams grow.
Note request for Sept meeting: “Kindly advise the availability of both the US Secretary of Commerce the Honorable Wilbur Ross and USTR the Honorable Mr. Lighthizer during the month of September 2017 as HE the Minister of Industry, Commerce & Tourism might be travelling to Washington DC during that month and would like to meet with them during his visit.”

When asked, MOICT later clarified that: “any date after 20th September 2017 would be appreciated for both meetings.”

As mentioned below, in today’s exchanges, MOICT noted that “during the September visit HE the Minister also wishes to meet the leadership of the US agency responsible for SMEs, such as the Small Business Administration "SBA."

Subject: OGC request -- introducing Peter Davidson as GC

Hi Chelsey-

Assuming the WH paperwork comes through soon, the recently confirmed GC nominee is hoping to do a webex introduction for all of OGC attorneys some time Thursday afternoon (or early next week, in the alternative). We’ll invite the counsel housed in main commerce to attend live in either the auditorium or library. Michelle, who has been acting as GC, thought it might be nice for Secretary Ross to provide a very brief introduction of Peter to our 400+ counsel across the country. Do you think this might be a possibility? We are pretty flexible with timing and location and completely understand if that is not possible for this week. Thanks and please let us know.

Also, on a separate note, I reserved the Secretary’s Conference Room for Wednesday from 12:30-1:00 to hold the Department’s Regulatory
Reform Task Force monthly meeting. Brooke asked that we run all OS Conference Room reservations by your office. Let me know if any questions/concerns.

Thanks,

James

Subject: Request for a meeting with Secretary Ross

Peter,

Thank you for helping us set up a meeting with Congressman Walker and our client Ken Winterhalter, President of Twin Rivers Paper Company and Secretary Ross regarding the request from Twin Rivers [attached] that the “Atlantic Provinces Exemption” under the Softwood Lumber agreement include the Twin Rivers integrated facilities that support the jobs in Madawaska, Maine. Our formal letter address a petition amendment under the existing case, but Mr. Winterhalter is a businessman looking for a practical solution to his unique facts and would hope the Secretary may have some suggestions on the most productive steps that can be taken to protect these U.S. jobs.

Ken can be in Washington D.C. next Thursday August 10 or Friday August 11 if that would work with the Secretary’s availability. Congressman Walker’s assistant, Sonjai Harrison can help find a mutually agreeable time for the meeting on those dates or when it best works form the Secretary and Mr. Winterhalter. Her direct dial number is 202-662-3737.

The requested time commitment is 10-15 minutes for the call, with 20 minutes a day or so ahead of time for pre-brief. We discussed this meeting with the Secretary during his pull-aside with PAC-DBIA Chair Jay Ireland (GE) and Staff Rep Leslie Griffin (UPS) on June 14, following his speech at the CCA Summit.

So, we were wondering if you could help us identify time frames that might work for the Secretary with enough lead time to allow us to get the requisite Federal Register notice published? We have reached out to the PAC-DBIA chairs to see if they are aware of any time frames that would not work for their members.

Thanks in advance for your help!

I noticed that you will be playing a key role in the President's effort to create an advisory council regarding infrastructure. I know this is a complicated initiative with many challenges.

Amtrak is very much at the center of many of these issues. We continue to make real progress on deferred capital projects, particularly at Penn Station. In the interim, our improved financial performance has continued. June and July were among the best months in the Company's history. Our efforts over the last several years to strengthen the Company have included changes in leadership and overall execution capacity.

If our Amtrak experience is helpful to you and your staff, please let me know. As I mentioned when we met in March, we feel our business has multiple opportunities for private investment.

Topic:

“Lockheed Martin is a large aerospace & defense company. Most of Lockheed Martin’s exports are controlled, and Commerce plays a key role both in advocating for the sale of those systems and ensuring that the sensitive technology is properly reviewed. Accordingly, their defense advocacy priorities in key regions and export control policy are likely high on the list. In addition, I expect that Ms. Hewson would want to talk about the Secretary’s broader perspective on the international trade agenda and next steps for the Buy America reviews.

I would characterize this as opportunity to have a broad conversation on how Lockheed Martin can continue to support the national and economic security agenda by increasing exports and US jobs and ensuring that our partners and allies have the systems they need to support US global security interests.” Per Mark Webber, Lockheed Marin Gov’t Affairs

Subject: Meeting Request with Secretary Ross

Jennifer:

I was hoping you could point me in the right direction for submitting a meeting request for my CEO, Marillyn Hewson, with Secretary Ross.

The Secretary and Ms. Hewson had an opportunity to speak at an event in early June, which led to the Secretary sending a kind note on June 21 noting his interest in getting more input on how Lockheed Martin can promote growth. Accordingly, we were hoping to get something on the calendar for a brief discussion regarding LM's priorities.

I know the Secretary has many demands on his time, but if we could find a date that is mutually workable in the coming months, it would be much appreciated.

And of course, if you’d prefer I work this request through the COS, scheduler or other POC in the Secretary’s office, please don’t hesitate to let me know.

Thanks in advance for your assistance.

Mark

Below is the Argentine delegation member list.

So I just talked to Pablo Brizuela. They would like to move the meeting to 1:15 because Pablo Quirno (the Chief of Cabinet Secretariat for International Economic Relations (3rd on the list)) has a plane ticket to return to Argentina tomorrow at 5:30 and so far he has been unable to change it. Brinzuela would Quirno to attend the meeting with the Secretary but will understand if the meeting time cannot be changed.
Thanks Gary. Unless it is a huge problem, let’s keep the meeting at 5:00. Earl

Thanks for your email.

Sorry to ask you this, but we would like to change the time of the meeting and move it back to 1.15pm if that is possible, to allow one official from the delegation to participate in the meeting.

If it is not possible we stay with the 5pm time.

Sorry again for this last minute change.

Subject: Meeting request for CASIS (ISS Natl Lab) executive dir/astronaut with Sec. Ross

Good morning; we represent the Center for the Advancement of Science In Space (CASIS), the nonprofit organization that runs the US National Laboratory aboard the International Space Station. CASIS is responsible for coordinating ISS National Lab research, and is working to commercialize it as much as possible. With the planned retirement of the ISS in 2024, now is the time to prepare for the next phase of US research in space.

CASIS’s Executive Director, former NASA astronaut and retired USAF Colonel Greg Johnson, would appreciate an opportunity to meet with Secretary Ross to brief him about the research CASIS is coordinating, the commercial partners it has attracted to the ISS, and how the Commerce Department and NASA can work together with CASIS and private-sector partners to ensure a continuing US research presence in space.

Mr. Johnson is available September 5 after 11:30 a.m., and September 6-8 all day. If necessary, we can also look at the week of September 25, as well as dates in November.
Thank you for your consideration of this request.

All the best,

Chamber of Commerce. The other panelists include: His Excellency

From Ambassador: Dear Ms Teramoto,

Thank you for taking my call earlier today. As I mentioned, our Head of
State will be visiting Washington on September 7th, for a meeting
with President Trump. Accompanying our Head of State will be a large
group of Kuwaiti business leaders. My Government together with the
US Chamber of Commerce are holding a half-day event at the
Chamber’s headquarters in DC on September 6th in which American
and Kuwaiti business leaders will come together to discuss business
opportunities among them. The Keynote speaker at the event will be
our Minister of Finance. We would be honored if Secretary Ross
could take part in the event and deliver a few remarks. One of the objectives
of our Head of State’s visit to D.C. is to promote business growth
between the US and Kuwait. I am certain that if the Secretary is made
aware of this event, he will be inclined to attend. I would be grateful if
you could make the Secretary aware of this event and its objectives.
The event itself will be a half-day event, starting at 9am and ending
with a lunch at 1:30pm. It will include remarks and panel discussions.
Again, we would be honored if the Secretary would attend all, or part
of the event and say a few words.

All the best,

Salem Al-Sabah

Subject: Request for a Phone Call Discussion between Sec. Ross and Rep. Lloyd Smucker
It was a pleasure speaking with you earlier today. As discussed, Congressman Smucker would like to schedule a phone call with Secretary Ross regarding the Department of Commerce’s investigation of aluminum foil imports from China. The purpose of the call will be to discuss the importance of ultra-thin aluminum imports to the food and beverage industries and the lack of a domestic market for aluminum foil with a thickness of up to .00047 inches.

If it is possible to schedule a call time within the next two weeks or the week of August 14th he would greatly appreciate it. Congressman Smucker would be the only participant on the call. Please let me know if I can provide you with any additional information, or answer any questions regarding this request. Thank you for your assistance and consideration.

Subject Mtg w/ Polysilicon Industry Executive Delegation
Location Secretary’s Conference Room
Attachments Sec Ross Letter PDF
Show Time As Busy

Topic: Long standing anti-dumping/countervailing duty complaints between China and the US over solar panels and polysilicon. For polysilicon in particular, these measures have been critically damaging, eliminating all access to the Chinese markets, which accounts for over 80% of the global market. These barriers have handicapped US exports, forced job losses, caused the dismantling of new manufacturing capacity, and undermined the competitiveness of the strategic US polysilicon industry.

OGC Guidance: Will Jacobi (8/31/2017)

Attendees:
Dow/HSC: Mauro Gregorio, President Dow Corning and Board Member HSC; Don Sheets, Board Member HSC; Kevin Kolevar, Dow Chemical
Wacker: Dr. Wacker, Chairman of the Supervisory Board and Dr Staudigl, President & CEO, Wacker Group
REC: Jens Ulltveit-Moe, Chairman of the Board, REC Silicon
Staff: Lisa Schroeter, Dow

Subject: Sept 7 - Meeting Request

Dear Eric and Jen,

As promised, wanted to provide an official meeting request for the Polysilicon industry executive delegation (including executives of Dow, Hemlock, Wacker and REC).

The executives would welcome an opportunity to discuss opportunities for progress on the polysilicon trade case with China, and potential for increased manufacturing, jobs and exports.

The delegation will be in DC on 7 September, and would ideally hope to meet between 10:30 and 2:30. We would of course be flexible to the Secretary’s schedule.

Very much appreciate your kind consideration of this request. Please let me know if you need more detail or how I can help secure a meeting, best, Lisa

Good to talk with you. As mentioned, we would like to have Secretary Ross join us for our event on September 12th ahead of the Global Entrepreneurship Summit. Below is more info about the event. Let me know if I can provide further information.

-The Chamber's U.S.-India Business Council (USIBC) will host a Global Entrepreneurship event at the Chamber on September 12.
-This event will be a preview to the Global Entrepreneurship Summit that will be held in late November in Hyderabad, India.
-USIBC is working with the State Department to make this event an official "Road to GES event."
-Our members would be very interested in hearing from Secretary Ross about the goals and objectives for the GES, and how they can plug in to support the Summit.
-We have also invited Indian Ambassador to the U.S. Sarna, and would invite CEOs and other USG and GOI reps, and possibly Members of Congress.

Warmest regards,

Myron

Although I was just informed that Secretary Ross did meet with the Semiconductor Industry Association, and Mark was a part of that meeting.

Understood and many thanks for the quick response!

Good afternoon Jeff,

On behalf of Secretary Ross, thank you for reaching out to the Department of Commerce. We will be sure to include your request during an upcoming scheduling meeting.

Please note, due to the volume of requests the Secretary receives it can take a few weeks to process your invitation. However, if you have not received a response from the scheduling team within two weeks of your requested meeting, please do not hesitate to follow-up with our team or myself.

Regards,

Chelsey

Does this date work or are there better days for the Secretary?

Dear Wendy and Eric,

I am writing this, following Mr. Toby Myerson’s request. In May, Toby kindly asked your Secretary for introducing me. Unfortunately, your Secretary was traveling at that time.

This time I visit D.C. for participating round tables at Brookings, Mansfield and CSIS in connection with the US-Japan 123 Agreement (US-Japan Nuclear Cooperation Agreement) but in addition I would like to exchange views with the US leaders on the US-Japan economic relation and possible joint projects financing infrastructure projects or decreasing trade deficit. I'm sure your Secretary is extremely busy so if he can't, I want to see his trustful staff.

Is there any time workable for you in the following slots?

September 12: 11:30-14:30, 17:00-18:30 September 13: 9:00-11:30, 17:00-18:00

Good afternoon Morgan and Chelsey,

I’m reaching out today to request a meeting with Secretary Ross and Todd Leebow; the President and CEO of Majestic Steel USA. Todd is the fourth generation of his family to be in Steel. Majestic Steel USA is an Ohio-Based family-owned business that proudly obtains 97 percent of its product right here in the United States. They have facilities in in Texas, Oklahoma, Florida and Georgia. Additionally, they have 45 warehouses across 25 States. Majestic Steel generates $300+ Million in annual revenue.

Majestic sources, transports, stores, processes, sells, and distributes hundreds of millions of pounds of steel annually. Serving more than 3,000 customers throughout the years and across the nation, Majestic provides the essential building component – modern, light and strong steel – to end users that manufacture everything from homes, office buildings, bridges, automobiles and school buses to refrigerators, washing machines, HVAC systems, and high-technology devices, as well as the nation’s defense infrastructure. To ensure the best market intelligence, the height of productivity and customer care, Majestic has developed proprietary technologies, sophisticated databases and a suite of proprietary mobile applications that empower its team of more than 275 full-time associates.

Todd Leebow would very much appreciate the opportunity to talk with Secretary Ross about his company and the future of the Domestic Steel. Additionally, Majestic operates a facility in Houston and they plan to be a HUGE part of the Houston rebuild. Todd is a young, highly successful entrepreneur that firmly believes in the cause and wants to support the Administration.

Todd will be in DC next week (11th through the 14th) and would be very interested in meeting with the Secretary. Please let me know if this is possible.

Thank you for considering,

Brad Hantler

POC:
Hey Macie,

Nice talking with you just now. Congressman Jack Kingston along with our client, Biotechnology Innovation Organization (BIO), met with Reed Cordish this week. Reed strongly suggested we follow up asap with a meeting with Secretary Ross.

As background, BIO is a worldwide organization with over 1,000 members consisting of academic institutions, state biotechnology centers, biotechnology companies and related organizations. Joining Jack in the meeting would be BIO’s president, Congressman Jim Greenwood, Gary Andres, Senior Executive VP of Public Affairs, and possibly some of their board members. The topics include drug pricing, drug re-importation, and Part B.
Thanks so much for passing this along to the right folks. Happy to provide more information or set up a phone call with Jack if that’s helpful. If it’s useful, Dolly helped arrange the meeting with Reed and Mathew Lira was also in the meeting.

Thanks so much!

Brianna

Subject: More than 100 Business Groups across Major Manufacturing, Services, Technology and Food/Ag Sectors Urge Administration to Maintain and Upgrade ISDS in NAFTA Modernization; Request for Meeting with Secretary Ross for Senior Corporate Executives
Importance: High

All,

Please find attached a letter signed by 108 associations representing millions of manufacturing, services, technology, energy and food/agriculture businesses throughout the United States urging Secretary Ross and his administration colleagues to maintain and upgrade investment access, protections and enforcement, including specifically investor-state dispute settlement (ISDS) in a modernized NAFTA. This is a critical issue for a wide range of industries throughout the United States – from manufacturing and energy to infrastructure, technology and services – to ensure foreign governments do not treat U.S. businesses unfairly.

In addition, on behalf of my colleagues signing this letter and our companies, I would like to request a meeting with Secretary Ross to discuss this critical issue with business associations and senior
company executives across U.S. manufacturing, energy and service sectors. We seek this opportunity to explain first-hand why investment enforcement and ISDS, along with investment access and protections, are critically important to the United States and its workers and need to be included in an updated NAFTA. Given the speed of the NAFTA negotiations and the importance of this issue to businesses across the nation, we urge the opportunity to have this in-person discussion as soon as possible.

I look forward to hearing from you about arranging a meeting and welcome any follow-up questions.

Dear Ms Teramoto,

First, congratulations on your position working with Secretary Ross at Commerce. Public service, I know, can be extremely rewarding.

As we discussed I am on the advisory board of the Northeast Maglev. We have made significant progress towards building very high-speed rail, (approximately 320 mph) between D.C. and New York City. We would be using technology already in commercial operation in Japan. Further, the Japanese government is committed to providing significant financial support for the project.

The head of the project and I would appreciate the opportunity to meet with Secretary Ross sometime this month if possible. The board leadership and I would be available to meet with you and the Secretary virtually any business day in Washington in September and I would appreciate it if you could provide some dates when the
Secretary might be available.

In addition, the board is holding a board dinner on September 26th in Georgetown at the home of Advisory Board member Kevin Plank. You and the Secretary are both cordially invited to meet informally for a pleasant evening with the Board if your schedules permit.

Again, thank you for your willingness to assist in this matter and I look forward to a productive discussion.

Very truly yours,

George Pataki

Agenda:

12:25 PM SWR arrives, mic’d

12:35 PM – 1:00 PM Moderated conversation with John Harris, Editor in Chief at POLITICO

On behalf of POLITICO’s editorial team, it’s my pleasure to invite Secretary Ross to join us for a keynote conversation at the POLITICO Pro Policy Summit taking place this September. I know he was unable to join us for the Global POLITICO Summit, but we’re hoping that he might be interested in speaking specifically to his policy area and that with more lead time, this might fit into his busy schedule.

The POLITICO Pro Policy Summit will convene POLITICO Pro subscribers for a unique, full day program harnessing Pro’s unparalleled access and insight to help policy professionals navigate the priorities and personalities in the new Washington. The political landscape continues to evolve and increase in complexity as policy issues expand beyond their silos and intersect across the policy spectrum. POLITICO Pro’s editors and reporters will curate the Summit’s series of newsworthy interviews and panel discussions to reveal the implications, stakes and political forces impacting key policy verticals, such as trade, tax, defense, energy and healthcare.

As Secretary of Commerce, we invite him to headline the POLITICO Pro Policy Summit as a keynote interview. More details can be found below and a formal invitation is attached, as well as a summary of the Summit.

* Keynote Format: The keynote interview will be an approximately 30-minute one-on-one conversation with a senior POLITICO journalist. The interview will be a part of a full day program of high-level mainstage keynotes, panel conversations and breakout session discussions.

* Location and Timing: The Summit will be held at the Omni Shoreham Hotel in Washington, D.C. on September 14, 2017. We can be flexible on exact conversation timing to accommodate his schedule.
* Audience: The Summit will be invitation only and limited to POLITICO Pro subscribers, outside media outlets and sponsors, ensuring those in the room are high-level policy professionals who demand targeted intelligence to do their job. This will result in an audience of approximately 400 senior influencers from the administration, Capitol Hill, associations, corporations, academics, non-profits and outside media outlets, with many more joining in via livestream.

* Press: Like all POLITICO Live programs, these conversations will be on the record, open to the press and streamed live on the POLITICO website and made available to the more than 20 million unique visitors the site receives each month.

We hope the Secretary will consider joining us for what promises to be an engaging and important conversation. Please feel free to let me know if you have any questions at all and I look forward to hearing from you!

Best,

Jessica

**In case of any changes or late arrival, please call Mr. Panupat (Protocol) at (b)(6)

Dear Ms. Neuhaus,

It was a pleasure speaking to you this afternoon. Thank you very much for taking my call. I am writing on behalf of Ambassador Pisan Manawapat, the Ambassador of Thailand to the U.S., to invite Secretary Wilbur Ross and Mrs. Hilary Geary Ross to a private dinner at the Thai Ambassador’s residence next month. (Enclosed is the Ambassador’s biography, for your kind reference)

The Ambassador learned from his close friend, Mr. Richard Hohlt, that Secretary Ross will be travelling to Thailand and a few other countries in the region in September and have heard that Secretary Ross loves
Thai food and would love to have authentic Thai cuisine. Mr. Hohlt suggests that the Ambassador hosts a private dinner for Secretary Ross before his departure for the region and mentioned that he has already discussed this with Secretary Ross’ Chief of Staff, Ms. Wendy.

The Ambassador’s wife and Mrs. Ross also met a few months ago at the International Club Number 1’s private event hosted by the Japanese Embassy, so the Ambassador and Madame would love to also invite Mrs. Ross to the dinner.

Ambassador and Madame Manawapat would be honored to host a private dinner for Secretary and Mrs. Ross in September (except 1, 5, 12 and 15 September due to prior commitments).

Thank you very much for your kind assistance. I am looking forward to hearing from you further. If there is anything we at the Embassy of Thailand could be of assistance to you and your team at the Department of Commerce, please do not hesitate to let us know.

Best regards,

Aing

I hope you are well and enjoying summer! Recently, Blackstone announced our plan for an infrastructure fund, with investment from the Public Investment Fund (PIF) of Saudi Arabia. The Managing Director of PIF, Yasir Al Rumayyan will be in Washington with the head of our infrastructure business, Sean Klimczak and they would like to meet with Secretary Ross if he is available either the afternoon of Sept 18th or on Sept 19th.

Below is some information about the fund, as well as bios for both Yasir and Sean. Please let me know if you need additional information. I look forward to hearing from you.

Thanks!

Lisa

Blackstone and the Public Investment Fund (“PIF”) of Saudi Arabia announced today the execution of a memorandum of understanding in relation to the launch of a new investment vehicle dedicated to infrastructure with an anchor $20 billion contribution by PIF. Blackstone anticipates that the program will have $40 billion in total equity commitments in a permanent capital vehicle, including $20 billion to be raised from other investors. The MOU is non-binding and the parties will continue their negotiation to agree definitive documentation.

Overall, through the equity in this vehicle and additional debt financing, Blackstone expects to invest in more than $100 billion of infrastructure projects, principally in the United States.

Across its investment strategies, infrastructure investing has been one of Blackstone’s most successful and active areas. The firm has invested in more than $40 billion of infrastructure-related projects globally over the last 15 years. This vehicle launches a new business for Blackstone with PIF as a strategic partner. This collaboration between PIF and Blackstone is the culmination of a year’s discussions between the two institutions, which began in May 2016.

H.E. Yasir Al Rumayyan, Managing Director of the Public Investment Fund of the Kingdom of Saudi Arabia, said: “The Public Investment Fund’s international investment strategy is built upon establishing strong global partnerships and identifying opportunities to maximize sustainable returns for the people of Saudi Arabia. We look forward to partnering with Blackstone, a recognized leader with a strong record of achievement across its extensive infrastructure projects. This potential investment reflects our positive views around the ambitious infrastructure initiatives being undertaken in the United States as
announced by President Trump, and the strategic opportunity for the Public Investment Fund to achieve long-term returns given historical investment shortfalls.”

Blackstone’s new program will help the United States address its significant need for infrastructure improvement. United States infrastructure is graded D+ by the American Society of Civil Engineers (ASCE), and the deteriorated state of its infrastructure is estimated to cost each American family $3,400 per year. Independent estimates put the country's infrastructure funding gap at up to $2 trillion, requiring significant domestic and international private sector investment. Infrastructure investment plans currently under consideration at the Federal level in the United States are expected to create as many as 15 million jobs, while also enhancing America's economic growth, productivity, and global competitiveness.

Blackstone President Hamilton E. James said: “There is broad agreement that the United States urgently needs to invest in its rapidly aging infrastructure. This will create well-paying American jobs and will lay the foundation for stronger long-term economic growth. Blackstone has the talent, scale and experience to be an effective private sector partner in filling the massive infrastructure funding gap. We thank PIF for its strong endorsement of the United States and its vote of confidence in our country and Blackstone in making this investment.”

M. Klein and Company advised PIF on the creation of this strategic partnership with Blackstone.

About the Public Investment Fund:

The Public Investment Fund of Saudi Arabia has a diverse portfolio made up of approximately 200 investments, of which around 20 are listed on the Tadawul, the Saudi Stock Exchange. As well as its listed holdings, the Public Investment Fund also has unlisted equity investments, international investments, real estate holdings, and loans, bonds and sukuk.

This includes expanding the leadership and operational teams, enhancing the governance structures, engaging with the diverse portfolio and implementing the investment strategy, which is closely aligned with Vision 2030. A new Board has been appointed, chaired by HRH the Deputy Crown Prince Mohammad bin Salman Al Saud.

The Public Investment Fund aims to be a global investment powerhouse and the world's most impactful investor, enabling the creation of new sectors and opportunities that will shape the future global economy, while driving the economic transformation of Saudi Arabia.

Dear Morgan,

Hello from the OECD Washington Center.

OECD Secretary-General Angel Gurría will be traveling to the United States later this month and would like to request a meeting with Secretary Ross. The dates of his visit to Washington are September 20-21, though the best availability would be on Thursday, Sept. 21. Mr. Gurría will be in New York to participate in UN General Assembly events and activities in the preceding days (September 18/19), should that happen to better suit Secretary Ross better.

This would be an opportunity to discuss the OECD’s work on trade and investment, as well as our work with the United States through the G20, and other areas of mutual interest.

Might Secretary Ross be available for a 30 minute meeting around those dates? I look forward to hearing from you.

Sec. Ross will have a reserved seat, and there are no special additional passes required to get in. Since Secretary Ross is not on the program agenda, I don't believe there's any further follow up (except internally...
if your team is writing a background paper). This event will be in a chamber with a capacity of about 400.

RE: It's about an investment in Michigan and a customs case they won.

Hi Chelsey and Morgan,

Thanks for getting back to me! The call has not happened yet, but I know my boss, Z Ojakli, and Izzy are working to pass along to the Secretary as well, but want to make sure we are keeping you in the loop as well. The topic is a customs case that Ford won this last month.

I understand the Secretary is in NYC for UNGA, but are there any spare minutes today or tomorrow (Wednesday) for a phone call with Bill Ford? If so, the best number to reach him is <b>(6)

Thanks!
Lauren

Dear James,

Further to Will’s note, I’m writing to provide you with more information about the Forbes Global CEO Conference.

Now in its seventeenth year, the annual Forbes Global CEO Conference is being held in Hong Kong this September 26 – 27. In conjunction with Forbes’ 100th Anniversary Celebration, the theme for this year’s conference is ‘The Next Century’.
FYI, the Conference is Forbes’ flagship global business event, gathering some 400 of the world’s top tycoons, CEOs, entrepreneurs and thought-leaders. Among the attendees of the conference are members of various Forbes lists which includes lists on the world’s richest, the best companies, most powerful women and heroes of philanthropy. Attendees also include successful entrepreneurs that we’ve featured in Forbes magazine.

We’d be delighted if Secretary Ross would agree to be a speaker at this year’s conference and join us at the Anniversary Celebration.

For background, he last attended and spoke at the conference back in 2010 and 2012. We hope to have the opportunity to welcome him back to the conference this year.

Please see attached, a brochure for this year’s conference. For more information, you can also visit our conference website: www.forbesglobalceoconference.com <http://www.forbesglobalceoconference.com/>, and refer to the attached highlights from previous Conferences.

If your schedule allows, we would love to connect with you by phone and to provide you with more information on this year’s program.

Would you be available to do a call this week?

Thanks so much James!

With best regards, Janelle

Hello William,

I was told of your invitation and wanted to get more information on the panel you are planning. Do you have any firmer plans about the program?

It seems like a great opportunity but wanted to get some more information before discussing with the group.

- Subject: POTUS Regulatory Reform Speech
- Location: East Room, WH
As the President and Director Mulvaney mentioned at the cabinet retreat, regulatory reform is one of the President’s key initiatives. I know your staff has been working hard to comply with the executive orders on reducing regulatory burdens and reforming the regulatory state. In the coming weeks, OMB will be working with every agency to finalize the Fall regulatory agenda and to determine each agency’s cost-cutting targets for FY2018, which begins October 1.

In addition, the White House is planning a day of events on October 2nd to emphasize the President’s regulatory reform agenda, highlight your efforts thus far, and encourage businesses and the public to engage with the agencies on these regulatory reform efforts. The day will begin with a Presidential address in the East Room, followed by listening sessions at agencies in the afternoon. We will walk through the events in more detail at our meeting next Tuesday.

Cabinet members and other agency officials will be invited to the President’s address. If your cabinet secretary cannot attend, please delegate to your deputy. In order to stay within appropriate guidelines, the listening sessions should be open to the public (consistent with your agency’s normal policies for controlling crowd size) and should focus on the regulatory process, not specific regulations. The events are an opportunity for the agencies to highlight the successes you have had thus far, describe the regulatory process as it relates to the President’s reform goals, and to educate attendees on how they can help the agencies achieve those goals—e.g., identifying burdensome regulations, providing economic analysis, etc.

OAI, OIRA, and the White House Counsel’s Office will be in touch with your Regulatory Reform Officers and DAEOs in the next couple of days to go over the event format and ensure logistics are fully organized.

Please make sure that you consult your department or agency ethics officer to ensure that your participation in this event complies with law. Please do not hesitate to contact us with any questions or if you need additional information.

NMA’s members would be very interested to hear the administration’s initiatives to advance policies that roll-back excessive regulations, make the US more secure in its resource needs and create middle class jobs.

Format: The room will be set with a center aisle and the audience will be classroom. There will be a riser and podium/mic at the front center of the room. We are still working on the continuity/script but Hal Quinn, NMA’s President or a member of the leadership introduce Secretary Ross. We would appreciate if he would speak for about 15-20 minutes and if acceptable take a few questions from the members. We would like to get a photo at the end of his remarks.

   This year, the event will spotlight the importance of vocational education and training, where we have been very active in promoting transatlantic exchange through the Embassy’s Skills Initiative. Your insights as a leader in business and government in preparing our workforces for the modern labor market would provide the guests with a compelling viewpoint.

2. Siemens CEO Joe Kaeser, whom you will recall from the White House roundtable, will also attend the celebration and would complement your remarks by adding the perspective of a German company engaged on both sides of the Atlantic.

The background of this event is as follows:

* This is a jointly hosted event by the US-ASEAN Business Council and the United States Chamber of Commerce  
* The event is in honor of the Prime Minister of Thailand’s visit to the United States  
* The U.S. business community views Thailand as an excellent market for American goods and services and hopes that the Prime Minister’s visit, following the Secretary’s trip, can help lay a foundation for a new era of bilateral economic relations.  
* U.S. corporate co-sponsors of the event include: Airbnb, Amway, Boeing, Bechtel, Chevron, Cheniere, Dow, Ely Lilly, Ford, Lockheed Martin, PMI, Uber and Underwriters Labs.

The POC for you and your colleagues at the event tomorrow night is Matt Solomon. His cell number is: **(b)(6)**

You have the event Run of Show which has the Secretary arriving at the Head Table at approximately 8:15pm.

The Secretary will be invited to come to the podium by Chevron’s Asia-Pacific President Mr. Steve Green.

The stage and podium set up will be identical to when the Secretary spoke at our Gala Dinner earlier this year.

The primary role of the Secretary is to introduce the Prime Minister. We have allotted approximately five minutes for his remarks and welcome him to offer comments on his recent meetings with the PM both in Washington and from his visit to Bangkok.

Subject Mtg with Etihad Airways CEO Peter Baumgartner
Location Secretary’s Office
Show Time As Busy

Peter Baumgartner, CEO of Etihad Airways, will be in Washington on October 4th and 5th and would greatly appreciate the opportunity to meet with Sec. Ross. He would like to discuss how Etihad can support the Secretary’s mission of advancing aviation in the United States and abroad as well as Etihad’s significant impact on the US economy and jobs. Peter would also like to update the Secretary on the Open Skies debate from Etihad’s perspective.

Etihad Airways first commenced service to the United States in 2006 with service from Abu Dhabi to New York’s JFK airport. Today, Etihad serves six markets in the United States: Washington, New York (JFK), Chicago, San Francisco, Los Angeles, and Dallas-Fort Worth. Carrying more than 1.2 million passengers to and from the United States each year, Etihad generates nearly $4 billion in economic activity, supports some 30,000 jobs, and delivers 280,000 unique visitors to the US. Etihad uniquely connects the United States to the Indian Subcontinent and the Middle East, with more than 90% of its US traffic traveling to and from that region. In addition, Etihad has invested in US companies with more than $40 billion in orders for American-made Boeing aircraft, GE engines, interiors, and more.
Etihad has long valued its partnership with the United States, its companies, and its workers. Peter looks forward to meeting the Secretary in October to discuss how we may continue to promote this mutually beneficial relationship. For scheduling purposes, Peter is available Oct. 4, 0800-1100 and Oct. 5, 0800-1500.

Wendy and Earl,

I am reaching back out on behalf of The Business Council. As you may remember, we invited Secretary Ross to speak to our CEOs in February, but he was not confirmed until the following Monday. He then agreed to speak in May, but was called to Saudi Arabia...along with a big chunk of our membership!
So, I will be reaching out again to see if he might be available to be interviewed at our October 5-6 in Miami, Florida at the “One” hotel. The session is currently slotted for the afternoon of Thursday, October 5 which is just before our dinner that evening.

Irene Rosenfeld the CEO of Mondelez is heading up this program with me but our formal invitation would again come from our Chair, Henry Kravis. The theme of the meeting “power shifts” - changes in both the public and private sectors which impact Fortune 500 companies. Irene would love to have a discussion focused on shifts in trade.

Before getting you a formal letter, I thought I would reach out to see if the date/location is even possible...and I’m again attaching a list of our members and brochure to remind you of the group. If you can let me know if it’s even feasible, I would greatly appreciate it.

Warmest regards,

Marlene

Hi Earl, as a follow-up, Nelson talked to Secretary Ross last Friday, and Ross said he’d like to set up a meeting with Florida growers. He gave us his private number to give to the growers to call him at his residence in order to set up a meeting. However, we’d rather go through official channels. Could you give us some dates to float with the growers to set up a meeting in Florida?

Subject: Oct. 10 scheduling request

Morgan & Chelsey,

SWR requested Undersecretary Karen Dunn Kelley and Deputy Chief of Staff Izzy Hernandez to schedule some time for an update on the progress of the Census consultants efforts and coordinated plan that was developed on moving forward. The primary components will include oversight of Census personnel, contracts, and technology integration.

Additionally, there is an upcoming hearing that will be taking place on Oct. 12th and we feel that this briefing would provide pertinent information to have before the hearing. Therefore, we would like to request a block of 1 hour on Oct. 10th to meet and brief with the
Secretary.

Once a time is found I can provide the email addresses of the consultants for calendar invites.

From 1954 to 1974 and from 1977 to 1987, Greenspan was chairman and president of Townsend-Greenspan & Co., Inc., an economic consulting firm in New York City. From 1974 to 1977, he served as chairman of the President’s Council of Economic Advisers under President Gerald Ford, and from 1981 to 1983, as chairman of the National Commission on Social Security Reform. In addition, he served as a member of President Ronald Reagan’s Economic Policy Advisory Board and was a consultant to the Congressional Budget Office.

After leaving the Board of Governors, Greenspan began his own Washington DC-based consulting firm, Greenspan Associates, LLC. His memoir, The Age of Turbulence, was published in 2007.

Over the years, Greenspan also held many roles in the public and private sectors. His previous presidential appointments include the President’s Foreign Intelligence Advisory Board, the Commission on Financial Structure and Regulation, the Commission on an All-Volunteer Armed Force, and the Task Force on Economic Growth. In addition, he served as a corporate director for a number of firms, including Aluminum Company of America (Alcoa); Automatic Data Processing, Inc.; Capital Cities/ABC, Inc.; General Foods, Inc.; J.P. Hi Brooke – I know it has been a long while since we last connected. I trust you are doing well – it was exciting to hear that you were back at DOC working for Secretary Ross. He seems to have assembled a really great team.

I hope you don’t mind me passing along a meeting request from the National Association of Home Builders’ Chairman Granger MacDonald to Secretary Ross. NAHB has been very supportive of a number of early decisions the Trump Administration has made and Mr. MacDonald would welcome the chance to communicate that directly to Sec Ross and frame up the broader agenda for home builders in the US.

We’ve reached out to Izzy and Eric Branstad as well, but know that everyone there is very busy and going a million different directions. I thought maybe shooting the request to you as well might help.

Happy to try to answer any questions and I hope I get the chance to see you again soon!

Best,

Subject: RE: AU 240 Interview - SWR and KPMG (Auditors)

Hi Chelsey,
Thanks for chatting with both Mark Lee and me earlier about scheduling time for Secretary Ross to meet with our financial statement auditor, KPMG.

In order for KPMG to render an opinion on the FY 2017 consolidated financial statements, they must fulfill the requirements of Auditing Standards (AU) 240, Consideration of Fraud in a Financial Statement Audit, by gathering information from the Department's management and others regarding their awareness and understanding of fraud.

KPMG’s interview with the Secretary fulfills a portion of its AU 240 responsibilities. The remaining responsibility is fulfilled with interviews of various bureau CFOs, General Counsel, and other high-level Department and Bureau Directors. The auditor’s inquiries to Secretary Ross address the potential of fraud within all components of the Department as well as his general understanding and awareness of fraud.

The auditor’s interview of the Secretary is typically required to be completed by fiscal year end, September 30, 2017. For the current fiscal year, the auditor is allowing some flexibility due to the new administration and other commitments. The auditor has requested the interview with the Secretary be completed no later than October 13, 2017.

As I mentioned earlier, we’ve processed an informational memorandum to Secretary Ross that provides additional background and details (attached) that went to Exec Sec today. It’s a fairly typical practice for the CFO/ASA to provide the Secretary a pre-brief, particularly for the first-time interview, and Ellen has noted that she is available if Secretary Ross would choose to receive a pre-brief.

Please feel free to contact Mark Lee, extension 26285, or me if you have any questions.

Thanks,

Diane

Time 1:30 PM – 2:00 PM
Subject Mtg with Qatari Minister of Finance Ali Shareef Al-Emadi
The Qatari Minister of Finance oversees the country’s economy, including international investment policy. The Secretary previously met with the Minister April 20.

On June 5, Bahrain, Egypt, Saudi Arabia (KSA) and the United Arab Emirates (UAE) announced they were severing diplomatic relations with Qatar. Yemen, Libya and the Maldives followed suit several hours later, and Jordan and Mauritania days after. Saudi Arabia’s land border is closed to Qatar, its sea routes are closed to Qatari flagged vessels and those destined for Qatar. In essence the countries named above are implementing an economic blockade against Qatar. The biggest issue is food security, as 90% of dairy and 40% of fruits/vegetables come across that border; there are press reports that Iran has begun shipping 100 tons of fruits and vegetables daily to Qatar. We would like to see a peaceful resolution to this crisis.

5:15 PM Larry Kudlow will begin the live TV program that will air on Newsmax TV and Youtube. (Google is planning a major marketing push so people see this on their platforms)

Larry will question Wilbur and have a conversation with him for about a half hour.

5:45 PM the program ends.

Wilbur,

I trust that you and Hilary are enjoying the summer.

When I met you at your home for that wonderful dinner, you indicated you would be open to joining Newsmax and Google, for a special one-hour program on the impact the president’s policies are having on the US and global economy.

The program will air live on Newsmax TV and Google Youtube, giving it a very huge reach.
The interview would be conducted with Larry Kudlow, who is very excited to do this with you. Of course we will share with you all of the topic points beforehand.

Google has studios near Capitol Hill.

Would you be available on Thursday, October 12 at 5PM?

The interview program would go no more than an hour. We would have a reception after, but you would not have to stay for that.

Please let me know at your earliest convenience if that date works, otherwise I can get back some other dates . . .

Thank you.

Best,

Chris

I wanted to see if it would be possible for a meeting between the Secretary and Qantas Airways CEO and Chairman Alan Joyce, who will be here from Sydney on Oct 13. Qantas has a pretty incredible economic turnaround story and is very active in the US economy (recently built a 50 million dollar maintenance facility at LAX) and plans to expand even more with added routes and non stops between AUS and US, the purchase of planes from Boeing (and associated subcontractors like GE etc). They are also soon to file an ATI with American Airlines which will further solidify their commitment here. Additionally, there is a longstanding tourism benefit between the two countries and a long established trade relationship. Anyway, let me know if something may work on your end, Alan is very much hoping to meet him and I think this will be the last time he'll be in the US for quite some time.

Thanks in advance for taking a look at this and let me know if you need anything else from me.

Best,

Scott

Dear Wendy,

I am writing in order to tie back on Sec. Ross's invitation for me to come over to Commerce sometime. (You may recall we met when he addressed the Treasury Borrowing Advisory Committee on August 1.) Now that the summer holidays are over, it seemed like a good time to
try to get together. I can imagine the Secretary’s schedule is exceeding busy. I’m also local so I can be flexible as long as I’m not traveling. Please let me know what might work. Interested in getting to talk more with you as well, if we can do that, too.

Thank you for having a look and/or handing off to scheduling. I appreciate it.

Staffing requests: Steve Mitchell
Our team received an expression of interest from the Motion Picture Association of America (MPAA) for its new CEO, Ambassador Charles Rivkin, to meet with Secretary Ross on matters relating to intellectual property protection and other international priorities, including with respect to NAFTA and China. Article re Mr. Rivkin attached.

The I&A team recommends that the Secretary take this request as his schedule permits, given MPAA's visibility and leadership role among U.S. content creators and the benefits that industry and content interests generally can draw from successful NAFTA modernization.

Attendees:

• Michael Peterson, President & CEO, The Peter G. Peterson Foundation

• Loretta Ucelli, Executive Vice President, The Peter G. Peterson Foundation

• Patrick Dorton, Senior Advisor to Michael Peterson

I represent Michael Peterson, President and CEO of the Peter G. Peterson Foundation <http://www.pgpf.org/about/>, which was founded by Michael’s father Pete, former Secretary of Commerce and co-founder of The Blackstone Group. As you may know, the Foundation is a non-partisan organization dedicated to addressing America’s long-term fiscal challenges to ensure a better economic future.

With so many policy matters with fiscal implications on the agenda for the fall, Michael would love to have the chance to sit down with Secretary Ross to discuss the work the Foundation is doing and has planned, and to get the Secretary’s views on the current policy environment.

NLMK is a US steel producer and manufacturer with a slab convertor mill in Pennsylvania and an electric arc furnace mill in Indiana. It is the anchor tenant of the new Paulsboro port facility in New Jersey. NLMK employs 1063 US workers and generates an additional 7441 US jobs, for a total of 8504 American jobs. They reopened and restored steel jobs at the shuttered Sharon, PA steel mill which had gone out of business.

Just checking back on this meeting request. Mr. Miller is also concerned about [redacted].

Thanks,

Hi Chelsea

It’s a different subject. The call was on [b](5) - DPP. The meeting request is to discuss [b](5) - DPP. Because of time constraints with the then upcoming G-20, we were only able to have a 10 minute call. It was left open to schedule a meeting later and discuss Buy American. I touched on this at the beginning of the email chain below.

Please feel free to give me a call if you have any questions. I’m at [b](6) until 7pm.

Thanks,

Carolina

Chelsey, we tried to get this meeting scheduled earlier in the year and did not happen.

Chairman Smith would like to meet with the Secretary the last week of October and is willing to come here if his scheduling was open depending on the day.

Their Deputy Chief places the request verbally as Erik Noble and I met with Committee staff at his afternoon.

Topic: The Senator’s sole purpose in coming to see the Secretary is to talk about an important issue that he believes should be talked about during the President’s visit to China, the opening up of financial markets in China for American firms. The Senator does not expect the Secretary to comment on any of these issues, he only wants to make the Secretary aware of the importance of Chinese banks selling loans directly to American companies.

Attendees:

Senator Phil Gramm, Vice Chairman

Andre Collin, President of Lone Star

Wendy,

Senator Gramm asked me to follow-up on his request to meet with the Secretary on Thursday, October 26th in Washington.

The Senator wants to talk to the Secretary about the upcoming Presidential visit to China and the importance of asking the Chinese to open their financial markets to American banks, private equity funds and hedge funds.

Senator Gramm has been working with our US Ambassador to China, Terry Brandstad, on trying to get China to open its financial markets especially allowing American banks, private equity funds and hedge funds to acquire non-performing loans directly from Chinese banks. Currently the government has granted a monopoly to four Chinese companies and American financial institutions have to pay them a premium to acquire these assets. There are two reasons this issue is very timely. One, opening up this market would be strongly supported by American financial institutions and would be a great boon to pension funds and university endowments. Secondly, the Chinese government is actively considering opening this market up so it is something you could ask for that they might be prone to do.
If this meeting could be made to work the Senator would be very grateful.

Mr. Secretary,

I wanted to follow-up on a conversation we had about trade after the small White House luncheon where I debated Larry Lindsey on the border adjustment tax. You may recall that I am now with Lone Star Funds, a global private equity fund. Lone Star’s investment base is roughly two thirds of the public pension funds in America, most of the private pension funds and virtually all the charitable foundations and university endowments.

I was talking to Terry Brandstad, our new Ambassador to China, about this problem and he suggested that we should try to get the President to raise this as something China could do in opening its market to American companies during his upcoming meeting with President Xi. Chinese officials realize that granting this monopoly is no longer in the governments interest and there is an active internal debate about opening up competition for the purchase of loans. This would be a case where if the President requested it, the Chinese might grant his request immediately.

I am going to be in Washington on Thursday, October 26th with the President of Lone Star, Andre Collin, and we would very much appreciate having the opportunity to come by for a short visit to discuss this issue.
Thank you for considering my request and thank you for your willingness to serve our great country.

RE: Softwood lumber; SWR and Wicker had a meeting December 2016

From: Carter, Hall (Wicker)

Subject: Phone Call with Sen. Wicker
Importance: High

Chelsey,

Thanks so much for taking my call today.

The call is regarding Canadian softwood lumber. No more than 10 mins.

Since we spoke, I have received more clarity on the timing. There’s not
a deadline of tomorrow. Monday would be fine if it ends up that that's Sec. Ross's best option. I wanted to make sure to tell you so we don’t cash in our chips on rushing this for tomorrow and inconveniencing the secretary (and yall).

The direct number for our scheduling office is 202-224-3750 if easier.

Today (Oct 26):

Sen. Wicker is on a plane from 5:45pm ET- 7:40pm ET and again from 9:23pm ET-10:45pm ET. Other than that, he’s available. (He’s heading to MS for weekend events.)

Friday (Oct 27):

The senator’s schedule is flexible with the following exceptions:

* He’s giving a speech from 10am-11:15am ET and will be on stage.
* He’s at a lunch and in a meeting from 1pm ET-3:40pm ET, but if this ends up being the only good window for the secretary, he might be able to step out for a minute.

Monday (Oct 30):

His windows of availability are:

* Prior to 8:45am ET
* 11:15am ET- 11:40am ET
* 1:15pm ET and he boards a train at 2pm ET.
* I think he usually sits in the quiet car on the plane; plus, there’s not much privacy. He’ll be on the train from 2pm ET-5pm ET.
* After 5:30pm ET

I am reaching out to you because Bruce Raynor would like to schedule another meeting with Secretary Ross, himself and Mr. Jerry Dias (National President of UNIFOR)

The topics they wish to discuss are U.S./Canadian trade, and NAFTA.

Is Secretary Ross available on 10/27, 10/30 or 31?

I greatly appreciated the Secretary’s generosity in meeting with Samsung President and CEO Tim Baxter and other executives to discuss the Administration’s policy priorities that are of mutual interest to Samsung, such as trade and tax reform.

On that note, Secretary Ross showed great interest and asked questions about [redacted]. You may recall that Secretary Ross participated in the June 28th announcement of our South Carolina plant at the Willard Hotel in Washington. I would like to request a meeting with Secretary Ross and Tim to follow up on that conversation about our U.S. manufacturing investment. Would Secretary Ross be available anytime in October or November for a meeting? I know his schedule is very demanding, so Tim can be incredibly flexible on when that meeting would take place—obviously at the Secretary’s convenience.

Hey Chelsey,

There’s a Vietnamese trade barrier to US electronic payment service providers that the Secretary has been working to resolve for quite some time. We’ve heard that the Vietnamese have indicated they may be willing to back off some of their restrictions that would keep US
providers out of their market. The point of a conversation between Senator Carper and the Secretary would be twofold: 1) thank him for all the work he’s already done on this issue and 2) encourage him to make sure Vietnam follows through on its reported commitment to allow US providers to operate in Vietnam.

Let me know if I can get you anything else.

Topic: The Congresswoman specifically would like to ask Secretary Ross to recognize that Canada has not been negotiating regarding the softwood lumber agreement in good faith, and instead of rewarding Canada with this extension Secretary Ross should immediately announce the final determination of the antidumping (AD) and countervailing duty (CVD) trade cases against subsidized Canadian lumber import.
Hi Alex –

The Congresswoman would like to arrange a phone call with Sec. Ross regarding the softwood lumber agreement with Canada. I have cc’d Hannah Thomas, the Congresswoman’s EA, to help facilitate the phone call on our end. Please let me know if you need anything from us to help make this happen.

Thank you,

Hi Chelsey,

I hope this finds you well. Congressman DeFazio is hoping to schedule a call with Secretary Ross soon to discuss softwood lumber issues. Is there any chance Mr. Ross is available next Wednesday, November 1st, at 11:30am for a call?

Best wishes,

Subject: Trilateral Commission – personal

Dear Wilbur,

I’m writing to ask if you would consider addressing the Trilateral Commission when it has its next meeting, in London later on this year.

You may know about the Trilateral. It is a non-governmental forum, founded by David Rockefeller many years ago, bringing together leaders from business, politics and civil society with a view to addressing the major challenges of the day. The London meeting, the first time that the Trilateral will have met in London since 2001, will have two central themes – the role of Britain in a post-Brexit world and the social and other challenges that underpin the rise of “new politics”. Although the London meeting will be a meeting of the European Group, the relationship between Britain, and indeed Europe, with America is bound to be a central theme.

The most recent meeting was held in Washington only a few weeks ago and included individual discussions with Steve Mnuchin as well as Christine Lagarde and Ben Bernanke.

The UK Group is also inviting the Prime Minister, the Chancellor of the Exchequer, the Governor of the Bank of England and the Mayor of London to address the conference at various points over the weekend. Donald Tusk has already agreed to participate. This is in line with the Trilateral tradition of having meetings attended by the most senior political leaders.

I am writing to you because my colleague Nigel Higgins, whom you may remember, is the co-convenor of the UK Group, together with Lord John Kerr the former British Ambassador in Washington. Rothschild is also supporting the conference together with Shell, McKinsey, BP and Alix Partners and my son, Alexandre [b] (6) [b] (6) [b] (6) [b] (6) [b] (6)
Attendees will be attending.

The conference runs from the evening of Friday 3rd November through to the middle of Sunday 5th November. If it could fit with your travel and other plans, it would be an honour for the Group to have you speak, perhaps mid-morning on the Saturday.

I know that Nigel would be happy to provide your office with more details about the conference if you thought this might be possible. The audience, which would number up to 200, will be high quality and influential. The European Group is chaired by Jean-Claude Trichet. Regular members from the continent include the Chairmen of Heineken, BNP Paribas, Daimler, Endesa, ING, Philips, Investor, as well as former Prime Ministers of Italy, the Netherlands, Finland and Sweden.

I’m sure you have many demands on your time but I can promise you that this will be one of the most interesting European groups to address and we would all be grateful if you could consider this.

Kind regards,
David de Rothschild

The main subject of the November conference will be around the disruptive challenges to the politics and society that we have come to know, with a view to thinking hard about how leaders can respond, constructively, to these challenges and to the ever louder voices of those who have not benefited from the increasing wealth of the western world in particular. Sec. Ross would be free to tackle this, or any other topic that he feels is particularly relevant to the day, either in a set piece speech or in an intimate interview. The latter format worked very well when Steve Mnuchin was interviewed by David Rubenstein at the recent Washington conference of the Trilateral Commission. We would obviously take the Secretary's preference for format and, if it is to be a “fireside chat” then we would also clear the name of the interlocutor with him.

Dear Mr. Rockas,

One of my colleagues very kindly gave me your contact details and I hope you won't mind my contacting you.

I organise Mike Bloomberg's high-level small, private lunch/breakfast gatherings in the dining room of our New York and London offices. Commerce Secretary Ross is very familiar with these; they are off-the-record and informal.

I am writing to see whether on one of the Commerce Secretary's next visits to London, would he be open to one of these lunches or breakfasts? We are inaugurating new offices there and it would be brilliant if he would agree. He knows me well personally.

With very best wishes,

Maggie Bult

the 9:30-10:30 am window, we could make either time work.

This includes some of the most senior leaders in the U.S.-Japan relationship and their respective sectors; Corporate Members & Sponsors representing global and innovative companies in both countries; and young professionals, including select TOMODACHI alumni and Emerging Leaders Program alumni, who represent the brightest and most dedicated to strengthening ties between the two countries.

As we bring back the conference to Washington, D.C., we will showcase and examine how global perspectives and diversity empower both the United States and Japan.

Topics for this year’s conference include U.S.-Japan current affairs, business strategies in a new era, the workforce of the future, public service, women's leadership, regional relations, innovation & technology hubs, health & medicine growth industries, energy & environmental cooperation, international education & exchanges, and more.

The audience will be inspired to learn about Secretary Ross’ work promoting and expanding U.S. economic relations with Japan, and his outlook on the U.S.-Japan relationship in the future.

Thank you very much for your assistance and I would look forward to the opportunity to connect in person with you when your schedule allows.

Hi Chelsey,

Izzy pointed me to you and Megan for submitting a scheduling request for the Secretary. I couldn’t find Megan’s email in the directory hence only you on this email. I need to schedule 30 mins of time for the Secretary to place calls to the leaders of organizations that will be selected to receive the 2016 Malcolm Baldrige Award. The Baldrige Award is an award administered by NIST on behalf of the Secretary.

The selections of the organizations will be carried out on the week of November 13. As per the tradition, the Secretary of Commerce personally places calls early the following week to notify the winning organizations. Therefore we would need 30 mins on his schedule either on Nov. 13, 14, or 15th. The first 10-15 minutes of the meeting will be to brief the Secretary on the organizations, and the second 15 minutes is for the actual calls themselves. We prefer that the calls take place in the early afternoon in order to accommodate possible recipients from the west coast. Please let me know if you need any additional information.
Thanks much,

Subject: USSS Parking Policy for Cabinet Meetings

The United States Secret Service has provided us guidance concerning the parking policy for Cabinet Meetings. Attached is a copy of the Full Cabinet meeting parking policy that was started the last Full Cabinet Meeting. This is the same information which was sent to all Irongate accounts approximately 3 days prior to the Last Full Cabinet Meeting. This new policy seemed to work out for the last Full Cabinet Meeting so we are going to continue with the policy. Starting tomorrow, the JOC (Our Joint Operations Center which all Irongate requests go through) will attach the included policy to all approved Irongate requests received. This is the same process which was followed last time. If you have any questions or any of your accounts need clarification please see the attached document for contact information. This process is only in effect on days of Full Cabinet
Meetings, approximately 1 hr prior to the meeting and approximately 30 mins after or until we can move the vehicles on Pennsylvania Ave back on complex.

Thanks,
Bill

The Department will be kicking off the annual DOC Combined Federal Campaign Rally on November 30, 2017 at 10:00 am in the HCHB Auditorium with a rally. NOAA is the lead bureau this year coordinating the campaign. Attached is a request for the Secretary to deliver brief remarks at DOC to kick off the campaign.

There is also a request for him to film a video to be shown at the Rally, if he is unable to attend, and to be posted on DOC CFC website. We are printing a program of events and would like to confirm his participation by November 6, if possible. Thank you for your help with this. I really appreciate it. Hi Morgan, Dina, and Cameron,

I hope this email finds you all well. Professor Schwab will be in DC (November 28/29) and was hoping that Secretary Ross might have time for a brief bilateral meeting.

I’m looping in Catherine Layfield from our team who can schedule, if there might be any availability - this is followup from their phone call earlier this fall, and to discuss the upcoming Annual Meeting in Davos and 2018 engagement.

Many thanks for your consideration,

Elizabeth

Subject: Restaurant CEO Meetings - November 2017  

(b)(6)
Chelsey,

My apologies for bothering you over the weekend. Tom and I have been talking to Eric about this possible event, but I know he has left for China so he suggested we follow up with you. The National Restaurant Association has their Executive Board meeting here in D.C. on November 28-29th. They have already come out in support of the tax plan and have been assisting OPL at the White House with press releases and op eds. Their CEO’s would truly like to hear from Secretary Ross during their meeting. They can work around his schedule and can either come to Commerce or he can go to their HQ at 21st and L Streets NW. I have included a list of the CEO’s attending, the official invite letter and their agenda, which again, we can work around your schedule. Please let me know if you need anything else from us and I hope we can make this work.

Best

Hey Eric,

I just wanted to check back in on that potential meeting between Pam Patsley (MGI CEO) and Secretary Ross. Pam is planning to be in DC next week if there’s any chance to secure a time on 11/1 or 11/2. I also wanted to check and see if DOC was planning to take U.S. Business CEO’s on the China POTUS trip as they have done in the past? Thanks, again. Doug

Wendy, Eric and Hunter,

We would like to respectfully request a meeting between BlackBerry’s Executive Chairman and CEO John Chen and Secretary Ross at the upcoming APEC Summit. Mr. Chen very much enjoyed seeing Secretary Ross at the Milken conference earlier this year. Mr. Chen will be in Vietnam because he has been requested to moderate a panel on digital issues at the APEC CEO Summit.

As you may recall, Secretary Ross and Mr. Chen know each other through the Secretary’s prior career.

John is a former Chairman and CEO of Sybase and serves on the boards of Disney and Wells Fargo.

John is well positioned to provide useful input to the Secretary. In addition to his business experience he is a former member of the President’s Export Council, former co-chair of the Rice-Chertoff Commission on Secure Borders and Open Doors, and a former Chairman of the Committee of 100. He has also testified before Congress and advised a variety of U.S. government officials over the years.

Subject Call to Dutch Ambassador
Location He will call Brooke's desk line to be connected
Show Time As Busy

Dear Brooke,

Thank you for your help last week in arranging the calls with the French and German ambassadors on Privacy Shield. As you will recall, the Secretary tried to reach the Dutch Ambassador as well, but was not able to. DAS Sullivan (cc’d) asked if you could help arrange that call today, if possible, with the Dutch Ambassador. But would like to accommodate the call even while traveling. To arrange the call, you could call our contact who is traveling with him, Jerome Larosch at (his mobile) or email him at . The embassy is giving him a heads up to expect the outreach and made them aware of the topic. The talking points provided for the calls last week remain the same and are attached. Either Jim or Shannon, cc’d, could join the Secretary for the call. Could you please let us know if the call might be possible? Happy to speak if you have any questions at all.

Thanks!

Subject: Gov McMaster letter to POTUS and request on USITC action against Samsung

Doug,

Attached is a letter from Governor McMaster to President Trump dated today, concerning the US International Trade Commission's recent recommendations from their hearings and complaints involving import of large residential washing machines. See USITC action here: https://www.usitc.gov/press_room/news_release/2017/er1121ll870.htm  

Also, attached is a transcript of Governor McMaster's official testimony of October 19, 2017 before the USITC involving this issue - and it's impact on Samsung, which made the decision to invest close to half a billion dollars in a new facility in South Carolina that will likely employ close to 1,000 state residents to manufacter washing machines.

The Governor understands that the administration may decide on a course of action based on the USITC recommendations as early as Monday. This would be devastating to Samsung - our largest economic development announcement this year - a cause them to shutter a plant that has begun to produce washing machines this month.

The ask: 1. Governor McMaster asks that the documents contained in this email be forwarded to the appropriate leadership in the
administration expressing his urgency and - 2. The Governor will be in Washington this Monday afternoon, and all day Wednesday and would like to personally meet with relevant administration leadership before a decision is made.

Please feel free to follow up with any questions. Thank you for your assistance.

Thanks Chelsey. I recommend the meeting for the Secretary. He has had numerous meetings with people on the steel import issue and this is a relevant business.
Hey Matt,

Mr. Stupp has been trying to get a meeting w/ SWR for a couple of months based on a letter he received from DOC. I have attached the memo from you so you know to whom I am referring. It has gotten lost in the fray a bit (my fault) but, we have a scheduling meeting tomorrow. Do you recommend this meeting for the Secretary?

Thanks!

Hi Chelsey,

Sorry for being slow to respond, I was trying to coordinate some Hill visits with a meeting with Secretary Ross.

Understanding that he has a lot of November travel, I will float some November and December dates and wait to hear if any of them work or if we need to go into January.

December dates: 12/4, 12/8, 12/15, 12/18, 12/22

I know that some of these dates do not coincide with the Congress being in session but I am available to be in Washington to meet and spend a little time with Secretary Ross.

Thanks so much for working with me on this.

Sincerely,

John
Hey John,

I apologize. The Secretary has been traveling quite a bit over the past two months. The Secretary is scheduled to be traveling most of November. Do you have any dates in mind for DC travel?

Dear Chelsey,
I sent the below email to you 6 weeks ago following up on a letter I had received from Secretary Ross. I would like to connect with you to schedule a visit. Please email or call (see numbers below) when you receive this.

Many thanks,

John

Dear Chelsey,

I have had some extensive travel in the last sixty days and am responding slowly to a letter I received from Secretary Ross in which he suggested I contact you about arranging an appointment. My
schedule is open on Friday 9/29 and most of the time from 10/3 to 10/6.

I am in St. Louis but we have good flight service into D.C. so I should be able to match the Secretary's availability. If nothing is available in those time periods can you make some suggestions for me?

Hi Earl,

My boss is looking to set up a meeting between the Co-Chairs and Ranking Member of the Steel Caucus and the Department of Commerce to discuss the Section 232 Investigation about steel. I was wondering if it would be possible to set up a meeting for either the last week in November or the second week in December? Congrats on the new job. I hope is going well

I have attached a letter from my boss asking the Secretary to address the Transatlantic Legislators Dialogue (TLD) during their yearly US meeting. The TLD is a Speaker Designated group that brings together House members with European Parliament members for meetings twice a year. This year the group is going to focus their talks on trade and would like to hear from the Secretary about the administration's trade policy.

Let me know if the Secretary can make the lunch and if you need anything from me

Thanks

Cesar

Subject: Meeting with Secretary Ross

Guys,
Chairman Thune would like to invite Secretary Ross to participate in a closed door meeting with Republican Members of the Commerce Committee sometime before the Senate leaves town for the year (we’re currently scheduled to be in session from Nov. 27 thru Dec. 15). The purpose would be to discuss trade and competitiveness, with a particular focus on the ongoing NAFTA negotiations. As you know, many of our committee members represent rural states and constituents who are especially concerned about the NAFTA negotiations. At least one of our members has requested that we hold a hearing on the issue and invite the Secretary to testify. At this time, however, we think it would make more sense to have a meeting where members can talk directly with the Secretary in a less formal setting (though I suspect some members will still want to talk about the issue publicly—including any meeting—when addressing inquiries from their constituents).

Given the Senate schedule, Mondays and Fridays are not attractive days for meetings, so we’re hoping to target an upcoming Tuesday, Wednesday, or Thursday. Right now, Wednesday, December 6, looks promising on our end. Would the Secretary be available for such a meeting, likely lasting about 90 minutes? Happy to chat by phone of that’s easier, though I will be tied up after 3:30 today. I’ll be back in the office all day tomorrow and most of the day on Wednesday.

Thanks,

Nick

On behalf of Tenaris SA’s Maverick Tube and Tenaris Bay City operations, we would like to request a meeting with Secretary Ross to discuss <b>(5) - DPP
As you know, Tenaris just recently completed its $1.6 billion seamless pipe mill in Bay City, Texas. The combined capacities of the new Bay City facility and the Maverick Tube operations now make Tenaris the largest energy tubular producer in the United States.

Tenaris' CEO and Chairman, Palo Rocca, will be leading the B20 trade and investment efforts over the next year. Through this forum and others Tenaris is seeking to constructively address these distortions in the global trading system and would appreciate an opportunity to discuss these issues with the Secretary.

Mr. German Cura, President and CEO of Maverick Tube and Tenaris North American Manager, and Mr. Roberto DeHoyas, head of Tenaris North American Government Affairs, will be in Washington and available to meet with Secretary Ross from December 4th through the 6th.

We appreciate your consideration in this matter and look forward to hearing from you.

Dear colleagues,

U.S. Ambassador to Japan Bill Hagerty plans to visit Washington, D.C. next month and would like to meet with Secretary Ross to discuss follow-up from the President’s November 5-7 visit to Tokyo.

Would Secretary Ross be available to meet with Ambassador Hagerty for 30 minutes during one of the following windows?

• Monday, December 11, 2017, 7:00 am – 11:00 am
• Monday, December 11, 2017, 12:30 pm – 7:00 pm
• Tuesday, December 12, 2017, 7:00 am – 2:00 pm

Ambassador Hagerty's biography is available here: https://jp.usembassy.gov/our-relationship/our-ambassador/. I believe they last met in October, when Ambassador Hagerty was in Washington for the October 16 U.S.-Japan Economic Dialogue.

Please let me know if there’s someone else I should work with instead, or if there’s any additional information you need to process this request.

With appreciation,

Heather

Hi Chelsea and Morgan,

MBDA holds its Annual Employee Awards Ceremony on Tuesday, December 12th from 10:00 am to 12:00 pm in the Commerce Library. MBDA would like to invite the Secretary to be recognized and thanked for his leadership of the Department.
I anticipate this taking only 5-10 minutes total (including transit time) for him to walk down and be recognized. Does he have any openings during that window? I’m happy to follow up with a more detailed proposal if he’s free.

Thank you!

Chelsea and Morgan,

Good afternoon. Reaching out for a meeting request with Secretary Ross for Todd Leebow in Washington DC. Todd and the Secretary had a very good meeting in his Commerce Department Office on September 13, 2017. As mentioned previously, Todd is the CEO of Majestic Steel USA and his company is the largest domestic coated steel processing company in America.

Since the Secretary and Todd last met, Todd has been very active meeting with White House Offices, at USTR and NSC, Congressional Steel Caucus members, with the Vice President Pence, and the WH Political team and Ronna McDaniel. Todd’s company has also increased its percentage of Steel purchased in America from 93% to 95%.

Todd recently published an op-ed in The Hill, and with many more to come in other publications (I am including his op-ed below this email – we believe the article was flagged for the Secretary already). Todd is really ramping up his public efforts and wants to see how he can be helpful on Steel Policy, Domestic Steel, and to the Secretary.

Would the Secretary be available to meet with Todd in Washington DC on either the afternoon of December 12 or anytime December 13.

Thank you,

Brad Hantler

Hi Chelsey,

Looping in ITA’s Privacy Shield team. The calls would be to two Dutch Ministers, six hours ahead in the Hague. So Tuesday morning might be the earliest this could happen.

We will follow up as soon as we know more.

Thank you,
OK, thanks. He already offered to do this... so, can you write up some talking points for the call and coordinate with Chelsea? Thanks

I’m throwing an incredibly last minute request your way to see if the Secretary would be available for a quick call with Swiss Re’s CEO, Eric Smith, today or tomorrow. The tax conference committee is working on an issue of importance to Swiss Re around reinsurance and if a change to the underlying Senate bill is not made, they, along with Munich Re, will have to pull their domestic subsidiaries across the country, costing thousands of jobs in states like OH, IN, MO and GA. And once they are gone, there will be massive disruptions to the disaster insurance markets in states like TX, FL, LA and SC at a time when they don’t need another hurdle. I’ve attached our one-pager for your reference and a letter for EU Finance Ministers that echo our concerns, if that’s helpful.
We wanted to make sure Secretary Ross knew the implications of the conference negotiations around this piece and was prepared for fall-out if it isn’t fixed. And should he want to weigh-in with Congressional leaders on this issue, it has to be done in the next two days because they are trying to finish by Thursday.

If he has 5 minutes any time today or tomorrow, we would greatly, sincerely appreciate it. Thank you!

Best,

Larissa

Following up on a conversation a few weeks ago, wanted to check in to see if the Secretary may be able to attend our OGC Awards Program on Thursday, December 14, 2017, at 11am in the Auditorium, with a reception to follow in the main lobby.

Each year, the Office of General Counsel holds an Awards Program to recognize staff attorneys and support staff for outstanding and significant contributions in the Office of the General Counsel and bureau legal offices. The awards given include an Attorney of the Year Award, a Support Staff of the Year Award and a select number of Distinguished Employee Awards. Additionally, the Office of General Counsel also recognizes its employees who have served with the Department of Commerce for a number of years, such as 20 or more years.

The Office of General Counsel would like to invite the Secretary to keynote the Awards Program with a few words in recognition of our Awards recipients. Additionally, if the Secretary’s schedule permits, the Awards recipients would also greatly appreciate a photo opportunity with the Secretary.

Please let me know what further information you may need.

Thank you very much,

Catherine

Brian,

Again, I apologize for the delay in responding. We are glad to hear that the Secretary is interested in attending tomorrow’s meeting between the Vice President and Governors Snyder, Reynolds, Haslam, and Hutchinson.

The meeting will be tomorrow, Thursday, December 14th, from 2:00pm – 2:30pm in the Vice President’s Ceremonial Office (276 EEOB). Should you need an appointment link, I created one for you here <https://events.whitehouse.gov/?rid=FMFPMV7KM7>.

The intent of the meeting is to give the Governors an opportunity to weigh-in on issues of importance to them including, but not limited to,
trade, NAFTA, tax reform, welfare reform, etc. We imagine the focus of conversation will likely be on trade and NAFTA, however the Governors may also expect an update on tax reform and perhaps a quick preview of upcoming items such as welfare reform and infrastructure.

Please let me know if Secretary Ross can join us.

All the best,
Sarah

Per my voice mail, on behalf of UK Secretary of State Greg Clark, we’d like to see if Sec Ross might be available for a call either later today or tomorrow. Very grateful for your consideration of this request and happy to answer any questions you may have.

Federal CIOs and CISOs,

This afternoon, Acting DHS Secretary Duke is sending to her counterparts at your agencies Binding Operational Directive (BOD) 17-01. BOD 17-01 directs the identification of and plan to remove Kaspersky-branded products on agency information systems. After consultation with interagency partners, DHS has determined that Kaspersky products present a known or reasonably suspected information security threat, vulnerability, or risk to Federal information and information systems. As a result, BOD 17-01 mandates that departments and agencies are required to:

* Within 30 calendar days: identify the use or presence of Kaspersky-branded products on all federal information systems;
* Within 60 calendar days: develop and provide to DHS a detailed plan of action to remove and discontinue present and future use of all Kaspersky-branded products beginning 90 calendar days after issuance of this directive; and
* At 90 calendar days: unless directed otherwise by DHS based on new information, begin to implement the agency plan of action and provide a status report to DHS on the progress of that implementation every 30 calendar days thereafter until full removal and discontinuance of use is achieved.

Departments and agencies should utilize the attached template when reporting their consolidated plans of action and milestones to [b] (6). DHS will conduct a Federal Cybersecurity Coordination, Assessment, and Response Protocol (C-CAR) conference call for BOD 17-01 tomorrow, September 14th to review the reporting requirements in the BOD and provide additional guidance. The invite will be distributed shortly.

If you have any questions around the issuance of this BOD, do not hesitate to let us know. The DHS point of contact for this Binding Operational Directive is [b] (6)

Respectfully,
...Mark

Hi Wilbur,
My colleague Lee Habeeb is going to be in DC on Monday and wanted to see if you'd be interested in getting together over dinner?
Lee is the co-founder of the Laura Ingraham Show, oversees Salem's national radio shows (Hugh Hewitt, Dennis Prager, Mike Gallagher, Michael Medved), and is the founder of our free-market alternative to NPR. A couple years back Kim White mentioned this last venture to you.
He's also free Monday before 9 am and potentially around 12:30/1.

Location: Secretary’s Office

Staffing requests: Mike Platt

The basic nature of the visit is a courtesy call. More specifically, Dr. Feulner wishes to compare notes with Secretary Ross and explore ways how we can be supportive to him in terms of facilitating his message and Commerce’s policy initiatives. We have been working with EPA and other agencies too, having done with events where we amplified key messages.

Dr. Feulner would like to make this informal meeting as constructive and forward-looking as possible so that we can be helpful to Secretary Ross.

Dear Wendy,

Sorry the meeting with Secretary Ross and Robert Thomson did not come together last week. You certainly did everything you could to make it happen! Would it be possible to schedule a call for this week? Mr. Thomson’s schedule is very flexible.

The purpose of the call is to discuss the petition filed last August by North Pacific Paper Company (Norpac) seeking countervailing and antidumping duties be imposed on Canadian imports of uncoated groundwood paper. This paper is primarily used for newsprint and book publishing.

Wendy, you may recall the petition was filed with the ITC on August 30th by Norpac. The effect of the requested duties, in excess of 50 percent, would have a material negative impact on the newspaper and book publishing industries.

On September 22, 2017, the ITC voted to continue with the
antidumping investigation brought by the petition from Norpac, and that the Commerce Dept. will now have oversight in determining whether or not there was dumping.

NewsCorp and its subsidiaries, Dow Jones/The Wall Street Journal, The New York Post and HarperCollins each submitted a letter to the ITC Commissioners expressing our concern on the negative effect such duties would have on our businesses and the broader economy. Letters have also been sent to the ITC by the News Media Alliance, representing over 1,300 newspapers in the US.

Please let me know if you need additional information.

Regards,

Toni
